*Feminist Interpretations of William James* Erin C. Tarver, Shannon Sullivan, 2015-12-15 Widely regarded as the father of American psychology William James is by any measure a mammoth presence on the stage of pragmatist philosophy But despite his indisputable influence on philosophical thinkers of all genders men remain the movers and shakers in the Jamesian universe while women exist primarily to support their endeavors and serve their needs How could the philosophy of William James a man devoted to Victorian ideals be used to support feminism *Feminist Interpretations of William James* lays out the elements of James s philosophy that are particularly problematic for feminism offers a novel feminist approach to James s ethical philosophy and takes up epistemic contestations in and with James s pragmatism The results are surprising In short James s philosophy can prove useful for feminist efforts to challenge sexism and male privilege in spite of James himself In this latest installment of the *Re Reading the Canon* series contributors appeal to William James s controversial texts not simply as an exercise in feminist critique but in the service of feminism Along with the editors the contributors are Jeremy Carrette Lorraine Code Megan Craig Susan Dieleman Jacob L Goodson Maurice Hamington Erin McKenna Jos Medina and Charlene Haddock Seigfried      A Rule of Law for Our New Age of Anxiety Stephen J Toope, 2023-06 In an age of anxiety Toope makes the case for a revitalised rule of law to bolster collective resilience and restore our capacity to build healthier societies A pragmatic approach to the rule of law recognises its ability to chasten power while not disconnecting law from other sources of social action and human agency      The Management of Common Property Natural Resources Daniel W. Bromley, Michael M. Cernea, 1989 This popular technical paper is currently in its sixth reprinting 10 97 Many development projects require that people be involuntarily resettled to other locations to live and work Governments need adequate policies to minimize the negative effects of this relocation both on the individuals involved and on the national economy This report presents policy guidelines and procedures for World Bank financed projects requiring involuntary resettlement Designed for development specialists social anthropologists and sociologists this volume discusses past Bank projects to illuminate the responsibilities of the governments and the needs of resettlers and host populations during resettlement Among the topics addressed are types of involuntary resettlement basic sociological principles in approaching resettlement policy objectives and strategies reconstruction of the resettlers homes production bases and social organizations and the effects of resettlement on the environment Annexes to this report contain technical checklists for preparing and appraising resettlement plans in projects and for monitoring and evaluating rettlement Michael M Cernea has published and edited several books on the sociological aspects of development Among these books is *Putting People First Sociological Variables in Rural Development* which describes culturally sensitive approaches to the preparation planning and implementation of

development projects Other books include Social Organization and Development Anthropology Social Assessments for Better Development Case Studies in Russia and Central Asia and Urban Environment and Population Relocation The Fiction of History Alexander Lyon Macfie,2014-08-13 The Fiction of History sets out a number of themes in the relationship between history and fiction emphasising the tensions and dilemmas created in this relationship and examining how various writers have dealt with these In the first part two chapters discuss the philosophy behind the connection between fiction and history whether history is fiction and the distinction between the past and history Part two goes on to discuss the relationship between history and literature using case studies such as Virginia Woolf and Charles Dickens Part three looks at television and film as well as other media through case studies such as the film Welcome to Sarajevo and Soviet and Australian films Part four considers a particular theme that has prominence in both history and literature postcolonial studies focusing on the issues of fictions of nationhood and civilization and the historical novel in postcolonial contexts Finally the fifth section comprises two interviews with novelists Penelope Lively and Adam Thorpe and discusses the ways in which their works explore the nature of history itself **Lent Through Eastertide** David L. Bartlett,Barbara Brown Taylor,2010-10-01 Feasting on the Word offers pastors focused resources for Sermon preparation written by companions on the way With four different essays on each of the four biblical texts assigned by the Revised Common Lectionary this series offers preachers sixteen different ways into the proclamation of God s Word on any given occasion For each reading preachers will find brief essays on the exegetical theological homiletical and pastoral challenges of the text The page layout is unusual By setting the biblical passage at the top of the page and placing the essays beneath it we mean to suggest the interdependence of these four approaches without granting priority to any one of them Some readers may decide to focus on the Gospel passage for instance by reading all four essays provided for that text Others may decide to look for connections between the Hebrew Bible Psalm Gospel and Epistle texts by reading the theological essays on each one Wherever they begin preachers will find what they need in a single volume produced by writers from a wide variety of disciplines and religious traditions These authors teach in colleges and seminaries They lead congregations They write scholarly books as well as columns for the local newspaper They oversee denominations In all these capacities and more they serve God s Word joining the preacher in the ongoing challenge of bringing that Word to life We have been honored to work with a multitude of gifted thinkers writers and editors We present these essays as their offering and ours to the blessed ministry of preaching From the introduction by David L Bartlett Barbara Brown Taylor **The Apocalypse Explained, According to the Spiritual Sense** Emanuel Swedenborg,1871 THE TREADMILLS OF TIME Richard John Koscijew,2014-10-16 If the universe is a seamlessly interactive system that evolves to an assigning of some levelling plexuity and that the lawful regularities of this universe are emergent properties of this system we can legibly assume that the cosmos as a legitimate point of singularity as an undivided totality in the contributions for making of its whole In that for evincing to the progressive principal order of complementarity

as placed within the intertwining relations within its given parts. Mindful that this collective and undivided whole exists in some sense within all contributions of its parts, then one can declare positively or firmly maintain that it operates in self-reflective fashion and is the evidence for all emergent plexities. Since human consciousness evinces self-reflective awareness in the human brain and since this brain is equivalently matched to all physical phenomena, as this can be viewed as an emergent property in the possessive nature of totality such that it can be found within the whole for existing by its reason of certainty. As can be feasible as plausibly concluded that locality presupposes the consciousness of the universe as we are conscious to its existing conventions within this prevalent response to approaching the expeditions into which of the past present future dimensions allow to some marginal glimpse into the unthinkable.

**The Cambridge Companion to the French Enlightenment** Daniel Brewer, 2014-10-27 The Enlightenment has long been seen as synonymous with the beginnings of modern Western intellectual and political culture. As a set of ideas and a social movement, this historical moment, the age of reason of the seventeenth and eighteenth century, is marked by attempts to place knowledge on new foundations. The Cambridge Companion to the French Enlightenment brings together essays by leading scholars representing disciplines ranging from philosophy, religion, and literature to art, medicine, anthropology, and architecture to analyse the French Enlightenment. Each essay presents a concise view of an important aspect of the French Enlightenment, discussing its defining characteristics, internal dynamics, and historical transformations. The Companion discusses the most influential reinterpretations of the Enlightenment that have taken place during the last two decades, reinterpretations that both reflect and have contributed to important re-evaluations of received ideas about the Enlightenment and the early modern period more generally.

**Arguing With Anthropology** Karen Sykes, 2004-03-01 Arguing with Anthropology is a fresh and wholly original guide to key elements in anthropology which teaches the ability to think, write and argue critically. Using the classic question of the gift as a master issue for discussion and drawing on a rich variety of Pacific and global ethnography, it provides a unique course in methods, aims, knowledge and understanding. The book's highly original hypothetical approach takes gift theory, the science of obligation and reciprocity as the paradigm for a virtual enquiry which explores how the anthropological discipline has evolved historically, how it is applied in practice and how it can be argued with critically. By asking students to participate in projected situations and dilemmas and in arguments about the form and nature of enquiry, it offers working practice of dealing with the obstacles and choices involved in anthropological study. From an expert teacher whose methods are tried and tested, Comprehensive and fun course ideal for intermediate level students. Clearly defines the functions of anthropology and its key theories and arguments. Effectively teaches core study skills for exam success and progressive learning.
