Righteous Indignation:

Righteous Indignation Gregory L. Bock, Court D. Lewis, 2021-07-21 *Righteous Indignation: Christian Philosophical and Theological Perspectives on Anger* explores the philosophy of Christian anger: what anger is, what it means for God to be angry, and when anger is morally appropriate. The book explores specific biblical questions such as how God communicates his anger in the Old Testament and whether anger at one's enemies in the imprecatory psalms is praiseworthy. In addition, some chapters focus on the practical application of anger to topics such as racial justice, criminal law, and civil discourse, and on the ideas of historical figures such as Thomas Aquinas and Jonathan Edwards. The purpose of the book is to provide multiple perspectives examining anger from different angles, but most of all, it is hoped that readers will come away with a better understanding of God's nature and how followers of Jesus ought to relate to those who wrong them. **Righteous Indignation** Gregory L. Bock, Court D. Lewis, 2021 *Righteous Indignation* explores the philosophy of Christian anger: for example, what anger is, what it means for God to be angry, and when anger is morally appropriate. The contributors examine several dimensions of the topic, including divine wrath, imprecatory psalms, and the Closing Arguments. Clarence Darrow, 2005 *Closing Arguments*. Clarence Darrow on Religion, Law, and Society collects for the first time Darrow's thoughts on his three main preoccupations. The effect reveals a carefully conceived philosophy expressed with delightful pungency and clarity. The provocative content of these writings still challenges us. His thoughts on social issues, especially on the dangers of religious fundamentalism, are uncannily prescient. A dry and even misanthropic humor lightens his essays, and his reflections on himself and his philosophy reveal a quiet dignity at the core of a man better known for provoking Americans during an era of unprecedented tumult. From the wry *Is the Human Race Getting Anywhere?* to the scornful *Patriotism* and his elegaic summing up *At Seventy Two*, Darrow's writing still stimulates and pleases. Darrow, son of a village undertaker and coffinmaker, rose to become one of America's greatest attorneys and surely its most famous. The Ohio native gained fame for being at the center of momentous trials, including his 1924 defense of Leopold and Loeb and his defense of Darwinian principles in the 1925 Scopes Monkey Trial. Some have traced Darrow's lifelong campaign against capital punishment to his boyhood terror at seeing a Civil War soldier buried and no client of Darrow's was ever executed, not even black men who were charged with murder for defending themselves against a white mob. A rebel who always sided intellectually and emotionally with the minority, Darrow remains a figure to contend with sixty-seven years after his death. Inside every lawyer is the wreck of a poet. Darrow once said *Closing Arguments* demonstrates that in his case that statement is true. *Righteous Indignation* Gregory L. Bock, Court D. Universalising International Law C. G. Weeramantry,2004 Universalising international law is one of the most urgent tasks awaiting those who wish to advance the discipline Though all the world acknowledges its universal nature it has long been confined in a largely monocultural mould Indeed a tendency is sometimes discernible for international law to be compartmentalised and to function within a close cabinet of technical rules little known to those outside the ranks of specialists This volume looks initially at some general aspects of universalisation It thereafter adopts a universalist approach to some of the sources of international law and it deals with peace the bedrock of international law which likewise requires a universalist approach It is hoped that these studies will highlight the imperative need that now exists for extending the conceptual framework of international law thereby buttressing its moral authority and widening its appeal at a time when universal acceptance of international law is one of the most pressing demands of the international system **Righteous Indignation** Virginia C.
