The Gospel of John and Jewish-Christian Relations Adele Reinhartz, 2018-10-15 The Fourth Gospel is at the same time a sublime work that has inspired and enriched the faith of countless Christians and a problematic text that has provided potent anti Jewish imagery exploited in anti Jewish and anti Semitic discourse over the course of two millennia The Fourth Gospel contains approximately 70 references to *hoi ioudaioi* a designation most often and best translated as the Jews Several of these references are neutral or descriptive referring to Jewish festivals or specific practices and some depict individual Jews or Jewish groups as interested in Jesus message The vast majority however express a negative or even hostile stance towards the Jews These passages express several themes that became central to Christian anti Jewish and anti Semitic discourse These include the charge of deicide killing God and the claim that the Jews have the devil as their father 8 44 The essays in this book address both the Gospel's stance towards the Jews and the Gospel's impact on Jewish Christian relations from antiquity to the present day in a range of media including sermons iconography art music and film A short volume of collected essays cannot hope to address the full history of the Fourth Gospel's impact on Jewish Christian relations Nevertheless it is hoped that this volume will contribute to the efforts of Christians and Jews alike to find ways to appreciate what is good and life affirming about the Gospel of John while also acknowledging the damaging impact of its portrayal of Jews as the children of Satan and the killers of Christ Only when Christians disavow this portrayal can the Gospel of John continue to be a true source of inspiration and perhaps even a path forward in the relationships between Jews and Christians in the modern world

Military Chaplains' Review, 1985 *The Ties that Bind* Esther Kobel, Meredith Warren, Jo-Ann A. Brant, 2023-06-15 Friendship and other intimate but not always amicable relationships have received some attention in the greater field of research on early Judaism and Christianity though not as much as deserved This volume celebrates and builds upon the life long work of Adele Reinhartz covering the various permutations of relationships that can be found in the Gospel of John the wider corpus of early Jewish and Christian literature and cinematic re imaginings thereof While the issue of whether one can befriend the Fourth Gospel in light of the book's legacy of antisemitism is central to many of the essays in

this volume others address other more or less likely friendships Pilate Paul Lazarus Judas or Mary Magdalene Likewise the bonds between ancient texts and contemporary retellings of their stories feature prominently with contributors asking what kinds of relationships filmmakers encourage their audiences to have with their subjects This volume explores some of the rich variety of relationships in the ancient world and unpacks the intricate and dynamic processes and interactions by which human relationships and societies are generated maintained and dissolved *Ecology, Liturgy, and the Sacraments* Irwin, Kevin W.,2023 This book is based on the principle that the liturgy is the enactment of the work of our redemption through the raising up acknowledging and revering elements of the cosmos the earth and our fellow creatures in our common home It is inspired by Pope Francis's encyclical *Laudato Si* On Care for Our Common Home in its entirety not just the sections on the Eucharist and liturgy because it presents a world view and requires respecting and caring for all creatures who share this planet It is illuminated by research into the history of sacramental theologies and the contemporary context of concern for the environment In effect there is no such thing as one Roman Catholic theology of the sacraments and more often than not differing contexts in the life of the church and the world required differing contents for sacramental theology The author argues that concern for the environment is a traditional Catholic premise based on the goodness of creation and that God is creator of heaven and earth He also argues that an ecological approach to sacramental theology can help to understand underlying factors and principles in the enactment of the liturgy of the sacraments about how and where God is discovered in the world in general and in the liturgy and sacraments in an intense and focused way through engagement with all who dwell in our common home *Gesenius's Hebrew Grammar with Reading Book* Wilhelm Gesenius,Edward Cushing Mitchell,1880

The Restoration and Organic Development of the Roman Rite Laszlo Dobszay,2010-01-17 This is a serious scholarly analysis of liturgy combining historical philosophical and musicological aspects **The Jewish Pesach and the Origins of the Christian Easter** Clemens Leonhard,2012-02-14 The study assesses the main issues in the current debate about the early history of Pesach and Easter and provides new insights into the development of these two festivals The author argues that the prescriptions of Exodus 12 provide the celebration of the Pesach in Jerusalem with an etiological background in order to connect the pilgrim festival with the story of the Exodus The thesis that the Christian Easter evolved as a festival against a Jewish form of celebrating Pesach in the second century and that the development of Easter Sunday is dependent upon this custom is endorsed by the author's close study of relevant texts such as the Haggada of Pesach the Poem of the four nights in the Palestinian Targum Tradition the structure of the Easter vigil *The Literary churchman* ,1880

Context and Text Kevin W. Irwin,2018-07-12 One of the most influential works in the debate over the concept and definitions of liturgical theology *Context and Text* by Monsignor Kevin W Irwin is now available in a completely rewritten new edition In light of the historical theological and pastoral mandates of the Constitution on the Sacred Liturgy *Context and Text* is both a proposal for and an example of an investigation of the Church's liturgical praxis from a liturgical theological

perspective This second edition which includes an expanded introduction covers new liturgical and ecclesial contexts resulting from newly promulgated liturgies further research in method for liturgical studies consideration for changes in the cultural contexts in which people celebrate the liturgy Besides brand new chapters on time and sacramentality and additions to the chapter on the arts this edition also considers the ongoing texts and contexts of the liturgy as always a new event in the life and ongoing discussion of liturgical theology within Christianity
