Senator DeMint on my show often because Americans know he'll tell the truth about what's wrong in Washington. His latest book is a riveting account about the fight for fiscal sanity in Congress. It's essential reading for anyone who wants to understand why so many Americans clued in and got involved with the Tea Party Movement in the last election. Senator DeMint was a huge part of this and I only hope he is as involved in the 2012 race for the White House as he was this past election.
