Marvelous Journey A Survey Of Four Centu:

The Hand and the Glove Machado de Assis, 2014-07-15 The later novels of Machado de Assis notably *Dom Casmurro* and *Esau and Jacob* are well known in this country but the earlier novels have never been translated Here in *The Hand and the Glove* the Brazilian master's second novel rendered in English for the first time by Albert I Bagby Jr readers will find a younger gentler Assis writing a romantic comedy that is yet permeated with the lively wit characteristic of his later works The story is a simple one of love lost and love found Of love lost by Est v o amiable but vacillating who is bemused by his own romantic posturing and by Jorge superficial and calculating Of love found by Luis Alves whose self possession and determination seem destined to carry him far The love of all three men is the proud and beautiful Guiomar sure of her own heart but unsure until faced by rival claims of where to bestow it a foreshadowing of Capit the intriguing heroine of Dom Casmurro English speaking readers says Helen Caldwell in the Foreword who are already acquainted with Machado de Assis will welcome this latest addition to the translated novels True it is a period piece but its quaintness is a charm to carry us back to the Rio de Janeiro of the 1850s to vanished courtly elegance arid attitudes Now we too can know what drew Assis back to this early tale for *The Hand and the Glove* recreates in English the elegant background the charming heroine the comedy and the light hearted ebullience of the Portuguese original *U.S. Army Area Handbook for Brazil* Bela C.

Fitz,2014-11-19 This book examines the nature and function of the main female characters in the nine novels of Machado de Assis The basic argument is that Machado had a particular interest in female characterization and

that his fictional women became increasingly sophisticated and complex as he matured and developed as a writer and social commentator. This book argues that Machado developed especially after 1880 and what is usually considered the beginning of his mature period a kind of anti realistic new narrative one that presents itself as self referential fictional artifice but one that also cultivates a keen social consciousness. The book also contends that Machado increasingly uses his female characterizations to convey this social consciousness and to show that the new Brazil that is emerging both before and after the establishment of the Brazilian Republic 1889 requires not only the emancipation of the black slaves but the emancipation of its women as well.

This New World William Lytle Schurz, 1954 Bending the Rules in the Quest for an Authentic Female Identity Cristina Santos, 2004

The narrative style of both Clarice Lispector and Carmen Boullosa is characterized by a postmodern tendency toward an increased reader participation. This is accomplished by a process of liberalizing a pre established socio cultural repertoire with respect to female identity. The female protagonists created by Lispector and Boullosa and examined in this book struggle to find their true voices and their real life experiences. The resulting literary style of both these authors parallels this struggle subverting traditional narrative structure and utilizing a dialogue that is particularly suited to describe this feminine process of conscientization.

The Evolution of Literature in the Americas Earl E. Fitz, 2025-03-31

This book offers a systematic and comparative history of the evolution of literature in the Americas from the beginning to the present day. It begins with an introduction that assesses the development of the field and then proceeds to a chapter on the literature of Pre Columbian and indigenous America. It then moves forward chronologically from the arrival of the Europeans beginning in 1492 to the year 2026. Including indigenous literature the other American literatures represented in the book are those of Canada both Francophone and Anglophone the United States the Caribbean Francophone and Anglophone Spanish America and Brazil. Not every book ever written in the Americas is included of course only those that in the author's estimation offer some valid point of comparison with other American literary cultures. These points of comparison include issues of theme genre literary periods literature and other disciplines such as history art music or politics cases of influence and reception and translation. The book's emphasis is on viewing American literature from a hemispheric and comparative lens.

The Dismantling of Brazil's Old Republic Ilan Rachum, 2015-11-17

In the years 1922 1930 Brazil's political and cultural arenas were bestirred by distinct movements of protest and demand for change forcing a great shift in the manner Brazilians perceived themselves and their country and shaping a national climate of opinion which led to a revolution and substantial reforms. This book follows the progression of these events with special focus on the rebelling young military officers and the modernist artists highlighting their internal controversies and evolving ideologies. Additional coverage is given to the growing demands for change among the urban population particularly as articulated by the daily press and to intellectuals who expressed their opinions on pressing national problems all of which attest to not only a change of ideas but an initial polarization into opposing and rival political currents.
