Nursing Research Sampler A Selection Of Readings From Nursing Research:

Nursing Research Sampler Dorrian Apple Sweetser, 1973 *Basic Steps in Planning Nursing Research* Marilynn Wood, Janet C. Kerr, 2011 *Basic Steps in Planning Nursing Research From Question to Proposal* is the perfect introduction to the research process. It details the development of an effective research plan and guides readers through all stages of the process from finding a research topic to the final written proposal. It takes an in-depth focus on the planning process which makes it an excellent tool for beginners while still being relevant to people at all levels of study who need to develop a research plan. The Seventh Edition continues to teach readers how to prepare an appropriate question and topic and the steps it takes to formulate a conclusion. All of the chapters have been updated with new references and current information including a renewed focus on evidence-based practice and an expansion of research ethics. Proposals are included at the end of the text to help students learn. *Basic Steps in Planning Nursing Research* Pamela J. Brink, Marilynn J. Wood, 2001. This text explores the theory, rationale, and literature behind nursing research, viewing the research proposal as a problem-solving process and focusing on the beginning phase of research: the research plan. It shows how to write a researchable question, develop a research problem, use and critique. *Nursing Research* Denise F. Polit, Cheryl Tatano Beck, 2004. This graduate-level nursing research textbook continues the expansion of coverage on qualitative research, including important issues for specific qualitative traditions such as grounded theory, phenomenology, and ethnography. Developing solid evidence for practice will be emphasized throughout the text, and important evaluative concepts like reliability, validity, and trustworthiness will be introduced. Other new features include stronger international content with an emphasis on Canadian and Australian research, inclusion of tips in boxes located in appropriate places throughout the chapters, and the use of summary bullet points. This edition will now offer a free Connection Website connection: LWW.com/go/polit.
