Power To Hurt:

The Power Within B. Adams-Robinson, 2011-11-17 Have you ever noticed that people rarely say that they are happy anymore We may be okay alright or hanging in there but seldom do you hear anyone say they are happy or wonderful or having an outstanding day We have become a nation of make do people with a just getting by mentality and have allowed the traumas and difficulties of our past to define who we are and how we live We fervently hang on to the negative anger frustrations disappointments setbacks and unforgiveness as a sign that we are meant to live less than lives We have become so comfortable with the negativity that it is impossible for God to elevate us from the pit of our mess to a position of power and authority The problem with hanging on your past mess is that it keeps you bound in mediocrity and misery The negativity easily becomes a cloak that you wear and makes it impossible to believe that you can ever be more or have more than the less than life you have settled for The mess muck and mire of the past has eroded the ability to hope dream and aspire to anything more than mere existence Isn't it time to move past existing and begin to truly live this glorious thing called life If you know in the deepest core of your being that life has more to offer than what you have settled for it's time to take a bold stand to take back all that has been taken from you It's time for you to embrace all those awesome promises of God's Word to live your best life now It's time to tap into the power and greatness within you to be all that you are called to be The Power Within is a life changing guide that teaches you how to make the journey from hopelessness to hope filled purpose It provides God directed guidance and strategic steps to release the trash bags of your past and embrace the glory of true living and destiny If you are sick and tired of being sick and tired and WANT to get off the roller coast of mediocrity the power for you to prosper and overcome is within you Whether you are confused and lost about your purpose and need some direction on how to make it to your next level or anger and unforgiveness has consumed you and you need help figuring out how to begin your journey of release or you are highly accomplished and don't know why you still have that empty void The Power Within will help you get on track to walking in your purpose Don't let the mess muck and mire of your past keep you stuck in neutral living a less than life You were born for greatness but only you can take that bold step to make it happen The Power Within is your roadmap to become all that God has called you to be and live your happy hope filled purposed destiny A

Concordance of the Qur'an Hanna E. Kassis, 2023-11-03 From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur'an is not really translatable This does not mean that the Qur'an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hana Kassis's concordance in my view is that it utilizes the semantic structure of

Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue point or concept. A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an the word pride for example is directed immediately to the roots of the Arabic Qur'anic terms for pride. At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur'an in which they appear are there listed in translation. I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself. Fazlur Rahman, Professor of Islamic Thought, University of Chicago. From the Foreword. This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an. The personal skills include cognitive restructuring, emotional management, behavioral redirection and spiritual enlightenment.
