Lamport, 2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best Orthodox biblical but open to new insights about how to interpret Scripture But the new insights must be faithful as well as fresh Postconservative theology is not the same as progressive theology which tends to lean toward indeterminant faith expressions whereas postconservative allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation

Making and Unmaking Disability Julie E. Maybee, 2019-09-16 If the future is accessible as Alisa Grishman one of 55 million Americans categorized as having a disability writes in this book s cover image then we must stop making or constructing people as disabled and impaired In this brave new theoretical approach to human physicality Julie E Maybee traces societal constructions of disability and impairment through Western history along three dimensions of embodiment the personal body the interpersonal body and the institutional body Each dimension has played a part in defining people as disabled and impaired in terms of employment healthcare education and social and political roles Because impairment and disability have been constructed along all three of these bodies unmaking disability and making the future accessible will require restructuring Western institutions including capitalism changing how social roles are assigned and transforming our deepest beliefs about impairment and disability to reconstruct people as capable Ultimately Maybee suggests unmaking disability will require remaking our world
