*Innovation in the Arts* Jason C. White, 2022-08-01 This concise guide aims to increase what we understand by innovation in the arts and identify and support opportunities and strategies for the unique ways in which artists and arts administrators think about engage in and pursue successful innovation in their diverse creative practice Innovations in the Arts are often marginalised from a research perspective in part because of the lack of a sound and compelling theoretical framework to support and explain process distinctions from business and management innovation This book identifies three key concepts art innovation art movement innovation and audience experience innovation supported by formal theory for each concept presented and evidenced through case studies in art history In this way the book enables readers to identify explain and support their innovation efforts as visual literary and performing artists and arts administrators It also explores strategies for pursuing innovation in practice Drawing attention to the unique ways in which artists and arts administrators think about and engage in innovation this readable book will be an essential reading for students in all aspects of the creative and cultural industries and an essential guide to developing and promoting innovation in the arts for practitioners and researchers alike Art and Knowledge James O. Young, 2003-09-02 Art and Knowledge argues that the experience of art is so rewarding because it can be an important source of knowledge about ourselves and our relation to each other and to the world **Philosophy of the Performing Arts** David Davies, 2011-05-02 PHILOSOPHY OF THE PERFORMING ARTS David Davies s Philosophy of the Performing Arts is long awaited Not since Paul Thom s For an Audience has a book in the Anglo American philosophical tradition focused so clearly exclusively informatively and fairly on all the performing arts I will use this book in my classes James Hamilton Kansas State University author of The Art of Theater In this outstanding philosophical study David Davies subjects the different conflicting literatures characterizing works performances and their relationships to critical review en route to developing his own integrated theory Covering classical music to jazz Shakespeare to Brecht dance to performance art this is essential reading for anyone interested in the performing arts Stephen Davies University of Auckland author of The Philosophy of Art Philosophical inquiry concerning the performing arts has tended to focus on music specifically classical music which is assumed to provide a model for understanding the performing arts as a

whole This book engages with this belief and critically explores how the classical paradigm might be extended to other musical genres to theater and to dance Taking in key components of artistic performance improvisation rehearsal the role of the audience the embodied nature of the artistic performer the book examines similarities and differences between the performing art forms and presents the key philosophical issues that they bring into play These reflections are then applied to the disputed issue of those contemporary artworks usually classified as performance art Assuming no prior knowledge of the subject matter this book provides an accessible yet sophisticated introduction to the field and a comprehensive framework for thinking about the performing arts

**Performing Arts in Transition** Susanne Foellmer, Maria Katharina Schmidt, Cornelia Schmitz, 2018-12-07 Artists especially from dance and performance art as well as opera are involved to an increasing degree in the transfer between different media not only in their productions but also the events materials and documents that surround them At the same time the focus on that which remains has become central to any discussion of performance Performing Arts in Transition explores what takes place in the moments of transition from one medium to another and from the live performance to that which survives it Case studies from a broad range of interdisciplinary scholars address phenomena such as The dynamics of transfer between the performing and visual arts The philosophy and terminologies of transitioning between media Narratives and counternarratives in historical re creations The status of chronology and the document in art scholarship This is an essential contribution to a vibrant multidisciplinary and international field of research emerging at the intersections of performance visual arts and media studies

**Female Art and Agency in Yugoslavia, 1971-2001** Anja Foerschner, 2024-05-30 Despite having become marginalized on the map of contemporary art since the wars of the 1990s the regions of former Yugoslavia continue to be a hub of creative activity Especially noteworthy is the strong presence of women artists scholars and activists whose deeply personal yet highly political artwork is rooted in a long legacy of female artistic agency Building on existing scholarship as well as original research this book highlights how female figures through art and exhibition making writing mentorship and activism have shaped the alternative art scene in former Yugoslavia and placed the region firmly on the map of the international post avantgarde Using the founding of the Student Cultural Center Belgrade in 1971 as a starting point the book details the pioneering work of women in the realm of curation where they developed radical exhibition concepts and programs that furthered the development of the New Art Practice and embedded Yugoslavia firmly on the map of the international postwar avantgardes It highlights the agency of female artists in the then novel realms of performance art video art and new media art and shows how their work has helped these disciplines to gain the impact they retain until the present day What is more it shows how female cultural workers have courageously used their work to further the discourse on gender sexuality and the female body and at a time when they saw themselves stripped of basic rights by the chauvinist nationalist regimes emerging after Yugoslavia s breakup formed a strong artistic

and activist opposition Highlighting the role of women in the diversification of the ex Yugoslavia states and its highly unique cultural and political landscape this book addresses the noticeable gap in art historical scholarship that exists not only around Yugoslavia and its successor states but especially on its female representatives The Educator's Handbook for Teaching With Primary Sources Scott M. Waring, 2023 Educators across subject areas are striving to integrate primary sources into their pedagogy and teaching Yet despite their importance to authentic disciplined inquiry the implementation of primary source activities in the pre K 12 classroom has been limited This lack of utilization can largely be attributed to the perception that these activities are too complex to design implement and grade Many teachers also feel that primary source analysis and the construction of evidence based narratives is too difficult for students to complete in the traditional classroom Waring argues that this is not the case and with this handbook provides teacher candidates and inservice teachers with detailed and specific perspectives activities approaches and resources to help them effectively and authentically use primary sources in their classrooms Book Features Introduces teaching with primary sources including detailed examples of authentic and tested instructional ideas and approaches Designed to meet the needs of classroom teachers and teacher candidates in social studies English and language arts mathematics science and other fields Offers dozens of primary sources and links to resources throughout the book Aligns to national standards frameworks and the C3 framework for social studies Can be used to meet the needs of emerging English learners and students with special needs Focuses on ways in which educators are utilizing a variety of emerging technologies to engage students in deeper and more authentic ways of learning Contributors include Peter DeCraene Lisa Fink Eric J Pyle Stefanie R Wager Sarah Westbrook and Trena L Wilkerson

**Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office, 1999 **Art for the Workers** W. L. Guttsman, 1997 A study of the popular culture institutions created by the German Labor Movement after 1890 focusing on the role of visual art in the working class environment both as an influence in the home and in the political agitation and propaganda of the political parties Political art of this period reflected both a utopian belief in the success of the struggle and the harsh images of a revolutionary ideology and represented a range of political beliefs from Social Democracy to the Communist movement Includes many high quality bandw illustrations Distributed by St Martin s Press Annotation copyrighted by Book News Inc Portland OR **Handbook of the Economics of Art and Culture** , 2013-09-16 This volume emphasizes the economic aspects of art and culture a relatively new field that poses inherent problems for economics with its quantitative concepts and tools Building bridges across disciplines such as management art history art philosophy sociology and law editors Victor Ginsburgh and David Throsby assemble chapters that yield new perspectives on the supply and demand for artistic services the contribution of the arts sector to the economy and the roles that public policies play With its focus on culture rather than the arts Ginsburgh and Throsby bring new clarity and definition to this rapidly growing area Presents coherent summaries of major research in art and culture a field that is inherently difficult to

characterize with finance tools and concepts Offers a rigorous description that avoids common problems associated with art and culture scholarship Makes details about the economics of art and culture accessible to scholars in fields outside economics
