*Literary Representations of Japan: At the Intersection of David Mitchell and Haruki Murakami's Worlds* Eugenia Prasol, 2023-09-12

This book will focus on analyzing the different aspects of Japan's representation in the novels of Haruki Murakami and David Mitchell

It is proven that Murakami creates and recreates Japan without implementing any orientalist features or exotic imagery

In the works of both authors the intent to depict a new world of Japan stripped of traditional stereotypical traits becomes clear

The difference between Murakami and Mitchell's representation of Japan lies in the difference between Japan as seen by the Japanese and Japan as seen by modern Westerners but both are correct images of Japan

It is a recreation of the global image of Japan

In that sense the texts of Murakami and Mitchell are complementary representations of Japan through East West cultural dialogue

Studying the representations of Japan and Japanese national character helps to understand the role of Murakami and Mitchell in the formation of a new image of Japan

the de stereotyping of anachronistic ideas about Japanese national exclusivity enriching by

doing so the world literature with new visions of the country and its culture The purpose of the comparative analysis of English and Japanese literary works performed in this work is to reveal both deep analogies and differences in the representation of the image of Japan actualizing the national specificity of the texts This research advances the understanding of how both general and specific components of literary representations of Japan and Japaneseness are manifested in the East West cultural dialogue      **David Mitchell's Post-Secular World** Rose Harris-Birtill,2019-01-10

in Twenty-First Century British Novels Peter Childs, James Green, 2013-08-15 A fresh set of concerns face the twenty first century British novelist In this study of the four key novelists Zadie Smith Nadeem Aslam Hari Kunzru and David Mitchell the changes in narrative approaches and critical directions of a new post 1989 fiction are explored Close readings of the writers are informed by a range of contemporary theorists critics and commentators to reveal the emphases of twenty first century fiction Terror fear consumerism multinationalism and corporatism the terms circulating in culture and social networks are evident in Smith s faith in ethical living Aslam s consideration of multiculturalism the novels Kunzru builds around the politics of identity and in the importance Mitchell places on the interconnectedness of human life By putting the emergence of a new British literary dynamic in the context of ethical as well as global contexts this study analyzes the transformed fictional perceptions of a world no longer defined by the stand off of super powers The Digital Humanities and Literary Studies Martin Paul Eve, 2022 A short introduction and overview of developing intersections between digital methods and literary studies that offers the best starting place for those who wish to learn more about the possibilities but also the limitations of the digital humanities in the literary space *Genre Bending* Jeremy Rosen, 2025-12-09 Detective horror fantasy romance science fiction spy thrillers westerns zombie novels In recent decades acclaimed and ambitious writers of literary fiction have increasingly gravitated to popular fiction genres In this comprehensive account Jeremy Rosen describes literary fiction s embrace of genre fiction s conceits as genre bending and argues that while literary writers adopt genres for a wide variety of purposes what they share is a revitalized attitude toward genre a recognition that while genres can be used in formulaic ways they can also be adapted and transformed endlessly Rosen reads across the outpouring of fiction of the last several decades by writers like Margaret Atwood Michael Chabon Jennifer Egan Louise Erdrich Kazuo Ishiguro Chang rae Lee David Mitchell Cormac McCarthy Ian McEwan Haruki Murakami and Colson Whitehead He finds that literary writers embrace of popular genres is the product of several seemingly contradictory forces including their attempt to extend a modernist inspired project of formal experiment to pursue high cultural prestige and to preserve the distinctiveness of the literary which they perceive to be under threat while also embracing the role of providing pleasure to readers Examining what today s most critically acclaimed and widely read literary writers have done with the genres of genre fiction *Genre Bending* reveals the values practices and forms as well as the tensions that constitute literary fiction today
