**The End of Strife** Leland Johnson,2014-11-10 The purpose of this book is to explain both the causes for the social and cultural breakdown s in today s world as well as the solutions to our societal regression The causes come from multiple fronts and did not develop in a matter of days weeks months years decades or even generations The degenerative process that has led humanity to the suicidal path it is currently embarked upon has taken several centuries of progressive corruption to reach this point However there is a way to reverse course and heal our society again returning it to its former strength and health The way in which a true peace can be realized in this world will be explained It must be admitted that what it takes to achieve a more universal peace is difficult and burdensome on people for many and various reasons However when the reader looks at the state of the world today it is hopeful that they will choose the difficult and burdensome road required in order to maintain a peaceful civilization rather than the bloody chaos and anarchy transpiring in today s world     **Identity, Attachment and Resilience** Antonia Bifulco,2017-09-06 Identity Attachment and Resilience provides a timely foray into the new field of psychology and genealogy exploring the relationship between family history and identity The field encompasses family narratives and researches family history to increase our understanding of cultural and personal identity as well as our sense of self It draws on emotional geography and history to provide rich yet personalised contexts for family experience In this book Antonia Bifulco researches three generations of her own Czechowski family beginning in Poland in the late nineteenth century and moving on to post WWII England She focuses on key family members and places to describe individual experience against the socio political backdrop of both World Wars Utilising letters journals and handwritten biographies of family members the book undertakes an analysis of impacts on identity sense of self attachment family ties and resilience coping under adversity drawing out timely wider themes of immigration and European identity Representing a novel approach for psychologists linking family narrative to social context and intergenerational impacts Identity Attachment and Resilience describes Eastern European upheaval over the twentieth century to explain why Polish communities have settled in England With particular relevance for Polish families seeking to understand their cultural heritage and identity this unique account will be of great interest to any reader interested in family narratives immigration and identity It will appeal to students and researchers of psychology history and social sciences     **Library of Congress Catalogs** Library of Congress,1980     **Subject Catalog, 1979** Library of Congress,1979     Subject Catalog Library of Congress,1979

**Readings in European History** James Harvey Robinson, 1906     American Book Publishing Record ,2004     **Russia and Eastern Europe, 1789-1985** Raymond Pearson, 1989     Daily Life through World History in Primary Documents Rebecca Bennette, David M. Borgmeyer, David Matz, Lawrence Morris, 2008-12-30 Who did the ancient Greeks describe as the world's best athlete? What does the Koran say about women's rights? How has the digital revolution changed life in the modern age? From the law courts of ancient Iraq to bloody Civil War battlefields, explore the daily lives of people from major world cultures throughout history as presented in their own words. Bringing useful and engaging material into world history classrooms, this rich collection of historical documents and illustrations provides insight into major cultures from all continents. Hundreds of thematically organized annotated primary documents and over 100 images introduce aspects of daily life throughout the world including domestic life, economics, intellectual life, material life, politics, religion, and recreation from antiquity to the present. Document selections are guided by the National Standards for World History, providing a direct tie to the curriculum. Analytical introductions explain the key features and background of each document and create links between documents to illustrate the interrelationship of thoughts and customs across time and cultures.

**Volume 1: The Ancient World** covers the major civilizations from ancient Sumeria (3000 BCE) through the fall of Imperial Rome (476 CE), including Egypt, Greece, and Israel, and also covers China and India during the births of Hinduism, Buddhism, and Confucianism.

**Volume 2: The Middle Ages and Renaissance** covers the development of European culture from the Germanic migrations of the fifth century CE through the university movement of the late middle ages and the sixteenth-century growth of global empires and the collapse of the kingship in seventeenth-century England. Also covered are the Native empires of the Americas and the rise of Islamic culture throughout the Middle East and Africa.

**Volume 3: The Modern World** spans the period from the Enlightenment through the modern Internet era and global economy, including the founding of the United States, colonial and post-colonial life in Latin America and Africa, and the growth of international cultures and new economies in Asia. Document sources include The Code of Hammurabi, The Manu Smṛiti, Seneca's On Mercy, Josephus's Jewish Antiquities, The Koran, Dante's Divine Comedy, Bernal Díaz del Castillo's The True History of the Conquest of Mexico, The Travels of Marco Polo, Brahmagupta's principles of mathematics and astronomy, The Mayan Popul Vuh, the diary of a Southern plantation wife during the Civil War, and letters from an American soldier in Vietnam.

Thematically organized sections are supplemented with a glossary of terms, a glossary of names, a timeline of key events, and an annotated bibliography. Document selections are guided by the National Standards for World History, providing a direct tie to the curriculum. This collection is an invaluable source for students of material history, social history, and world history.
