Nurturing the Souls of Our Children Robert Mitchell, 2005 The Sin of Obedience is one of the few works of fiction or non-fiction that looks profoundly and with deep personal reflection into the training of a Catholic priest. The novel, rich and accurate in detail, is the story of a young prodigy torn between the rigid religious traditions and convictions of his mother and the more humanity-oriented respect for freedom of his father. Building on his own experiences, including being the subject of sexual abuse by a seminary teacher, the author unfolds a picture of religious life in which the cornerstones of celibacy and a vow of obedience have forced seminarians and priests to make difficult and often impossible decisions in their own personal lives. This well-crafted story enables the reader to go along with a young boy seminarian and priest on his idealistic pursuit and mission and the consequences he has to face as a result.

The Soul of the Child Michael Gurian, 2002-11-01 With *The Wonder of Girls* and *The Wonder of Boys*, bestselling author Michael Gurian presented his groundbreaking views of parenting. And it couldn't have come at a better time. Nurturing the Souls of Our Children Thomas F. Geary, Bonnie L.

Geary, 2002. *Nurturing the Souls of Our Children* proposes that psychologically and spiritually balanced parents are best equipped to relate more deeply and joyfully to the uniqueness of their children. This is nurturing the soul. It is what children today need more than anything else. Based on their experience as parents, as church ministers, and as professional counselors for over 25 years, Dr. Thomas Geary and his wife Bonnie are well qualified to integrate the psychological with the spiritual. Their book offers hope to frequently overwhelmed and confused parents searching for values and guidelines in an increasingly materialistic society. Their suggestions are clothed in practical, humorous, and touching stories reflective of the real world where families live. **10 Principles for Spiritual Parenting** Mimi Doe, Marsha Walch, 1998-06-03. In the hustle

and bustle of everyday life, how do we as parents honor the spirituality of our children? As we shuttle between school, soccer practice, piano lessons, ballet lessons, birthday parties, and doctors' appointments, how do we find the time to encourage our children through the ups and downs of growing up to turn to God for guidance? In *10 Principles for Spiritual Parenting*, Mimi Doe and Marsha Walch open our eyes to the spontaneous, creative, freethinking joy that characterizes a child's innate spirituality. In ten easy-to-follow chapters containing exercises and practical suggestions, the authors point out that opportunities to express spirituality are abundant in our routine life. Talking at dinner, lighting candles, performing daily chores—all of these events have the potential to be sacred moments. Contemporary parents face unique challenges. In our media-saturated culture, children are continually exposed to violence, cynicism, and a confusing code of ethics. By offering concrete ways to help children develop positive values, Mimi Doe and Marsha Walch support parents' efforts to counteract negative messages. *10 Principles for Spiritual Parenting* is an invaluable guide for parents who yearn to help their children nurture a rich spirituality of their own. AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity's underside. The result is the AAEC's spiritual moral lack in late modernity. Chapter 1 introduces the problem of the AAEC. Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards, Horace Bushnell, and Lawrence Richards. Chapters 4 and 5 constitute the synchronic perspective of the AAEC. Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro's theory of interpretive reproductions, and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider's moral theology of affluence. Chapter 6, *Whither the AAEC*, concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty-first century.

Teacher Robert Mitchell, 2024-07-24. The vocational archetype stands behind the character of the teacher's personality, focusing lessons on both the intellectual and personality development of students. Teachers discover the vocational archetype in themselves through trial and error. The teacher-student relationship in the autonomy of the classroom inspires the mind and nurtures the character of the soul. However, consciousness of mind and soul are different. Soul consciousness has an imagistic nature that can see the spiritual archetype that stands behind the individual personality. The child archetype is depicted in many cultures as the divine child. The archetype of the adolescent is the hero. The vocational archetype of the teacher is expressed in personality and character, nurturing the archetypal characteristics in the personalities of the students. However, many teachers have lost touch with the archetypal characteristics of their vocation and must seek the vocational archetype on their own through trial and error. This book is a portrait of one teacher's process of seeking the vocational archetype. Experiences with students are a major part of the process. The other part is to find and defend a classroom philosophy that evokes the teacher archetype in front of the students, their parents, and the administration. The author will inspire, encourage, and empower teachers who are seeking the vocational archetype in themselves and give voice to the vocational archetype in our school communities and in our culture.
