Edward Washburn Hopkins

Riders In The Chariot:

Riders in the Chariot Patrick White, 2002-04-30 Patrick White's brilliant 1961 novel set in an Australian suburb intertwines four deeply different lives An Aborigine artist a Holocaust survivor a beatific washerwoman and a childlike heiress are each blessed and stricken with visionary experiences that may or may not allow them to transcend the machinations of their fellow men Tender and lacerating pure and profane subtle and sweeping *Riders in the Chariot* is one of the Nobel Prize winner's boldest books *Riders in the chariot* Patrick White, 1961 *Riders in the Chariot*, 1998

Roderick, 1962 *Riders in the Chariot* Patrick White, 1961 *Dissociation and Wholeness in Patrick White's Fiction*

Laurence Steven, 1989-08-23 Most studies of Patrick White's fiction are devoted to elucidating archetypal patterns symbolic configurations and thematic preoccupations and generally to praising the way White's fictional elements combine to form a religio-mystical worldview Few have questioned this critical approach to White fewer still have questioned White's vision itself Yet according to the author questioning is in order for Patrick White is a man divided One part of him strives for permanence for the ideal in a world he knows is contingent and temporal a world that will undermine his striving This leads him as a novelist to devalue human life and to impose arbitrary symbolic resolutions on his novels This has been the focus of most critics But there is another side a part of White that strains away from the dualism of idealism versus despair and towards a vital wholeness that can be found not in a world beyond the one we live in but in human relationships It is this side of Patrick White argues Laurence Steven that is the source of his genuine power as a novelist An important challenge for the critic is to develop an ability to see within the restrictive compass White's symbolic designs impose on the novels the new shoots as D H Lawrence would have it which indicate new life new creativity and which point towards a wholeness which human beings can embrace as their own Introduction **Patrick White's *Riders in the Chariot*** Frederick William

Dillistone, 1967 Patrick White's *Fiction* Carolyn Bliss, 1986-08-18 This study examines all eleven novels of Patrick White

the great Australian writer and Nobel Prize winner It begins from the observation that major characters in his novels undergo a necessary redemptive or facilitating failure This failure paradoxically enables their success within the context of what White has called the overreaching grandeur which circumscribes human existence Evolution of this theme is traced through forty years of White's fiction from his first novel *Happy Valley* 1939 to his most recent work *The Twyborn Affair* 1979 Comprehensive in its scope this book is informed by a thorough knowledge of White's poetry plays short stories and autobiography as well as his novels It is also unique in stressing that White's world view derives from a distinctly Australian

experience It thus links him to a country in which he is deeply rooted and to a heritage he continued to affirm Patrick White Within the Western Literary Tradition John Beston,2010 Representing the author s interest spanning over thirty five years the essays expose White s evocation of dimensions other than material reality his preoccupation with epiphanies and mythmaking and his constant forging of a poetic style **Journal of the American Oriental Society** American Oriental Society,1889 List of members in each volume The Social and Military Position of the Ruling Caste in Ancient India, as Represented by the Sanscrit Epic Edward Washburn Hopkins,1889 **Journal of the American Oriental Society** ,1889
