The Politically Incorrect Success System Larry Winget, 2020-04-03 The cancer of political correctness has not only helped to form a society of insincere oversensitive and under achieving people it has deprived individuals from the joy of living authentically and boldly Well living authentically and boldly has never been a problem for Larry Winget Known as the Pitbull of Personal Development Larry is not afraid to tell it like it is about what it takes to be successful And he's also not afraid of skewering some of those well known shibboleths of personal development like *The Law of Attraction* and the path of effortless success that are peddled by so many motivational speakers In this book Larry will take on the political correctness that has infected our society and the personal development industry He'll outline an effective back to the basics approach to help YOU be more successful Larry still believes that hard work and excellence are the keys to success and communicates that like no other person on the planet can Larry makes you think He makes you uncomfortable He offers common sense solutions that are impossible to argue with On top of all that he is hilarious Learn Why being politically correct will leave you unhappy uninspired and unsure about your future Why it takes a contrarian approach to be successful and true to yourself in this upside down politically correct world Why you need to fix yourself first rather than putting your focus on how to fix others or society Why letting go of your need for approval is essential to happiness How to get to the point and ask for what you want in life directly and decisively How to make big bold and brash plans for your life The biggest problem preventing entrepreneurs from being successful in business in our modern world How getting rid of politically correct excuses about money can save you financially

Doing the Right Thing for God and Others Johnny R Saucedo, 2020-08-27 We should all have a right standing with God which means that we should have his righteousness as Christians I know that in this world it is a difficult situation and a challenge each day to do the right thing for God because of where you may be like work church school or even at home when you have friends over As Christians doing what is right in the eyes of God is done all the time no matter where we are Doing it God's way is the best way to doing things and we would be blessed when we do it As real Christians or children of the Most High God we are to do the right thing and we would be able to see and feel that it is the right thing to do to help others that are in need help people to see the truth to read his Word showing all that we are walking in his light and staying out of the dark of this world The earthly life of Jesus is described as being led or filled with the Holy Spirit We also must do as he did God loves you and offers a wonderful plan for your life Find your relationship with God Learn how to do what is right by following Jesus Christ in all that he did Learn from his truth learn to hear his voice Know his

spiritual principles Believe in God and he will *Doing the Right Thing* Aaron Hass,2002-05-31 Psychologist Aaron Hass takes readers on a voyage of discovery in this thoughtful inspiring and insightful examination of people s moral identity in an ever changing world *The Morality of Happiness* Julia Annas,1993-08-19 Ancient ethical theories based on the notions of virtue and happiness have struck many as an attractive alternative to modern theories But we cannot find out whether this is true until we understand ancient ethics and to do this we need to examine the basic structure of ancient ethical theory not just the details of one or two theories In this book Annas brings together the results of a wide ranging study of ancient ethical philosophy and presents it in a way that is easily accessible to anyone with an interest in ancient or modern ethics She examines the fundamental notions of happiness and virtue the role of nature in ethical justification and the relation between concern for self and concern for others Her careful examination of the ancient debates and arguments shows that many widespread assumptions about ancient ethics are quite mistaken Ancient ethical theories are not egoistic and do not depend for their acceptance on metaphysical theories of a teleological kind Most centrally they are recognizably theories of morality and the ancient disputes about the place of virtue in happiness can be seen as akin to modern disputes about the demands of morality *The Right Thing* Scott Waddle,2003-02-26 When a U S nuclear submarine collided with a Japanese fishing vessel in the spring of 2001 the story made national headlines Navy Commander Scott Waddle former captain of the U S S Greeneville was at the center of the controversy This is the first hand never before published account of that fatal moment and the heart breaking avalanche of events that followed *Doing The Right Thing* David Greene,2013-11-19 Who controls today s conversation about what education should be in the classroom Bill Gates Arne Duncan Michelle Rhee Media Politicians Who has gained more and more control of what actually goes on in the classroom Bill Gates Arne Duncan Michelle Rhee Media Politicians Why Where are the voices of the thousands of talented and loved teachers whose classrooms should be models of what works regardless of the socioeconomic environment they are located I am but one of many Each of us has gotten to be who we are as teachers through our own set of circumstances We like all other professionals learn our craft through our experiences as well as our academic preparation Some of us get to pass on what we have learned about our craft by becoming supervisors mentors or university lecturers I have mentored new teachers I have taught a graduate education class But those endeavors have reached relatively few I have even spawned new teachers inspired by me but those are even fewer Initially it is why started writing this book Much of it started as advice to give to my mentees Then some suggested to me to write a book So I did **Workplace Wisdom** Gavin Rouble,Ted Mouradian,2016-10-21 In today s workplaces one thing more than any other unites employees Everyone has a story For most these stories involve a difficult person or unpleasant situation at work such as an abusive boss a deceitful coworker or an offensive colleague Over time people continue to hold on to these stories because the conflict at the heart of their story remains unresolved because they feel they have been wronged This book examines many such stories and applies an innovative common sense approach to resolving

them You will learn that by embracing 6 easy to understand principles anyone can neutralize the source of the difficulties they encounter at work and home so that they are able to let go of their stories and move on Workplace Wisdom An Uncommon Common Sense Approach To Creating Amazing Workplace Relationships explains how we can all significantly improve the quality of our professional and personal relationships simply by changing how we see the people and the world around us Unprincipled Virtue Nomy Arpaly,2002-11-28 Nomy Arpaly rejects the model of rationality used by most ethicists and action theorists Both observation and psychology indicate that people act rationally without deliberation and act irrationally with deliberation By questioning the notion that our own minds are comprehensible to us and therefore questioning much of the current work of action theorists and ethicists Arpaly attempts to develop a more realistic conception of moral agency **Right Thing, Right Now** Ryan Holiday,2024-06-11 In his New York Times bestselling book Discipline Is Destiny Ryan Holiday made the Stoic case for a life of self discipline In this much anticipated third installment in the Stoic Virtues series he argues for the necessity of doing what s right even when it isn t easy For the ancients everything worth pursuing in life flowed from a strong sense of justice or one s commitment to doing the right thing no matter how difficult In order to be courageous wise and self disciplined one must begin with justice The influence of the modern world often tells us that acting justly is optional Holiday argues that that s simply untrue and the fact that so few people today have the strength to stand by their convictions explains much about why we re so unhappy In Right Thing Right Now Holiday draws on fascinating stories of historical figures such as Marcus Aurelius Florence Nightingale Jimmy Carter Gandhi and Frederick Douglass whose examples of kindness honesty integrity and loyalty we can emulate as pillars of upright living Through the lives of these role models readers learn the transformational power of living by a moral code and through the cautionary tales of unjust leaders the consequences of an ill formed conscience The Stoics never claimed that living justly was easy only that it was necessary And that the alternative sacrificing our principles for something lesser was considered only by cowards and fools Right Thing Right Now is a powerful antidote to the moral failures of our modern age and a manual for living virtuously
