Rights Duties Of Spouses:

A Treatise of the Rights, Duties and Liabilities of Husband and Wife James Clancy, 1837 **Philosophy, Law and the Family** Laurence D. Houlgate, 2017-01-21 This textbook uses cases in family law to illustrate both traditional philosophical problems in the law as well as problems that are unique to family law In the beginning chapters family law cases are employed to introduce the reader to philosophical debates about the relationship between law and morals about how one ought to interpret the U S Constitution and its amendments about the conditions under which individual liberty is justifiably limited by law about the justification of punishment and about the justification of remedies and standards of care in determining negligence in tort cases Later chapters are devoted to contemporary issues unique to family law including justifiable limits of access to marriage alternatives to marriage the rights of children child custody disputes involving surrogate births quasi property disputes involving custody of frozen embryos and the justifiable limits of the right not to procreate The book reflects current movements contemporary debates and recent research on the philosophical problems in family law **A Treatise on the Law of Marriage, Divorce, Separation, and Domestic Relations: Domestic relations** James Schouler, 1921 *Power Over the Body, Equality in the Family* Charles J. Reid, 2004-10-29 The term conjugal rights has long characterized ways of speaking about marriage both in the canonistic tradition and in the secular legal systems of the West This book explores the origins and dimensions of this concept and the range of meanings that have attached to it from the twelfth century to the present Employing far ranging sources Charles Reid Jr examines the language of marriage in classical Roman law the Germanic legal codes of early medieval Europe and the writings of canon lawyers and theologians from the medieval and early modern periods The heart of the book however consists of the writings of the canonists of the High Middle Ages especially the works of Hostiensis Bernard of Parma Innocent IV and Raymond de Peafort Reid s incisive survey provides a new understanding of subjects such as the right of parties to marry free of parental coercion the nature of paternal power the place of bodies in the marriage contract the meaning and implications of gender equality and the right of inheritance **Family Law** Sonia Harris-Short, Joanna Miles, 2011-05-19 Presented in an accessible format this text provides a detailed and authoritative exposition of the law illustrated by carefully selected materials and complemented by clear and engaging commentary drawing on a range of critical and theoretical perspectives **Commentaries on the Laws of England** Sir William Blackstone, 1900 **Realms of Freedom in Modern China** William C. Kirby, 2004 The fifteenth and final volume of the series *The Making of Modern Freedom* this book explores a variety of issues surrounding questions of human rights and freedom in China The chapters suggest very significant realms of freedom with or without the protection of law in the personal social and economic lives of people in China before the twentieth century This was recognized and partly codified in the early twentieth century when legal experts sought to establish a republic of laws and limits The process of legal reform however would be placed firmly in the service of strengthening the post imperial Chinese nation state

culminating after 1949 in despotism unparalleled in Chinese history Nevertheless the last decades of the twentieth century and the first years of our own would witness a slow steady but unmistakable reassertion of realms of personal and communal autonomy that show even in an era of strong states at least the prospect of institutionalized freedoms

The International Survey of Family Law Andrew Bainham, 1999-04-21 The International Survey of Family Law published on behalf of the International Society of Family Law is the successor to the Annual Survey of Family Law It provides information analysis and comment on recent developments in Family Law across the world on a country by country basis The Survey is published annually and its subtitle reflects the calendar year surveyed Where a country has been regularly surveyed each year the developments discussed correspond to the year in question If certain countries have not been surveyed for some years the contributions will usually attempt to cover the intervening period If countries are being covered for the first time then more background information will be provided about the state of family law in the country in question The Survey also contains an article dealing with the more significant developments in international law affecting the family

A Treatise on the Law of the Domestic Relations James Schouler, 1882 *A Treatise of the Rights, Duties and Liabilities of Husband and Wife, at Law and in Equity* James Clancy, 1828

Matrimonial Jurisdiction of Justices Albert Lieck, Arthur Cecil Lockwood Morrison, 1926

Sexualised Crimes, Armed Conflict and the Law Hannah Baumeister, 2018-06-04 From ancient to modern times sexualised war violence against women was tolerated if not encouraged as a means of reward propaganda humiliation and terror This was and is in defiance of international laws that have criminalised acts of sexualised war violence since the 18th century Ad hoc international tribunals have addressed especially war rape since the 15th century The International Criminal Court ICC however is the first independent permanent international criminal court that recognises not only war rape but also sexual slavery and other sexualised crimes as crimes against humanity war crimes and acts of genocide in its statute and supporting documents This book explores how the ICC definitions of rape and forced marriage came about and addresses the ongoing challenge of how to define war rape and forced marriage in times of armed conflict in a way that adequately reflects women's experiences as well as the nature of the crimes In addition to deepening the understanding of the ICC negotiations of war rape and forced marriage and of the crimes themselves this volume highlights relevant factors that need to be considered when criminalising acts of sexualised war violence under international law

Sexualised Crimes Armed Conflict and the Law draws on feminist and constructivist theories and offers a comprehensive theoretical and empirical examination of the definition of rape and forced marriage It presents the latest state of knowledge on the topic and will be of interest to researchers academics policymakers officials and intergovernmental organisations and students in the fields of post conflict law and justice international law human rights law international relations gender studies politics and criminology

Contemporary Family Law Susan S. M. Edwards, Judith Bray, 2025-01-21 Taking a fresh and modern approach *Contemporary Family Law Principles and Practice* gives students all the information they need to develop a

clear understanding of this fascinating area of the law Covering the very latest developments in family law each chapter uses contemporary cases as a window to introducing core legal concepts principles and developments emphasising the dynamism and evolving nature of family law in which practitioners campaigners law reformers and students all play their part Key features include Developments in family law are considered not only from a vantage point of judicial decision making but also from the perspective of the contribution made by solicitors barristers and experts This encourages students to develop a sense of their own potential agency when as future practitioners they represent their clients and engage in law reform In considering legal argument and case determination the book places equality front and centre including access to justice Each chapter provides further reading with online links and URLs and a set of self test questions including problem scenarios and discursive essay questions Each form of assessment reflects the levels of educational attainment and mirrors testing techniques relevant to academic examination and legal professional and vocational practice courses This uniquely contemporary textbook will be essential reading for all students of family law

Commentaries on the Laws of England William Blackstone, George Sharswood, 1870 *Same Sex Couples - Comparative Insights on Marriage and Cohabitation* Macarena Sáez, 2015-05-06 This book shows six different realities of same sex families They range from full recognition of same sex marriage to full invisibility of gay and lesbian individuals and their families The broad spectrum of experiences presented in this book share some commonalities in all of them legal scholars and civil society are moving legal boundaries or thinking of spaces within rigid legal systems for same sex families to function In all of them there have been legal claims to recognize the existence of same sex families The difference between them lies in the response of courts Regardless of the type of legal system when courts have viewed claims of same sex couples and their families as problems of individual rights they have responded with a constitutional narrative protecting same sex couples and their families When courts respond to these claims with rigid concepts of what a family is and what marriage is as if legal concepts were unmodifiable same sex couples have remained outside the protection of the law Until forty years ago marriage was the only union considered legitimate to form a family Today more than 30 countries have granted rights to same sex couples including several that have opened up marriage to couples of the same sex Every day there is a new bill being discussed or a new claim being brought to courts seeking formal recognition of same sex couples Not all countries are open to changing their legal structures to accommodate same sex couples but even those with no visible changes are witnessing new voices in their communities challenging the status quo and envisioning more flexible legal systems
