Pastoral Care To Black South Africans:

Pastoral Care to Black South Africans Howard Henry Eybers, 1991 **Counseling and Pastoral Care in African and Other Cross-Cultural Contexts** Tapiwa N. Mucherera, 2017-11-03

The coming of Colonization and Christianity to Africa and other indigenous cross cultural contexts was a mixed bag of pros and cons. The impact of the advent of the two has had a lasting effect being felt even today. It created issues of bi culturalism and bi religiousness in personal and religious identities that counselors and the church need to address when working with people from these contexts. There is the existence of deep cultural trauma including psychological and spiritual scars needing healing for those living in most of these post colonial contexts. The Western counseling approaches and Christian rituals need contextualization. A counselor or pastoral caregiver with an integrative consciousness is required to address the psychological and religious identity conflicts existing in African and other indigenous cross cultural contexts.

The Spiritual Practices of South African Clergy Shaun Joynt, 2024-12-15

Clergy play an important role in the spiritual wellbeing of their congregation. They are entrusted by the Great Shepherd to shepherd his flock which entails leading them to green pastures and still waters for example pastoral care and defending them from predatory animals for example heresy. However, clergy are sheep before they are shepherds and are also in need of the green pastures and still waters of meditation, prayer, fasting, and Bible study. These are known as inward spiritual disciplines, exercises, and have been practiced for centuries. *Spiritual Practices of South African Clergy* State of the Clergy discusses these inward spiritual disciplines, mental, physical, spiritual, and social benefits. The volume explores how clergy from five diverse denominations practice these specific inward spiritual disciplines. They include the Methodist, Netherdutch, Pentecostal, Presbyterian, and Roman Catholic faith traditions. This book focuses on clergy in the Global South and how they practice these spiritual disciplines within their context. Clergy, congregants, academics, and lay persons alike will benefit from the research conducted.

Theological Context for Pastoral Caregiving William M Clements, Howard W Stone, 2013-09-05

In *Theological Context for Pastoral Caregiving* Howard W Stone helps his fellow pastors and worship leaders provide effective and faithful pastoral care and counseling through the study of the correlation between pastoral care and theology. You will learn that in order for pastoral care to be effective it must have a theological base to shape the caregiving experience. At the same time, theology must be informed by the needs and experiences of the people being served and by the ministry of pastoral care. By relating these two issues, you gain a unique viewpoint not offered by books with simply a psychological focus. The author draws from his day to day clinical practice of pastoral care and counseling to show how pastoral care and theology can be brought together. Through Howard Stone's work, the reader learns of an overview of pastoral care and counseling today, how to provide a pastoral assessment of the persons served, the author's theological understanding of the ministry of pastoral care and counseling, methods for correlating theology and pastoral care, how spiritual direction as a discipline can help pastoral care and counseling ministry regain a solid theological base, theological

themes that might be more explicitly and intentionally related to pastoral care. Theological Context for Pastoral Care giving provides useful information for parish pastors, people in training to be parish pastors and specialists in the field of pastoral care counseling. As one of the easiest to read books on this subject, it can also be used as a text for graduate level classes in courses such as Theology and Pastoral Care, Pastoral Theology and Practical Theology. With this book, seminary students will finally be able to relate the practical things learned in pastoral counseling classes with what is learned in theology classes.

Spirituality in diversity: South East Asia meets South Africa - Towards a global view of Spiritual Counselling Ulrike Elsdörfer, 2019-12-12. The purpose of this book is to introduce the special phenomenon of Spiritual Counselling as it is practised by Christians in South East Asian countries in the last 50 years. Reference is also made to the current theory and practice of Spiritual Care and Counselling, especially as a practice of Christian churches in different countries, predominantly in Indonesia. Previously, it was noticed that there was a lack of knowledge on the above mentioned field at least in the European context, but also globally. The author is part of an academic exchange on the subject of Spiritual Counselling between the two regions described: Indonesia, India and Japan, attached and South Africa. The latter is looked at with special regard to Spiritual and/or Pastoral Counselling. The theological frame of reference is Public Theology. It lays foundations, explores and designs the social implications of religious work, especially in multi-religious societies. The book does not aim at giving a perfect survey of the current state of research in the field. It is based on encounters with colleagues, interviews and documents.

A Study of Pastoral Care of the Elderly in Africa Samuel Ayete-Nyampong, 2014-08-26. In this book, Rev. Dr. Samuel Ayete-Nyampong has revealed his passion for the good quality of life for the ageing population in Africa and the development of Pastoral Gerontology courses in Theological Institutions across Africa. This book is a resource material for building the capacity of church leaders in the provision of care and support for the ageing population in Africa. All who read this book will find it inspiring, full of deep thoughts and a challenge to the church and state, thereby provoking sensitivity to the needs of the ageing population in Africa. This book is highly recommended for church leaders, theological students, students of Gerontology and to all who have a passion to promote the quality of life of the ageing population.

Pastoral Counseling for Orphans and Vulnerable Children Tuntufye Anangisyé Mwenisongole, Elia Shabani Mligo, 2018-04-27. The existence of orphans is as inevitable to most African cities and the world as it is death. These orphans are caused by the death of one or both parents due to various reasons, including the scourge of HIV and AIDS. Being orphans, most of them are vulnerable to difficult lives because they have nobody to fend for them and take care of their lives. They lack adequate food, living expenses, school fees and care, since their current guardians are also in adverse economic situations. In such situations, orphans end up living a life of hopelessness and trauma, which makes them deeply remember their dead parents and the care they received from them before death. Following the vulnerable situation of most orphans, this book, through a study done in the Tanzanian context, challenges churches to extend their counseling and caring ministries to Orphans and Vulnerable

Children OVC It purports that the use of narrative approach is the most effective way to enter into the world of vulnerable children in order to provide pastoral counseling to them This approach helps pastoral counselors to use life stories proverbs biblical narratives plays arts songs riddles poems symbols and images as healing and coping mechanisms for OVC Therefore this book is helpful not only to churches and their ministry to orphans and vulnerable children but also to those who care for orphans in their homes Moreover it will be helpful to children who live in adverse conditions worldwide to find ways to cope with their situations through the stories of children used inside this book **Ministry in the Anglican Tradition** John L. Kater, 2025-09-04

This book offers a global perspective on how Anglican ministry evolved throughout a century marked by radical upheavals and dramatic changes in theological social and political perspectives That history begins with the end of the Victorian era when Anglicanism had spread around the world but was deeply enmeshed with colonialism and it was assumed that it was shaped and defined by its North Atlantic history Kater explores how the Anglican Way became rooted in widely different contexts and identifies the many pressures and movements that challenged that history including two world wars a global Depression anti colonialism and the struggles against the many forms of oppression and discrimination that marked the century This book is the story of how Anglican ministry has been broadened and deepened by its constantly growing diversity even as that diversity has brought new challenges Essays on Being Reformed Dirkie Smit, 2009-12-01

What does it mean to be Reformed Christians in the world today and in Africa and South Africa What does it mean to commemorate the legacy of John Calvin 1509 1564 after 500 years in a modern world characterised by democracy by popular notions of human dignity and human rights by worldwide struggles for individual freedoms and for social justice by a global economy in crisis when social historians argue about the lasting contribution of Calvin and his followers precisely with respect to all these modern phenomena The 28 essays by Dirkie Smit selected for this volume deal with such questions

How to Equip the African American Family George Abatso, Yvonne Abatso, 1991 Can the African American family thrive in the 21st century According to the authors It is through flexibility resiliency clarification of values and commitment to God that the black family can continue to survive in spite of pressures bearing down upon it The book contains guidelines for strengthening single parent dual parent and extended African American families Each chapter contains case studies and Bible applications Pragmatic Spirituality Gayraud S. Wilmore, 2004-07-01 Gayraud S Wilmore an internationally renowned scholar of the history of the African American church is one of the founders of black theology and author of Black Religion and Black Radicalism Pragmatic Spirituality brings together some of his most compelling writings to speak to continuing issues in African American Christianity and black theology The volume makes available for the first time several of Wilmore s previously unpublished essays including a new chapter on womanist theology written for this book Each chapter has been thoroughly reviewed and where appropriate reworked for this volume in order to create a coherent work which reveals a consistent pragmatic spirituality in African and African American religious practice This book presents a view of the

Christian faith and life at variance with the quest for personal sanctity by emphasizing communal empowerment for humanization and justice Pragmatic Spirituality incorporates some of the most engaging of Wilmore s voluminous writings to reinstate a persistent theme that black or Africentric faith transposes itself from basically numinous and ecstatic elements in African and African diasporic religions to the immediate and practical work of healing and empowering the poor and marginalized This book transcends a narrow Africentrism to call for a broad acquaintance with a historic motif in black faith that has to do with compassion justice equality and the liberation of all people This illuminating volume displays Wilmore s influence on the development of black theology for over fifty years and introduces his work to a new generation of scholars

African American Christian Worship Melva W. Costen, 2010-09-01 In this update to her 1993 classic African American Christian Worship Melva Wilson Costen again delights her reader with a lively history and theology of the African American worship experience Drawing upon careful scholarship and engaging stories Dr Costen details the global impact on African American worship by media technology and new musical styles She expands her discussion of ritual practices in African communities and clarifies some of the ritual use of music in worship In keeping with recent congregational practices Dr Costen will also provide general orders of worship suitable for a variety of denominational settings **Religion, Gender, and Wellbeing in Africa** Chammah J. Kaunda, 2021-05-11 Religion Gender and Wellbeing in Africa argues that in many African societies ideas and practices of wellbeing and gender relations continue to be informed and shaped by religious epistemologies The contributors affirm that for many Africans it is through religio spiritual frameworks that daily experiences interactions and gender relations are understood and interpreted However for many African women religions have functioned as a double edged sword Although they have contributed to the struggle against issues such as colonialism gender justice climate justice and human rights they have also endorsed and perpetuated sexism heterosexism homophobia and the denial of human rights for a wide variety of people on the margins The chapters within this collection demonstrate that most religions and religious formations in Africa have not yet positioned themselves as forces for wellbeing gender justice and security for African women and children The contributors challenge simplistic and superficial readings and interpretations of religio spirituality in Africa and call for deeper engagements of the interplay between Africa s religio spiritual realities and the wellbeing of women particularly around issues of gender justice reproductive health and human rights T&T Clark Handbook of African American Theology, 2019-07-25 This handbook explores the central theme of Christian faith from various disciplinary approaches and different contexts of black experience in the United States The central unifying theme is freedom an important concept both in American culture and Christianity African American theology represents a Christian understanding of God s freedom and the good news of God s call for all humankind to enter life true human identity and moral responsibility in genuine and just community Contributors to the volume argue that African American theology highlights how racism and other intersecting forms of oppression complicate the human predicament and that their

eradication requires an expansion of salvation to include the liberation of persons who lack full participation in society and enjoyment of the good and goods made possible by that society The essays in this handbook employ the tools of biblical criticism history cultural and social analysis religious studies philosophy and systematic theology in order to explore and assess the nature and impact of race ethnicity gender sexuality class immigration and cultural and moral pluralism in America as well as the intersections between African American and African diasporan religious thought and life **The Wiley Blackwell Companion to Practical Theology** Bonnie J. Miller-McLemore, 2014-01-07 Through a series of essays contributed by leading experts in the field The Wiley Blackwell Companion to Practical Theology presents an introduction to practical theology as a major area of Christian study and practice including an overview of its key developments themes methods and future directions The first comprehensive reference work to provide a survey description and analysis of practical theology as an area of study A range of leading scholars in the field provide original contributions on the major areas issues and figures in practical theology Reviews an extensive range of methods for studying theology in practice along with sub disciplines in theological education such as pastoral care and preaching Covers developments in the discipline in a range of global contexts and distinct Christian traditions Shows how practical theology is relevant to everyday life The Human Image of God Hans-Georg Ziebertz, Friedrich Schweitzer, Hermann Häring, Don Browning, 2021-10-01 A new wave of religious energy is sweeping through the western nations Although God is disappearing from religious discourse in western culture both as a word and as a concept there is a definite undercurrent of religious ardour which is growing in strength It focuses all the more attention on the issue what or who is God in the modern era This is the question examined through systematic studies practical theology and empirical research that are presented here through anthropologically relevant theology Renowned international authors make it plain in this book the question of God is exciting again This book is published in honour of Johannes A van der Ven on the occasion of his 60th birthday Redeeming the Past Michael Lapsley, Stephen Karakashian, 2012-01-01 In 1990 Fr Michael Lapsley an Anglican priest and monastic from New Zealand exiled to Zimbabwe because of his anti apartheid work in South Africa opened a package and was immediately struck by the blast of an explosion The bomb suspected to be the work of the apartheid era South African secret police blasted away both his hands and one of his eyes His memoir tells the story of this horrendous event backing up to recount the journey that led him there particularly his rising awareness of the radical social implications of the gospel and his identification with the liberation struggle and then the subsequent journey of the last two decades Returning to South Africa Lapsley saw a whole nation damaged by the apartheid era So he discovered his new vocation to become a wounded healer drawing on his own experience to promote the healing of other victims of violence and trauma *Flocking Together: An Indigenous Psychology Theory of Resilience in Southern Africa* Liesel Ebersöhn, 2019-07-03 This book describes how those individuals who are often most marginalised in postcolonial societies draw on age old non western knowledge systems to adapt to the hardships

characteristic of unequal societies in transformation It highlights robust indigenous pathways and resilience responses used by elders and young people in urban and rural settings in challenging Southern African settings South Africa Namibia Lesotho and Swaziland to explain an Indigenous Psychology theory Flocking rather than fighting fleeing freezing or fainting is explained as a default collectivist collaborative and pragmatic social innovation to provide communal care and support when resources are constrained and needs are par for the course Flocking is used to address amongst others climate change drought and energy use in particular lack of household income and securing livelihoods food and nutrition chronic disease specifically HIV AIDS and tuberculosis barriers to access services education healthcare social welfare support as well as leisure and wellbeing The book further deliberates whether the continued use of such an entrenched socio cultural response mollifies citizens and decision makers into accepting inequality or whether it could also be used to spark citizen agency and disrupt longstanding structural disparities

Rediscovering Jesus in Our Places Elia Shabani Mligo, 2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes in cultures technologies economic policies and even people s religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches
