Rise Of The Bourgeoisie Demise Of Empire Ottoman Westernization And Social Change:

Rise of the Bourgeoisie, Demise of Empire Fatma Muge Gocek, 1996-02-01 What are the causes of imperial decline This work studies the Ottoman empire in the 18th and 19th centuries to argue that the Ottoman imperial decline resulted from a combination of Ottoman internal dynamics with external influences Specifically it contends that the split within the Ottoman social structure across ethno religious lines interacted with the effects of war and commerce with the West to produce a bifurcated Ottoman bourgeoisie This bourgeoisie divided into disparate commercial and bureaucratic elements was able to challenge the sultan but was ultimately unable to salvage the empire Instead the Ottoman empire was replaced by the Turkish nation state and others in the Balkans and the Middle East This work will appeal to students of sociology and Ottoman studies

Rise of the Bourgeoisie, Demise of Empire Fatma Muge Gocek, 1996 **Books on Turkey**, 2005 **The Diffusion of "Small" Western Technologies in the Middle East** Uri M. Kupferschmidt, 2023-10-04

In recent years we have become interested in the diffusion of small Western technologies in the countries of the Middle East during the 19th and 20th centuries the era of Imperialism and first globalization We postulated a contrast between small and big technologies Under the latter category we may understand railway systems electricity grids telegraph networks and steam navigation imposed by foreign powers or installed by connected local entrepreneurs But many small Western technologies such as sewing machines typewriters pianos eyeglasses and similar consumer goods which had been developed and manufactured in Europe and America were wanted and willingly acquired by the agency of individual users elsewhere In a few cases however the inventions had to be adapted or were overstepped and even delayed Some were adopted as social markers or status symbols only by elites who could afford them Processes of adoption and diffusion therefore differed according to cultural settings preferences and needs Social and cultural historians and social scientists not only of the Middle East will find in this collection of essays a new approach to the impact of Western technological inventions on the Middle East
