Words: Harry Berger, 2013 Shakespeare's two Venetian plays are dominated by the discourse of embarrassment. The Merchant of Venice is a comedy of embarrassment and Othello is a tragedy of embarrassment. This nomenclature is admittedly anachronistic because the term embarrassment didn't enter the language until the late seventeenth century. To embarrass is to make someone feel awkward or uncomfortable, humiliated or ashamed. Such feelings may respond to specific acts of criticism, blame or accusation. To embarrass is literally to embarrass, to put up a barrier or deny access. The barrier of embarrassment may be raised by unpleasant experiences. It may also be raised when people are denied access to things, persons and states of being they desire or to which they feel entitled. The Venetian plays represent embarrassment not merely as a condition but as a weapon and as the wound the weapon inflicts. Characters in The Merchant of Venice and Othello devote their energies to embarrassing one another. But even when the weapon is sheathed, it makes its presence felt, as when Desdemona means to praise Othello and express her love for him: "I saw Othello's visage in his mind" (1.3.253). This suggests, among other things, that she didn't see it in his face.

Shakespeare and the Italian Renaissance Michele Marrapodi, 2016-04-01 Shakespeare and the Italian Renaissance investigates the works of Shakespeare and his fellow dramatists from within the context of the European Renaissance and more specifically from within the context of Italian cultural, dramatic and literary traditions with reference to the impact and influence of classical, coeval and contemporary culture. In contrast to previous studies, the critical perspectives pursued in this volume's tripartite organization take into account a wider European intertextual dimension and, above all, an ideological interpretation of the aesthetics or politics of intertextuality. Contributors perceive the presence of the Italian world in early modern England not as a traditional treasure trove of influence and imitation but as a potential cultural force consonant with complex processes of appropriation, transformation and ideological opposition through a continuous dialectical interchange of compliance and subversion.
