The Myth of Hitler's Pope David G. Dalin, 2012-03-28 Was Pope Pius XII secretly in league with Adolf Hitler No says Rabbi David G Dalin but there was a cleric in league with Hitler the grand mufti of Jerusalem Hajj Amin al Husseini As Pope Pius XII worked to save Jews from the Nazis the grand mufti became Hitler s staunch ally and a promoter of the Holocaust with a legacy that feeds radical Islam today In this shocking and thoroughly documented book Rabbi Dalin explodes the myth of Hitler s pope and condemns the mythmakers for not only rewriting history but for denying the testimony of Holocaust survivors hijacking the Holocaust for unseemly political ends and ignoring the real threat to the Jewish people *God's Hand on America* Michael Medved, 2019-11-26 The national radio host and bestselling author of *The American Miracle* reveals the happy accidents bizarre coincidences and flat out miracles that continue to shape America s destiny A hopeful message for our troubled times Michael Medved has an eye for a story and a preternatural gift for telling it in beguiling ways Joseph J Ellis Pulitzer Prize and National Book Award winning author of *Founding Brothers* Has God withdrawn his special blessing from the United States Americans ponder that painful question in troubled times as we did during the devastation of the Civil War and after the assassinations of the 60s and as we do in our present polarization Yet somehow on battlefields across western wilderness and in raucous convention halls astounding events have reliably advanced America restoring faith in the Republic s providential protection In this provocative historical narrative Michael Medved brings to life ten haunting tales that reveal this purposeful pattern including A near fatal carriage accident forces Lincoln s secretary of state into a canvas and steel neck brace that protects him from a would be assassin s knife thrusts allowing him two years later to acquire Alaska for the United States A sudden tidal wave of Russian Jewish immigration beginning in 1881 coincides with America s rise to world leadership fulfilling a biblical promise that those blessing Abraham s children will themselves be blessed Campaigning for president Theodore Roosevelt takes a bullet in the chest but a folded speech in his jacket pocket slows its progress and saves his life At the Battle of Midway U S planes get lost over empty ocean and then miraculously reconnect for five minutes of dive bombing that wrecks Japan s fleet convincing even enemy commanders that higher powers intervened against them A behind the scenes conspiracy of the pure of heart by Democratic leaders forces a gravely ill FDR to replace his sitting vice president an unstable Stalinist with future White House great Harry Truman These and other little

known stories build on themes of The American Miracle Medved's bestseller about America's remarkable rise The confident heroes and stubborn misfits in these pages shared a common faith in a master plan which continues to unfold in our time God's Hand on America confirms that the founders were right about America's destiny to lead and enlighten the world

Liberty Means Freedom for All Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian

School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism. His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement. He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition. But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved.

Hollywood Nation James L. Hirschen, 2006 In an updated study a conservative spokesperson and author of *Tales from the Left Coast* offers an insightful look at how the line between news and entertainment has become blurred as well as how the situation has allowed the liberal media to present their political views within entertainment product. Imprimis, 2003 *Triumph Regained* Mark Moyer, 2023-01-10 *Triumph Regained* The Vietnam War 1965-1968 is the long awaited sequel to the immensely influential *Triumph Forsaken* The Vietnam War 1954-1965. Like its predecessor this book overturns the conventional wisdom using a treasure trove of new sources many of them from the North Vietnamese side. Rejecting the standard depiction of U.S. military intervention as a hopeless folly it shows America's war to have been a strategic necessity that could have ended victoriously had President Lyndon Johnson heeded the advice of his generals. In light of Johnson's refusal to use American ground forces beyond South Vietnam General William Westmoreland employed the best military strategy available. Once the White House loosened the restraints on Operation Rolling Thunder American bombing inflicted far greater damage on the North Vietnamese supply system than has been previously understood and it nearly compelled North Vietnam to capitulate. The book demonstrates that American military operations enabled the South Vietnamese government to recover from the massive instability that followed the assassination of President Ngo Dinh Diem. American culture sustained public support for the war through the end of 1968 giving South Vietnam realistic hopes for long term survival. America's defense of South Vietnam averted the imminent fall of key Asian nations to Communism and sowed strife inside the Communist camp to the long term detriment of America's great power rivals China and the Soviet Union.
