**Rights and Wrongs** Susan Cary Nicholas, Alice M. Price, Rachel Rubin, 1986 This second edition text provides an update on issues pertinent to women's legal status in the U S Highlighted are discussions of the ERA sexual harassment and domestic violence sex based discrimination affirmative action and the equal pay for work of comparable worth concept

**Women and the Law** Joan A. Brathwaite, 1999 Marriage and Violence Frances E. Dolan, 2010-11-24 Marriage is often described as a melding of two people into one But what or who must be lost fragmented or buried in that process We have inherited a model of marriage so flawed Frances E Dolan contends that its logical consequence is conflict Dolan ranges over sixteenth and seventeenth century Puritan advice literature sensational accounts of true crime and late twentieth century marriage manuals and films about battered women who kill their abusers She reads the inevitable Taming of the Shrew against William Byrd's diary of life on his Virginia plantation Noel Coward's Private Lives and Barbara Ehrenreich's assessment in Nickel and Dimed of the relationship between marriage and housework She traces the connections between Phillippa Gregory's best selling novel The Other Boleyn Girl and documents about Anne Boleyn's fatal marriage and her daughter Elizabeth I's much debated virginity By contrasting depictions of marriage in the sixteenth and seventeenth centuries and our own time she shows that the early modern apprehension of marriage as an economy of scarcity continues to haunt the present in the form of a conceptual structure that can accommodate only one fully developed person When two fractious individuals assert their conflicting wills resolution can be achieved only when one spouse absorbs subordinates or eliminates the other In an era when marriage remains hotly contested this book draws our attention to one of the histories that bears on the present a history in which marriage promises both intimate connection and fierce conflict both companionship and competition *American Women's History* Glenna Matthews, 2000-05-25 An encyclopedia of American women's history this comprehensive reference book features in depth articles on trends e.g birthrates suburban growth social movements civil rights feminism ideas and concepts domesticity consciousness raising institutions Children's Bureau women in Congress organizations Girl Scouts of America League of Women Voters events American Revolution issues abortion Equal Rights Amendment key legal cases Roe v Wade Muller v Oregon laws and constitutional amendments documents and publications Ramona Declaration of Sentiments ethnic and social groups African American women Latinas overviews women's health women in music and literature and biographies of notable American women This Companion is a perfect supplement to The Young Oxford History of Women in the United States Oxford's Student Companions to American History are state of the art references for school and home specifically designed and written for ages 12 through adult Each book is a concise but comprehensive A to Z guide to a major historical period or theme in U S history with articles on key issues and prominent individuals The authors distinguished scholars well known in their areas of expertise ensure that the entries are accurate up to date and accessible Special features include an introductory section on how to use the book

Stephen Walker, Len Barton, 2013-11-05 First published in 1983 Gender Class and Education is a collection of papers that formed presentations at the Westhill Sociology of Education Conference in January 1982 and is the fifth such collection to emerge from the annual conference The conference theme Race Class and Gender was not only chosen because of its topicality but also to provide a framework for debate between educational researchers and teachers The papers focus on the reproduction of gender relations through education and provide important insights into how this process works how it is resisted in schools and colleges and the possibilities for radical intervention This volume includes three teaching bibliographies on gender and education which were not presented at the conference but were compiled specially for the book

**American Studies** Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988

**Black Foremothers** Dorothy Sterling, 1988 Three heroic women whose stories in the words of Margaret Walker every woman man and child should know Ellen Craft the daring runaway Georgia slave who used her freedom to serve the cause of abolition Ida B Wells the firebrand journalist whose crusade against lynching awakened the consciousness of a nation and Mary Church Terrell a gifted and untiring leader in the movement for suffrage civil rights and world peace Through painstaking research Sterling not only produces a fascinating account of three outstanding leaders she also documents the role hitherto faceless nameless millions of African American women have played in shaping our culture and history Reflecting and connecting the historical struggle of the years 1826 through 1954 Black Foremothers will captivate and inspire readers young and old      From Eve to Dawn: A History of Women in the World Volume IV Marilyn French, 2008-09-01 The

conclusion of the remarkable four volume history by the New York Times bestselling author of The Women s Room Publishers Weekly In the twentieth century women became a force for change in part through suffrage and in part through mass organizing This final volume of Marilyn French s wide ranging survey offers a vibrant history of multiple political revolutions as well as the century s horrors including genocides and the atom bomb It ends with a thoughtful investigation into the various indigenous feminist movements throughout the world and asks what these peaceful revolutions might augur for the future Eschewing easy answers French suggests that the defining moral moments of the twenty first century should and will build from a global human rights agenda

**Family Values** Isabel Heinemann, 2023-10-04 Clashes over the American family and its values have always implicitly or explicitly addressed issues of gender and highlighted the significance of present and future families to American society This is the insight underpinning Isabel Heinemann s groundbreaking study which traces over the course of the twentieth century debates on the family and its role the relationship between the individual and society and individual decision making rights as well as their denial or curtailment Unpacking these issues in a vivid and innovative analysis the book recounts the prehistory of current conflicts over the family and gender while illuminating the relationship

between social change normative shifts and the counter movements spawned in response to them      **Empowering Women**  
Carmen Diana Deere, Magdalena León, 2001-01-15 The expansion of married women's property rights was a main achievement of the first wave of feminism in Latin America As Carmen Diana Deere and Magdalena León reveal however the disjuncture between rights and actual ownership remains vast This is particularly true in rural areas where the distribution of land between men and women is highly unequal In their pioneering twelve country comparative study the authors argue that property ownership is directly related to women's bargaining power within the household and community point out changes resulting from recent gender progressive legislation and identify additional areas for future reform including inheritance rights of wives      *Household and kin* Amy Swerdlow, 1989 Challenging the concept of the typical family the authors illustrate the diversity of household forms and kinship ties throughout history They explore the social political emotional and economic functions of the family as well as the importance of gender class race and culture in shaping it A variety of contemporary families are described and provocative questions are raised about families of the future

**Women Online** Steven D. Atkinson, Judith Hudson, 1990 Women Online focuses on the problems of investigating interdisciplinary topics in women's studies working with controlled vocabularies and inconsistent indexing and locating feminist scholarship The authoritative contributors to the book not only analyze these problems in general terms but also suggest practical strategies for making online research more effective and productive The sixteen chapters in this much needed book are organized into three broad categories covering disciplines such as humanities and social sciences format of the material covered such as non bibliographic and cited reference databases and specific topics such as lesbian studies and women of color Chapter authors employ a variety of useful methods to analyze issues of coverage and content They compare the results of controlled vocabulary and free text or full text searching and make use of search examples cited reference and multi file searching and bibliometric techniques including analysis of recall precision overlap relevancy uniqueness and trends in file growth The Database Matrix provides an alphabetical listing of files discussed in the book and serves as a directory for online research in women's studies Women Online will be useful to librarians scholars and students who search databases as well as to producers who design and market them      *100 Years of the Nineteenth Amendment* Holly J. McCammon, Lee Ann Banaszak, 2018-02-01 The year 2020 will mark the 100th anniversary of the Nineteenth Amendment giving many women in the United States the right to vote The struggle for suffrage lasted over six decades and involved more than a million women yet even at the moment of the amendment's enactment women's activists disagreed heartily over how much had been achieved whether it was necessary for women to continue organizing for political rights and what those political rights would bring Looking forward to the 100 year anniversary of the passage of the Nineteenth Amendment this collection of original essays takes a long view of the past century of women's political engagement to gauge how much women have achieved in the political arena The volume looks back at the decades since women won the right to vote to

analyze the changes developments and even continuities in women s roles in the broad political sphere Ultimately the book asks two important questions about the last 100 years of women s suffrage 1 How did the Nineteenth Amendment alter the American political system and 2 How has women s engagement in politics changed over the last 100 years As the chapters reveal while women have made substantial strides in the political realm voting at higher rates than men and gaining prominent leadership roles barriers to gender equality remain Women continue to be underrepresented in political office and to confront gender bias in a myriad of political settings The contributors also remind us of the important understanding to be gained from an intersectional perspective to women s political engagement In particular several chapters discuss the failure of the Nineteenth Amendment to provide full political rights and representation to African American Latina and poorer women The work also considers women s extra institutional activism in a wide variety of settings including in the feminist civil rights environmental and far right movements As the volume traces women s forceful presence and limitations in politics over the past century it also helps us look forward to consider the next 100 years what additional victories might be won and what new defeats will need women s response

**Las Mujeres** Nan Elsasser, Kyle MacKenzie, Yvonne Tixier y Vigil, 1980 An oral history of four generations of Hispanic women in New Mexico Twenty one Hispanas recall life experiences spanning a period from the time when New Mexico was a Spanish speaking territory until today Themes include the shift from a rural to an urban environment the struggle to preserve culture and traditions efforts to cope with discrimination changes in family relations the striving for education job and careers service to family and community dedication to social change

*The End of this Day's Business* Katharine Burdekin, 1989 A A A Written in 1935 but never published until now this novel depicts a world ruled by women some 4 000 years into the future Men live alone and rear boys in a cheerful atmosphere of sports physical labor and healthy sexuality but without the consciousness of anxiety or knowledge of history claimed by women The plot of the novel described by Choice as a forgotten masterpiece turns on the desire of one woman to teach her son about the past Risking their lives she tells the story of the rise of fascism and the subsequent world transformation as life loving women took over from death loving men Burdekin s novel is one of the few serious role reversal utopias we have I read it in one sitting Joanna Russ author of *The Female Man*

The Top Books of the Year Rights And Wrongs Womens Struggle For Legal Equality The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Rights And Wrongs Womens Struggle For Legal Equality : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
