Berg, 2013-02-04 This unique study explores how Quebec's landscapes have been represented in both literature and visual art throughout the centuries from the writing of early explorers such as Cartier and Champlain to work by prominent contemporary authors and artists from the province William J Berg traces recurrent images and themes within these creations through the most significant periods in the development of a Quebecois identity that was threatened initially by the wilderness and indigenous populations and later by the dominance of British and American influences Focusing on the interplay between nature and culture in landscape representation Literature and Painting in Quebec contends that both have reflected and fashioned the meaning of French Canadian nationhood As such Literature and Painting in Quebec presents a new perspective to approach the notion of national identity a quest that few groups have engaged in more persistently than the Quebecois *Abstract Painting in Canada* Roald Nasgaard, Art Gallery of Nova Scotia, 2008 In the tradition of the distinguished Douglas McIntyre art program this lavishly illustrated and superbly printed book is a rich readable history of abstract painting in Canada The story begins in the 1920s with the sometimes eccentric but remarkable work rooted in symbolism and theosophy of pioneers such as Kathleen Munn Bertram Brooker and Lawren Harris Two decades later the Automatistes Canada's first truly independent avant garde art movement burst onto the scene in Montreal After the Second World War the urge to abstraction spread across Canada manifesting itself in significant regional movements Vancouver painters retained a British flavour while in Toronto the Painters Eleven looked south to New York Montreal's Plasticiens launched their own razor edged interpretation of the European tradition of geometric abstraction In the sixties and seventies the Prairies were influenced by Clement

Greenberg's post painterly abstraction while Halifax became a hub of conceptual art and concrete painting. The book continues through the eighties and nineties during which critics largely denounced painting and concludes in the twenty-first century with abstract painting alive and well again in the studios of Canada's young artists. A monumental tome containing 200 color reproductions, it mines a rich vein of art history ripe for international discovery.

Ninth Street Women Mary Gabriel, 2018-09-25 Five women revolutionize the modern art world in postwar America in this gratifying, generous and lush true story from a National Book Award and Pulitzer Prize finalist. Jennifer Szalai, *New York Times*. Set amid the most turbulent social and political period of modern times, *Ninth Street Women* is the impassioned, wild, sometimes tragic, always exhilarating chronicle of five women who dared to enter the male-dominated world of twentieth-century abstract painting not as muses but as artists. From their cold-water lofts where they worked, drank, fought, and loved, these pioneers burst open the door to the art world for themselves and countless others to come. Gutsy and indomitable, Lee Krasner was a hell-raising leader among artists long before she became part of the modern art world's first celebrity couple by marrying Jackson Pollock. Elaine de Kooning, whose brilliant mind and peerless charm made her the emotional center of the New York School, used her work and words to build a bridge between the avant-garde and a public that scorned abstract art as a hoax. Grace Hartigan fearlessly abandoned life as a New Jersey housewife and mother to achieve stardom as one of the boldest painters of her generation. Joan Mitchell, whose notoriously tough exterior shielded a vulnerable artist within, escaped a privileged but emotionally damaging Chicago childhood to translate her fierce vision into magnificent canvases. And Helen Frankenthaler, the beautiful daughter of a prominent New York family, chose the difficult path of the creative life. Her gamble paid off. At twenty-three, she created a work so original it launched a new school of painting. These women changed American art and society, tearing up the prevailing social code and replacing it with a doctrine of liberation. In *Ninth Street Women*, acclaimed author Mary Gabriel tells a remarkable and inspiring story of the power of art and artists in shaping not just postwar America but the future.

Throughout her remarkable career as a gallery director, curator, and author, Patricia Bovey has tirelessly championed the work of Western Canadian artists. *Western Voices in Canadian Art* brings this lifelong passion to a crescendo, delivering the most ambitious survey of Western Canadian art to date. Beginning with the earliest European-trained artists in Western Canada and moving up to present day, Bovey amplifies the depth, scope, and importance of the diverse artists, both settler and Indigenous, whose distinct voices have

contributed to the Western Canadian artistic tradition Bovey then adopts a thematic approach richly informed by her knowledge and experience connecting art and artists through time and across provincial boundaries Insights from Bovey's studio visits and conversations with artists enhance our understandings of the history and trajectory of and impetus for Canadian artistic creation Lavishly illustrated with over 250 works reproduced in full colour Western Voices in Canadian Art is a book that needs to be seen and its artists and art celebrated **Canadian Books in Print 2002** Marian Butler, 2002-02
