Odyssey is literature's grandest evocation of an everyman's journey through life. Odysseus' reliance on his wit and willingness for survival in his encounters with divine and natural forces during his ten-year voyage home to Ithaca after the Trojan War is at once a timeless human story and an individual test of moral endurance. In the myths and legends retold here, Fagles has captured the energy and poetry of Homer's original in a bold contemporary idiom and given us an Odyssey to read aloud to savor and to treasure for its sheer lyrical mastery. Renowned classicist Bernard Knox's superb introduction and textual commentary provide insightful background information for the general reader and scholar alike, intensifying the strength of Fagles's translation. This is an Odyssey to delight both the classicist and the general reader, to captivate a new generation of Homer's students. This Penguin Classics Deluxe Edition features French flaps and deckle-edged paper. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

FrC 14 Theopompos Matthew C. Farmer, 2022-05-16 Theopompos was one of the leading comic playwrights of late fifth and early fourth-century Athens, competing actively with the great Aristophanes and winning several victories. This volume presents the first complete translation and commentary on his surviving fragments. He participated in important trends during the transition from Old to Middle Comedy, including tragic and epic parody and an interest in the figure of the hetaira. Among other gems, his fragments include the oldest extant reference to the philosopher Plato.

Odyssey Homer, 2000-03-01 Lombardo's Odyssey offers the distinctive speed, clarity, and boldness that so distinguished his 1997 Iliad.

The Essential Odyssey Homer, 2007-09-15 This generous abridgment of Stanley Lombardo's translation of the Odyssey offers more than half of the epic, including all of its best-known episodes and finest poetry, while providing concise summaries for omitted books and passages. Sheila Murnaghan's Introduction, a shortened version of her essay for the unabridged edition, is ideal for readers new to this remarkable tale of the homecoming of Odysseus.

Cyclops Mercedes Aguirre, Richard Buxton, 2020-05-10 A Cyclops is popularly assumed to be nothing more than a flesh-eating one-eyed monster. In an accessible, stylish, and academically authoritative investigation, this book seeks to demonstrate that there is far more to it than that. Quite apart from the fact that in myths the Cyclopes are not always one-eyed, this book provides a detailed, innovative, and richly illustrated study of the myths relating to the Cyclopes from classical antiquity until the present day. The first part is organized thematically, after discussing various competing scholarly approaches to the myths; the authors analyze ancient accounts and images of the Cyclopes in relation to landscape, physique (especially eyes, monstrosity, and hairiness), lifestyle, gods, names, love, and song. While the man-eating Cyclops Polyphemus is famous already in the Odyssey, he plays a major part, so also do the Cyclopes who did monumental building work as well as those who toiled as blacksmiths. The second part of the book concentrates on the post

classical reception of the myths including medieval allegory Renaissance grottoes poetry drama the visual arts contemporary painting and sculpture film and even a circus performance This book aims to explore not just the perennial appeal of the Cyclopes as fearsome monsters but the depth and subtlety of their mythology which raises complex issues of thought and emotion *The Encyclopædia Britannica* Hugh Chisholm, 1911
