*Ridgway's Paratroopers* Clay Blair, 1985 Chronicles the history of America's paratroopers in World War II and recounts the achievement of General Matthew Ridgway in successfully implementing the new airborne warfare

**The Paratrooper Generals** Mitchell Yockelson, 2023-06-14 A military history detailing the key role two US Army special forces commanders and their infantry divisions played in during the second world war Generals during World War II usually stayed to the rear but not Matthew Ridgway and Maxwell Taylor During D Day and the Normandy campaign these commanders of the 82nd All American and the 101st Screaming Eagle Airborne Divisions refused to remain behind the lines and stood shoulder to shoulder with their paratroopers in the thick of combat Jumping into Normandy during the early hours of D Day Ridgway and Taylor fought on the ground for six weeks of combat that cost the airborne divisions more than forty percent casualties The Paratrooper Generals is the first book to explore in depth the significant role these two division commanders played on D Day describing the extraordinary courage and leadership they demonstrated throughout the most important American campaign of World War II

**Paratrooper Generals** Mitchell YOCKELSON, 2020 Jumping into Normandy during the early hours of D Day Matthew Ridgway and Maxwell Taylor fought on the ground for six weeks of combat that cost the airborne divisions more than 40 percent casualties This is the first book to explore in depth the significant role these two division commanders played on D Day

**Nothing but Courage** James Donovan, 2025-05-27 From the bestselling author of Shoot for the Moon and A Terrible Glory comes the dramatic story of the courageous paratroopers and glidermen of the 82nd Airborne who risked their lives to seize and secure a small centuries old bridge in France that played a pivotal role in the success of D Day In June 1944 German and American forces converged on an insignificant bridge a few miles inland from the invasion beaches If taken by the Nazis the bridge might have gone down in history as the reason the Allies failed on D Day The narrow road over it was each side's conduit to victory Continued Nazi control over the bridge near an old manoir known as La Fi re one of only two bridges in the region capable of supporting tanks and other heavy armor would allow the Germans to reinforce their defenses at Utah Beach one of the five landing areas chosen for Operation Overlord the Allied invasion of Nazi held Europe But because control of the bridge was also essential to moving U S troops inland and off the beach it could not simply be destroyed it had to be taken and held by the Allies This was part of the formidable mission of the 82nd Airborne whose lightly armed but superbly trained troopers had dropped behind and into German lines five hours before the seaborne assault on Utah While blocking enemy reinforcements they had to seize and secure avenues of approach from the beaches to the interior of Normandy including two bridges over the modest

Merderet River and the key crossroads village of Sainte Marieglise Failure would give Hitler enough time and the opportunity to build up the resources necessary to defeat the invasion and turn the tide for the Nazis The village was taken early on D Day and the 82nd endured repeated attacks by much larger German forces But the bridge at La Fiere became a bloody three day standoff against tanks and artillery that culminated in a near suicidal charge across it and the narrow 500 yard causeway beyond straight into the teeth of a fierce German defense ordered to hold it to the last man

**Corps Commanders of the Bulge** Harold R. Winton, 2016-07-10 If the Battle of the Bulge was Germany's last gasp it was also America's proving ground the largest single action fought by the U S Army in World War II Taking a new approach to an old story Harold Winton widens our field of vision by showing how victory in this legendary campaign was built upon the remarkable resurrection of our truncated interwar army an overhaul that produced the effective commanders crucial to GI success in beating back the Ardennes counteroffensive launched by Hitler's forces Winton's is the first study of the Bulge to examine leadership at the largely neglected level of corps command Focusing on the decisions and actions of six Army corps commanders Leonard Gerow Troy Middleton Matthew Ridgway John Millikin Manton Eddy and J Lawton Collins he recreates their role in this epic struggle through a mosaic of narratives that take the commanders from the pre war training grounds of America to the crucible of war in the icy cold killing fields of Belgium and Luxembourg Winton introduces the story of each phase of the Bulge with a theater level overview of the major decisions and events that shaped the corps battles and for the first time fully integrates the crucial role of airpower into our understanding of how events unfolded on the ground Unlike most accounts of the Ardennes that chronicle only the periods of German and American initiative Winton's study describes an intervening middle phase in which the initiative was fiercely contested by both sides and the outcome uncertain His inclusion of the principal American and German commanders adds yet another valuable layer to this rich tapestry of narrative and analysis Ultimately Winton argues that the flexibility of the corps structure and the competence of the men who commanded the six American corps that fought in the Bulge contributed significantly to the ultimate victory Chronicling the human drama of commanding large numbers of soldiers in battle he has produced an artful blend of combat narrative collective biography and institutional history that contributes significantly to the broader understanding of World War II as a whole With the recent modularization of the U S Army division which makes this command echelon a re creation of the corps of World War II **Corps Commanders of the Bulge** also has distinct relevance to current issues of Army transformation

Fenelon,2023-04-18 The Pacific theater of World War II pitted American fighting men against two merciless enemies the relentless Japanese army and the combined forces of monsoons swamps mud privation and disease General Joseph Swing s rowdy paratroopers of the 11th Airborne Division nicknamed the Angels fought in some of the war s most dramatic campaigns from bloody skirmishes in Leyte s unforgiving rainforests to the ferocious battles on Luzon including the hellish urban combat of Manila The Angels were trained as elite shock troops but high American casualties often forced them into action as ground pounding infantrymen Surviving on airdropped supplies and reinforcements the Angels fought their way across nearly impassable terrain emerging as one of the most lethal units in the Pacific War Their final task was the occupation of Japan where they were the first American boots on the ground *Angels Against the Sun* is an unforgettable account of the liberation of the Philippines In the tradition of *Band of Brothers* historian and former paratrooper James M Fenelon offers a grunt s eye view of the war From book jacket      *D-Day* Spencer C. *Birth of a Regiment* Frank van Lunteren, 2022-09-06 Activated in May 1942 the 504th Parachute Infantry Regiment earned high praise for its very first mission when it effected the first U S mass regimental combat jump of World War II in the invasion of Sicily According to German General Kurt Student if it had not been for the Allied airborne forces blocking the tanks of the Hermann G ring Division from reaching the beachhead that Division would have driven the initial seaborne forces back into the sea Led by Col Reuben Tucker the 504th subsequently dropped into the endangered Fifth U S Army beachhead at Salerno bitter fighting led to hard won success at Altavilla and Hill 424 and the regimental motto Strike and Hold Birth of a Regiment is the first book length account of the birth of U S airborne forces and the first to fully capture the details danger and crucial stakes of the initial 504th missions in the unforgettable voices of the newly minted paratroopers who fought the first Allied battles in the ETO up through the victorious entry into Naples These initial missions were all the more important in that they would determine future Allied strategy planning and tactics It is not to be forgotten that Sicily was a testing ground for the Allied coalition the first time an American army and a British army managed at the top by a unified Allied staff would undertake a major campaign According to James M Gavin the Commanding General of the 82nd ABD at the end of the war who had jumped into Sicily himself What was learned in that first cooperative action affected the whole outcome of World War II Personally interviewed by the author over a period of 20 years nearly 200 veterans of the 504th recount their remembrance of combat permitting readers of *Birth of a Regiment* to relive epic battles of the ETO through the words of the very men who made history Participants include survivors and witnesses of the tragic decimation of 23 aircraft and the death

of 164 paratroopers and crew when U S troops mistook them for the enemy and fired on their planes as they flew into Sicily Veterans recount the ferocious desperate battle at Biazzi Ridge and the later regimental action at the Salerno Beachhead where the 504th crucially took Hill 424 after a night drop and seaborne landing Having undisputedly proven their prowess Tucker s troopers were chosen to spearhead the Fifth Army drive into Naples These dramatic unforgettable memories of the war provide new information from the foxhole view on up giving historians and lay readers alike fresh perspective on the initial U S engagements in WWII and the difficult birth of Allied airborne operations The volume is enriched by new maps and historic archival photos including many previously unpublished photos and provided by 504th veterans      *Guard Wars*
