Animal Rights Day

Animals are a bridge between us and the beauty of nature.
Let's protect their rights.

Rights For Animals

William Hamilton Drummond

Rights For Animals:

The Rights of Animals and Man's Obligation to Treat Them with Humanity (1838) William Hamilton Drummond, 2005 William Drummond's *The Rights of Animals* is one of several early nineteenth century volumes dedicated to arousing a recognition of the importance of the well being and protection of animals. Like a number of contemporary works this book was written at the behest of the Society for the Prevention of Cruelty to Animals to which the prefix Royal was soon to be added. Of these volumes *The Rights of Animals* is the most learned and along with that of the veterinarian William Youatt volume 11 in this Series the most significant in stating the animal cause as seen from the perspective of the pre Darwinian nineteenth century. This 1838 book was authored by William Hamilton an Irish Unitarian Minister of Scottish extraction. By adding a contextual Introduction and copious explanatory Editorial Notes Drs Preece and Li have put this work into its historical and literary setting thus rendering the work much more readily comprehensible to the scholar of the twenty first century.

Encyclopedia of Animal Rights and Animal Welfare Marc Bekoff, Carron A. Meaney, 2013-12-16 Human beings responsibility to and for their fellow animals has become an increasingly controversial subject. This book provides a provocative overview of the many different perspectives on the issues of animal rights and animal welfare in an easy to use encyclopedic format. Original contributions from over 125 well known philosophers, biologists and psychologists in this field create a well balanced and multi disciplinary work. Users will be able to examine critically the varied angles and arguments and gain a better understanding of the history and development of animal rights and animal protectionist movements around the world. Outstanding Reference Source. Best Reference Source.

Animal Rights & Human Morality Bernard E. Rollin, 2010-12. It has been more than two decades since the first edition of this landmark book garnered public accolades for its sensitive yet honest and forthright approach to the many disquieting questions surrounding the emotional debate over animal rights. Is moral concern something owed by human beings only to human beings? Drawing upon his philosophical expertise, his extensive experience of working with animal issues all over the world and his knowledge of biological science, Bernard E. Rollin, now widely recognized as the father of veterinary ethics, develops a compelling analysis of animal rights as it is emerging in society. The result is a sound basis for rational discussion and social policy development in this area of rapidly growing concern. He believes that society must elevate the moral status of animals and protect their rights as determined by their natures. His public speaking and published works have contributed to passage of major federal legislation designed to increase the well being of laboratory animals. This new third edition is greatly expanded and includes a new chapter on animal agriculture plus additional discussions of animal law, companion animal issues, genetic engineering, animal pain, animal research and many other topics.

The Case for Animal Rights Tom Regan, 2004-09-17. THE argument for animal rights a classic since its appearance in 1983 from the moral philosophical point of view.

Animal Rights Lisa Yount, 2007. Praise for the previous edition: an excellent first stop resource for research on animal rights, well organized, clearly written and a great

starting point for research Recommended Choice comprehensive invaluable for reports on a popular current topic VOYA a very complete research guide that will be most useful at the high school and college level American Reference Books Annual The treatment of animals has become a controversial issue over the years with many questioning an animal's fundamental rights For some the issue of animal rights is merely an attempt to improve conditions of animals used for clothing food and other products while others believe animals should be granted the same legal rights afforded to humans Animal Rights Revised Edition provides an overview of the history of the animal rights movement and reactions to it as well as the issues of animal experimentation conditions on factory farms laboratory animals animals in entertainment hunting and the actions of those involved in the animal rights debate New content includes such documents as the Animal Enterprise Terrorism Act of 2006 and contemporary court cases such as Animal Legal Defense Fund v Glickman These documents provide both past and present perspectives on the issue and plot a course for future debate about animal rights A comprehensive and up to date overview essay capsule biographies a large annotated bibliography a chronology of significant events organization and agency listings and a glossary all combine to make this an ideal first stop reference to animal rights Coverage includes Whether medical testing performed on animals is ethical Whether animals should be banned from circuses and other forms of entertainment How threats against investors in companies that participate in animal drug testing should be handled

Interests and Rights Raymond Gillespie Frey, 1980 This book states the opposing case in present controversies about the nature and existence of moral rights and the moral status of animals and it reaches conclusions which run strongly against contemporary opinion

Animal Rights Paul Waldau, 2011 This resource offers a survey of the animal rights movement

Animal Rights Tyler Stevenson, 2018-12-15 Animals have alternately been considered pests food workers test subjects and as is becoming increasingly common companions This begs the question What rights should animals have Through engaging text featuring annotated quotes from experts readers learn about the changing role of animals and the ensuing changing attitudes of people toward how animals should be treated Detailed charts engaging sidebars and relevant statistics provide an in depth education regarding the history and ramifications both legal and societal of animal rights Readers are also encouraged to think critically to form an opinion on the actions and tactics of different animal rights organizations

The Animal Rights Movement in America Lawrence Finsen, Susan Finsen, 1994 And the movement's challenge to rethink the uses of animals is not only directed at those individuals and institutions which exploit animals but at anyone who consumes meat purchases animal tested consumer products or wears fur or leather

Animal Rights Kim Masters Evans, 2005-10 Contains facts tables charts and statistics that provide current and historical information about animal rights covering wildlife farm and research animals animals in sports service and entertainment animals pets and the history of human animal interaction

Animal Rights and Human Morality Bernard E. Rollin, 1981 Rollin offers a fully revised discussion of this white hot debate over animal rights Many of Rollin's concerns have taken center stage and his

proposed legislation to protect animals in experimentation has become federal law Copyright Libri GmbH All rights reserved

Animals Property & The Law Gary Francione, 1995-04-28 Pain is pain irrespective of the race sex or species of the victim states William Kunstler in his foreword This moral concern for the suffering of animals and their legal status is the basis for Gary L. Francione's profound book which asks Why has the law failed to protect animals from exploitation Francione argues that the current legal standard of animal welfare does not and cannot establish fights for animals As long as they are viewed as property animals will be subject to suffering for the social and economic benefit of human beings Exploring every facet of this heated issue Francione discusses the history of the treatment of animals anticruelty statutes vivisection the Federal Animal Welfare Act and specific cases such as the controversial injury of anaesthetized baboons at the University of Pennsylvania He thoroughly documents the paradoxical gap between our professed concern with humane treatment of animals and the overriding practice of abuse permitted by U S law **For the Prevention of Cruelty** Diane L.

Beers, 2006-05-25 Animal rights Those two words conjure diverse but powerful images and reactions Some nod in agreement while others roll their eyes in contempt Most people fall somewhat uncomfortably in the middle between endorsement and rejection as they struggle with the profound moral philosophical and legal questions provoked by the debate Today thousands of organizations lobby agitate and educate the public on issues concerning the rights and treatment of nonhumans For the Prevention of Cruelty is the first history of organized advocacy on behalf of animals in the United States to appear in nearly a half century Diane Beers demonstrates how the cause has shaped and reshaped itself as it has evolved within the broader social context of the shift from an industrial to a postindustrial society Until now the legacy of the movement in the United States has not been examined Few Americans today perceive either the companionship or the consumption of animals in the same manner as did earlier generations Moreover powerful and lingering bonds connect the seemingly disparate American Society for the Prevention of Cruelty to Animals of the nineteenth century and the People for the Ethical Treatment of Animals of today For the Prevention of Cruelty tells an intriguing and important story that reveals society's often changing relationship with animals through the lens of those who struggled to shepherd the public toward a greater compassion

Zoopolis Sue Donaldson, Will Kymlicka, 2011-11-25 Zoopolis offers a new agenda for the theory and practice of animal rights Most animal rights theory focuses on the intrinsic capacities or interests of animals and the moral status and moral rights that these intrinsic characteristics give rise to Zoopolis shifts the debate from the realm of moral theory and applied ethics to the realm of political theory focusing on the relational obligations that arise from the varied ways that animals relate to human societies and institutions Building on recent developments in the political theory of group differentiated citizenship Zoopolis introduces us to the genuine political animal It argues that different types of animals stand in different relationships to human political communities Domesticated animals should be seen as full members of human animal mixed communities participating in the cooperative project of shared citizenship Wilderness animals by contrast form their own

sovereign communities entitled to protection against colonization invasion domination and other threats to self determination Liminal animals who are wild but live in the midst of human settlement such as crows or raccoons should be seen as denizens resident of our societies but not fully included in rights and responsibilities of citizenship To all of these animals we owe respect for their basic inviolable rights But we inevitably and appropriately have very different relations with them with different types of obligations Humans and animals are inextricably bound in a complex web of relationships and Zoopolis offers an original and profoundly affirmative vision of how to ground this complex web of relations on principles of justice and compassion

Empty Cages Tom Regan,2004 Described by Jeffrey Masson as the single best introduction to animal rights ever written this new book by Tom Regan will structure the animal rights debate for generations to come In a style at once simple and elegant Regan dispels the negative image of animal rights advocates perpetrated by the mass media unmasks the fraudulent rhetoric of humane treatment favored by animal exploiters and explains why existing laws function to legitimize institutional cruelty Written by the leading philosophical spokesperson for animal rights Tom Regan s shocking expos of animal abuse makes an essential and lasting contribution that will significantly impact the history of animal rights advocacy in America

Our Common Kin: Unlocking the Rights of Animals Pasquale De Marco,2025-07-13 In this groundbreaking and thought provoking book we challenge the traditional view of animals as mere property arguing instead that they are sentient beings who deserve moral consideration and legal protection Drawing on the latest scientific evidence we make a compelling case for the moral and legal rights of animals exploring the implications of this new understanding for our own behavior our relationships with animals and the future of our planet With clarity and compassion we examine the scientific evidence for animal sentience and consciousness revealing the remarkable cognitive and emotional capacities of animals We explore the different arguments for animal rights from the utilitarian argument to the rights based argument and we address the challenges of granting legal rights to animals We also delve into the history of animal advocacy from the early pioneers of the animal rights movement to the modern day activists who are fighting for a more just and compassionate world for all animals We discuss the different strategies for promoting animal welfare from legislative advocacy to public education and we highlight the importance of individual action in creating lasting change This book is essential reading for anyone who cares about animals the environment and the future of our planet It is a call to action urging us to rethink our relationship with animals and to work together to create a more just and sustainable world for all If you like this book write a review

Introduction to Animal Rights Gary Francione,2010-07-29 Argues that the way humans treat animals results from the contradiction between the ideas that animals have some rights but that they are also property and offers ways to resolve the conflict

Governing Animals Kimberly K. Smith,2012-07-05 Governing Animals explores the role of the liberal state in protecting animal welfare Examining liberal concepts such as the social contract property rights and representation Kimberly K Smith argues that liberalism properly understood can recognize the moral status and social meaning of animals and

provides guidance in fashioning animal policy **Christianity and the Rights of Animals** Andrew Linzey, 2016-03-03
Christian concern about how we treat animals has increased strikingly in recent years More and more Christians are deciding that our attitudes toward animals must change Here is a book that presents for the first time a comprehensive and well argued theological case for the rights of animals and offers a challenging critique of our existing insensitivity toward animal life Everyone who cares about the rights of animals particularly clergy and ministers who are constantly being asked for answers on the issue will welcome this new and important book **The Rights of Animals** Auriana Ojeda, 2004 Authors in this anthology discuss whether animals should be accorded the same rights that humans are granted Issues examined include laboratory experimentation and animals raised for human consumption

The Enigmatic Realm of **Rights For Animals**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Rights For Animals** a literary masterpiece penned with a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word.
