Ritual And Record Sports Records And Quantification In Pre Modern Societies:

Ritual and Record John M. Carter, Arnd Kruger, 1990-09-25 This volume expands the debate over the origins and purposes of sports records Developing the thesis of Allen Guttman Carter and Kruger explore the history and meaning of quantitative sports records in several pre modern societies The book is a chronological study of evidence of sports records in ancient Egypt Greece and Rome medieval England the Renaissance Tudor and Elizabethan England pre modern Hawaii and pre modern Japan Thematic essays on various aspects of sports records are also included The book concludes with Guttman's response to the preceding chapters Useful reference notes are provided within each chapter as well as in the bibliography This book is essential reading for students of anthropology and the history of sports The Field Douglas Booth, 2007-05-07 2006 North American Society for Sports History Book of the Year The literature on sport history is now well established taking in a wide range of themes and covering every activity from aerobics to zorbing However in comparison to most mainstream histories sport history has rarely been called upon to question its foundations and account for the basis of its historical knowledge In this book Booth offers a rigorous assessment of sport history as an academic discipline exploring the ways in which professional historians can gather materials construct and examine evidence and present their arguments about the sporting past Part 1 examines theories of knowledge while Part 2 goes on to scrutinize the uses of historical knowledge in popular and academic studies of sport history With clear structure examples summary tables and a detailed glossary The Field provides students teachers and researchers with an unparalleled resource to tackle issues fundamental to the future of their subject and sets the agenda for the debate to come **A Cultural History of Sport in the Medieval Age** Noel Fallows, 2022-08-31 A Cultural History of Sport in the Medieval Age covers the period 600 to 1450 Lacking any viable ancient models sport evolved into two distinct forms divided by class Male and female aristocrats hunted and knights engaged in jousting and tournaments transforming increasingly outdated modes of warfare into brilliant spectacle Meanwhile simpler sports provided recreational distraction from the dangerously unsettled conditions of everyday life Running jumping wrestling and many ball games soccer cricket baseball golf and tennis had their often violent beginnings in this period The 6 volume set of the Cultural History of Sport presents the first comprehensive history from classical antiquity to today covering all forms and aspects of sport and its ever changing social cultural political and economic context and impact The themes covered in each volume are the purpose of sport sporting time and sporting space products training and technology rules and order conflict and accommodation inclusion exclusion and segregation minds bodies and identities representation Noel Fallows is Distinguished Research Professor at the University of Georgia USA Volume 2 in the Cultural History of Sport set General Editors Wray Vamplew Mark Dyreson and John McClelland *Kenyan Running* John Bale, Joe Sang, 2013-09-13 1997 British Society of Sports History Lord Aberdare Literary Prize for Sports History The record breaking achievements of Kenyan athletes have caught the imagination of the world of sport How significant really is Kenya in the world of sports This

book the first to look in detail at the evolution and significance of a single sport in an African country seeks to answer these and many other questions Kenyan Running blends history geography sociology and anthropology in its quest to describe the emergence of Kenyan athletics from its pre colonial traditions to its position in the modern world of globalized sport The authors show the qualities of stamina and long distance running were recognized by early twentieth century travellers in east Africa and how modern running was imposed by colonial administrators and school teachers as a means of social control to replace the indigenous fold traditions

Body Cultures John Bale,Chris Philo,2002-09-10 *Body Cultures* explores the relationship between the body sport and landscape This book presents the first critically edited collection of Henning Eichberg s provocative essays into body culture Eichberg a well known scholar in continental Europe who draws upon the ideas of Elias Focault Habermas and others is now attracting considerable interest from Anglo American sociologists historians and geographers This collection has been extensively edited to highlight Eichberg s most important arguments and themes Introductory essays from the editors and Susan Brownell provide clear explanations and interpretations as well as a biography of Eichberg

Running Cultures John Bale,2004-06-01 Running is one of the world s most widely practiced sports and recreations but until now it has intended to elude serious study outside of the natural sciences John Bale brings the sport into the realm of the humanities by drawing on sources including literature poetry film art and sculpture as well as statistics and training manuals to highlight the tensions ambiguities and complexities that lie hidden beneath the commonplace notion of running The text explores both local and personal as well as communal and global aspects of running and its practitioners It examines the streets tracks and stadiums where athletes run the races in which they compete and the running relationships such as exist between the athlete and the coach between runners and between the athlete and spectator It discusses the importance of speed and records how running has been used to symbolise resistance and transgression and the extent to which it can be associated with a healthy lifestyle *Running Cultures* provides new ways of seeing a familiar sporting phenomenon it will appeal to both students and researchers with an interest in running in particular and sport and leisure cultures more generally

The Oxford Handbook Sport and Spectacle in the Ancient World Alison Futrell,Thomas F. Scanlon,2021-09-09 Sport and spectacle in the ancient world has become a vital area of broad new exploration over the last few decades This Handbook brings together the latest research on Greek and Roman manifestations of these pastimes to explore current approaches and open exciting new avenues of inquiry It discusses historical perspectives contest forms contest related texts civic and social aspects and use and meaning of the individual body Greek and Roman topics are interwoven to simulate contest like tensions and complementarities juxtaposing for example violence in Greek athletics and Roman gladiatorial events Greek and Roman chariot events architectural frameworks for contests and games in the two cultures and contrasting views of religion bodily regimens and judicial classification related to both cultures It examines the social contexts of games namely the evolution of sport and spectacle across cultural and political boundaries and how games

are adapted to multiple contexts and multiple purposes reinforcing social hierarchies performing shared values and playing out deep cultural tensions The volume also considers other directing forces in the ancient Mediterranean such as Bronze Age Egypt and the Near East Etruria and early Christianity It addresses important themes common to both antiquity and modern society such as issues of class gender and health as well as the popular culture of the modern Olympics and gladiators in cinema With innovative perspectives from authoritative scholars on a wide range of topics this Handbook will appeal to both students and researchers interested in ancient history literature sports and games

Encyclopedia of Traditional British Rural Sports Tony Collins, John Martin, Wray Vamplew, 2005 Providing a social economic and political study of field sports and those other activities and customs labelled as rural sports from the earliest of times to the present day in all of the United Kingdom and Ireland This book brings together several distinct types of traditional rural sports with particular emphasis on the social history and traditional aspects It contains several hundred entries focusing on individual sports and others providing analysis of key concepts themes and terminologies The Encyclopedia of Traditional British Rural Sports is an invaluable reference that provides students scholars and sports enthusiasts with a focussed and authoritative source of information on the history and culture of rural sport in Britain

A Cultural History of Sport in the Age of Enlightenment Rebekka von Mallinckrodt, 2022-08-31 A Cultural History of Sport in the Age of Enlightenment covers the period 1650 to 1800 a period often seen as a time of decline in sporting practice and literature In fact a rich sporting culture existed and sports were practised by both men and women at all levels of society The Enlightenment called into question many of the earlier notions of religion gender and rank which had previously shaped sporting activities and also initiated the commercialization professionalization and associativity which were to define modern sport The 6 volume set of the Cultural History of Sport presents the first comprehensive history from classical antiquity to today covering all forms and aspects of sport and its ever changing social cultural political and economic context and impact The themes covered in each volume are the purpose of sport sporting time and sporting space products training and technology rules and order conflict and accommodation inclusion exclusion and segregation minds bodies and identities representation Rebekka von Mallinckrodt is Professor at the University of Bremen Germany Volume 4 in the Cultural History of Sport set General Editors Wray Vamplew Mark Dyreson and John McClelland

Doing What Historians Do: Reading, Researching, and Writing History John Marshall Carter, 2009-06-06 This book is for teachers of history and social studies in grades 6-12 It would also be useful on a college or university reading list for social studies methods

A Cultural History of Sport in the Renaissance Alessandro Arcangeli, 2022-08-31 A Cultural History of Sport in the Renaissance covers the period 1450 to 1650 Outwardly Renaissance sports resembled their medieval forebears but the incorporation of athletics into the educational curriculum signalled a change As part of the scientific revolution sport now became the object of intellectual analysis Numerous books were written on the medical benefits of sport and on the best way to joust fence train horses and ride play ball games swim

practice archery wrestle or become an acrobat Sport became the visible sign of the mind's control over the physical body such control often becoming an end in itself with some sports shaped more by decorum than exercise The 6 volume set of the Cultural History of Sport presents the first comprehensive history from classical antiquity to today covering all forms and aspects of sport and its ever changing social cultural political and economic context and impact The themes covered in each volume are the purpose of sport sporting time and sporting space products training and technology rules and order conflict and accommodation inclusion exclusion and segregation minds bodies and identities representation Alessandro Arcangeli is Associate Professor at the University of Verona Italy Volume 3 in the Cultural History of Sport set General Editors Wray Vamplew Mark Dyreson and John McClelland

parkrun David Hindley, 2022-06-01 This is the first book to take an in depth look at parkrun the free weekly timed 5km run on a Saturday morning and to examine why its participants love it so much and why it has been such an astonishing success Author David Hindley a self described middle of the pack parkrunner draws on new research including interviews with other runners volunteers and organisers to shine a light on the unique combination of ingredients in parkrun's magic formula Tracing the development of parkrun from its first event in the UK in 2004 to the global network of today he takes a close look at themes like inclusion volunteering community green space health and well being and unpacks the mantra of it's a run not a race that has come to define the spirit of parkrun for so many of its participants Part sporting event part social movement and part public health intervention parkrun perhaps offers a model for sustainable public participation in other areas of social life This book is compulsory behind the scenes reading for all parkrunners and parkrun volunteers and anybody working in sport development events recreation public health volunteering or community organising

Play in Philosophy and Social Thought Henning Eichberg, 2018-08-06 To understand play we need a bottom up phenomenology of play This phenomenology highlights the paradox that it is the players who play the game but it is also the game which makes us players Yet what is it that plays us when we play Do we play the game or does the game play us These questions concern the relation between the playing subject and play as something larger than the individual play as craft play as rhythm play between normality and otherness even play as religion as a sense of spiritual play between self and other This goes deeper than the welfare political or educational intention to make people play or play more or to advise individuals to play in a correct and useful way Exploring topics such as identity otherness and disability as well as activities including skiing yoga dance and street sport this interdisciplinary study continues the work of the late Henning Eichberg and sheds new light on the questions that play at the borders of philosophy anthropology and the sociology of sport and leisure *Play in Philosophy and Social Thought* is a fascinating resource for students of philosophy of sport cultural studies sport sciences and anthropological studies It is also a thought provoking read for sport and play philosophers sociologists anthropologists cultural studies scholars and practitioners working with play

Running, Identity and Meaning Neil Baxter, Helen Jefferson Lenskyj, 2021-06-30 *Running Identity and Meaning* showcases how gender class age and ethnicity influence whether and how different groups participate in the sport and explores its role in the reproduction of social structure and the search for distinction

Embodied Nation Simon Creak,2017-08-31 This strikingly original book examines how sport and ideas of physicality have shaped the politics and culture of modern Laos Viewing the country s extraordinary transitions from French colonialism to royalist nationalism to revolutionary socialism to the modern development state through the lens of physical culture Simon Creak s lively and incisive narrative illuminates a nation that has no reputation in sport and is typically viewed even from within as a country of cheerful but lazy people Creak argues that sport and related physical practices including physical education gymnastics and military training have shaped a national consciousness by locating it in everyday experience These practices are popular participatory performative and above all physical in character and embody ideas and ideologies in a symbolic and experiential way Embodied Nation takes readers on a brisk ride through more than a century of Lao history from a nineteenth century game of tikhi an indigenous game resembling field hockey to the country s unprecedented outpouring of nationalist sentiment when hosting the 2009 Southeast Asian Games En route we witness a Lao Vietnamese soccer brawl in 1936 the fascist inspired body ethic of the early 1940s the novel modes of military masculinity that blossomed with national independence the spectacular state theatrics of power represented by Olympic inspired sports festivals and the high hopes and frequent failures of socialist sport in the 1970s and 1980s Of central concern in Creak s narrative are the twin motifs of gender and civilization Despite increasing female participation since the early twentieth century he demonstrates the major role that sport and physical culture have played in forming hegemonic masculinities in Laos Even with limited national sporting success Laos has never won an Olympic medal the healthy toned and muscular form has come to symbolize material development and prosperity Embodied Nation outlines the complex ways in which these motifs through sport and physical culture articulate with state power Combining cultural and intellectual history with historical thick description Creak draws on a creative array of Lao and French sources from previously unexplored archives newspapers and magazines and from ethnographic writing war photography and cartoons More than an imagined community or geobody he shows that Laos was also a body at work making substantive theoretical contributions not only to Southeast Asian studies and history but to the study of the physical culture nationalism masculinity and modernity in all modern societies

British Sporting Literature and Culture in the Long Eighteenth Century Sharon Harrow,2016-03-09 Sport as it is largely understood today was invented during the long eighteenth century when the modern rules of sport were codified sport emerged as a business a spectacle and a performance and gaming organized itself around sporting culture Examining

the underexplored intersection of sport literature and culture this collection situates sport within multiple contexts including religion labor leisure time politics nationalism gender play and science A poetics literature and culture of sport swelled during the era influencing artists such as John Collett and writers including Lord Byron Jonathan Swift and Henry Fielding This volume brings together literary scholars and historians of sport to demonstrate the ubiquity of sport to eighteenth century life the variety of literary and cultural representations of sporting experiences and the evolution of sport from rural pastimes to organized regular events of national and international importance Each essay offers in depth readings of both material practices and representations of sport as they relate to among other subjects recreational sports the Cotswold games clothing women archers tennis celebrity athletes and the theatricality of boxing Taken together the essays in this collection offer valuable multiple perspectives on reading sport during the century when sport became modern

The International Politics of Sport in the Twentieth Century Professor Jim Riordan, Jim Riordan, 2002-09-11 This book is the first of its kind It provides a wide ranging perspective through time and place and will be an invaluable tool for students studying sport
