Reagan In Pursuit Of The Presidency 198

Iwan Morgan

Reagan In Pursuit Of The Presidency 198:

Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith, 2006-10-12 In the wake of the 2004 election pundits were shocked at exit polling that showed that 22% of voters thought moral values was the most important issue at stake People on both sides of the political divide believed this was the key to victory for George W Bush who professes a deep and abiding faith in God While some fervent Bush supporters see him as a man chosen by God for the White House opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state In fact Gary Scott Smith shows none of this is new Religion has been a major part of the presidency since George Washington's first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents Was Thomas Jefferson an atheist as his political opponents charged What role did Lincoln's religious views play in his handling of slavery and the Civil War How did born again Southern Baptist Jimmy Carter lose the support of many evangelicals Was George W Bush as his critics often claimed a captive of the religious right In this fascinating book Smith answers these questions and many more He takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history

The Development of the American Presidency Richard J. Ellis, 2022-05-02 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage Richard J Ellis looks at how the presidency has evolved in relation to the public to Congress to the executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change Each chapter promotes active learning beginning with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts New to the Fourth Edition Explicit and expanded attention to the role of norms in shaping and constraining presidential power with special focus on Trump's norm breaking and Biden's efforts to shore up norms Enhanced focus on the prospects for institutional reform including in the electoral college presidential relations with Congress war powers and the selection of Supreme Court justices A full reckoning with the Trump presidency and its significance for the future of American democracy presidential rhetoric the unilateral executive and the administrative state Coverage of the first year of Biden's presidency including

presidential rhetoric relations with Congress and the bureaucracy use of the war powers and unilateral directives
 Comprehensive updating of debates about the removal power including the Supreme Court cases of *Seila Law v CFPB* and *Collins v Yellen* In depth exploration of the impact of partisan polarization on the legislative presidency and effective governance Analysis of the 2020 election and its aftermath Expanded discussion of impeachment to incorporate Trump's two impeachments Examination of presidential emergency powers with special attention to Trump's border wall declaration Review of Biden's and Trump's impact on the judiciary Assessment of Biden's and Trump's place in political time

The Pursuit of the Presidency 1980 David S. Broder, 1980 *The Presidency and Rhetorical Leadership* Leroy G. Dorsey, 2008-03-26 Successful presidential leadership depends upon words as well as deeds In this multifaceted look at rhetorical leadership twelve leading scholars in three different disciplines provide in depth studies of how words have served or disserved American presidents At the heart of rhetorical leadership lies the classical concept of prudence practical wisdom that combines good sense with good character From their disparate treatments of a range of presidencies an underlying agreement emerges among the historians political scientists and communication scholars included in the volume To be effective they find presidents must be able to articulate the common good in a particular situation and they must be credible on the basis of their own character Who they are and what they can do are thus twin pillars of successful rhetorical leadership Leroy G Dorsey introduces these themes and David Zarefsky picks them up in looking at the historical development of rhetorical leadership within the office of the presidency Each succeeding chapter then examines the rhetorical leadership of a particular president often within the context of a specific incident or challenge that marked his term in office Chapters dealing with George Washington John Adams Thomas Jefferson Theodore Roosevelt Woodrow Wilson Franklin Roosevelt Dwight Eisenhower Ronald Reagan and Bill Clinton offer the specifics for a clearer understanding of how rhetoric serves leadership in the American presidency This book provides an indispensable addition to the literature on the presidency and in leadership studies

Exit with Honor William E Pemberton, 2015-03-04 Few presidents have sparked as much interest in recent years as Ronald Reagan already the subject of a large number of biographies and specialized subjects This biography based on recent research into the Reagan archives and synthesis of the large memoir literature explores the shaping of his values and beliefs during his childhood in the American heartland his leadership of the American conservative movement and his successful political career culminating in the first two term presidency since Dwight Eisenhower Pemberton finds Reagan's personal career and ability to understand and communicate with the American people admirable but finds many of the long term effects of his presidency harmful

Reagan Iwan Morgan, 2020-06-11 Ronald Reagan is arguably the most successful post war American president A transformational leader he is broadly credited with renewing American prosperity after the stagflation hit 1970s laying the foundations for Cold War victory and bringing about the shift to the right in late twentieth century politics In this new biography Iwan Morgan shrewdly assesses Reagan's considerable

achievements whilst also highlighting the shortcomings that were an indisputable part of his record Based on extensive research this book plots a chronological path through Reagan s life covering his upbringing his rise and fall as a Hollywood star his time as California governor and his pursuit of the presidency Morgan offers a detailed evaluation of the pragmatic conservatism that was the hallmark of Reagan s presidential leadership in domestic affairs In the international sphere he explains Reagan s metamorphosis from Cold War hawk to negotiator for nuclear arms reduction while also examining his role in the Iran Contra scandal This book ultimately shows that what made Reagan an American icon above all else was his optimism regarding his country and his ability to articulate its best values even if he himself did not always live up to these Today as the Republican Party grapples with its new direction and identity understanding the legacy of Ronald Reagan and Reaganism is more relevant than ever

Project President Ben Shapiro, 2010-02-22 Project President is a hilarious romp through American electoral history From short fat bald John Adams wig throwing tantrums during the 1800 election to Abraham Lincoln s decision to grow a beard in 1860 from John F Kennedy s choice to forgo the fedora at his inauguration to John Kerry s decision to get Botoxed for the 2004 race from the Golden Age of Facial Hair 1860 1912 to the Age of the Banker 1912 1960 from Washington s false teeth to George W Bush s workout regimen Project President tells the story of America s love affair with presidential looks and appearance why that often matters more than a politico s positions on the issues and what might well be coming next I m constantly citing the power of dress It s semiotics our clothes send a message about how we want to be perceived and where is this more powerful and evident than in elected offices In Project President Ben Shapiro captures presidential semiotics with a potent narrative and deft analysis It s simultaneously fascinating and hilarious Tim Gunn Project Runway Liz Claiborne Inc Ben Shapiro takes a romp through American history and shows how personality and even haircuts have elected or defeated presidential candidates It s a tour through history that fans of both parties will enjoy and can learn from Michael Barone Resident scholar American Enterprise Institute Senior Writer U S News World Report Co author The Almanac of American Politics Presidential politics has always been more superficial than we d like to admit With a stylish and likeable touch befitting a strong candidate Ben Shapiro takes us deep into the shallowness that has shaped American history Jonathan Alter Newsweek Shapiro deftly explains how height hair and handsomeness can affect a candidate s campaign as much as issues A fun informative read Glenn Beck Nationally syndicated talk show host Host of CNN s The Glenn Beck Show A hilarious and illuminating journey through America s centuries long fascination with presidential image making Whether you re left right moderate or apathetic this lively book will get you ready for the packaging of the 08 races Jim Hightower This is a perceptive witty sometimes hilarious look at the realities behind the faces and the facades the slogans and the character assassinations of each presidential campaign from George Washington to today with much for us to ponder for tomorrow Sir Martin Gilbert Official biographer of Winston Churchill An entertaining and illuminating romp through the politics of symbolism and personality in our presidential politics If you re thinking of

running for president read this book before you spend a dime on a political consultant Rich Lowry National Review

Reaganland Rick Perlstein, 2021-08-17 From the bestselling author of Nixonland and The Invisible Bridge comes the dramatic conclusion of how conservatism took control of American political power The President, the State and the Cold War James Bilsland, 2015-02-11 US foreign policy during the Cold War has been analysed from a number of perspectives generating large bodies of literature attempting to explain its origins its development and its conclusion However there are still many questions left only partially explained In large part this is because these accounts restrict themselves to a single level of analysis either the international system or the structure of the state and society The first level of analysis focusing on the role of individuals has largely been excluded This book argues that structural theories and any approach that limits itself to one level of analysis are inadequate to explain the development of US foreign policy Instead it is necessary to incorporate the first level of analysis in order to bring human agency back and provide a more detailed explanation of US foreign policy Bilsland proposes an analytical framework which incorporates presidential agency into a multi level analysis of US foreign policy during the Cold War constructing a multi level case study comparison of the foreign policies of Presidents Truman and Reagan He argues that the worldview of the president is central to agenda setting in US foreign policy making and that the management style of the president influences both decision making and the implementation of US foreign policy Evidence to support this is drawn from detailed empirical analysis of Truman s foreign policy of containment in Korea and Reagan s foreign policy of rollback in Nicaragua This work will be of interest to students and scholars of US Foreign Policy US History and International Relations Key Texts in American Jewish Culture Jack Kugelmass, 2003 Key Texts in American Jewish Culture expands the frame of reference used by students of culture and history both by widening the canon of Jewish texts and by providing a way to extrapolate new meanings from well known sources Contributors come from a variety of disciplines including American studies anthropology comparative literature history music religious studies and women s studies Each provides an analysis of a specific text in art music television literature homily liturgy or history Some of the works discussed such as Philip Roth s novel Counterlife the musical Fiddler on the Roof and Irving Howe s World of Our Fathers are already widely acknowledged components of the American Jewish studies canon Others such as Bridget Loves Bernie infamous for the hostile reception it received among American Jews may be considered key texts because of the controversy they provoked Still others such as Joshua Liebman s Piece of Mind and the radio and TV sitcom The Goldbergs demonstrate the extent to which American Jewish culture and mainstream American culture intermingle with and borrow from each other Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the

constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address and another which provides results from elections and polls and statistics from each office

Military Law Review, 1988

Guide to the Presidency and the Executive

Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated

Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

Reagan's Cowboys John B. Roberts II, 2020-07-20 When rumors about Geraldine Ferraro the first woman vice presidential nominee by a major party in U S history reached First Lady Nancy

Reagan during the 1984 presidential election a secret operation was launched to investigate her It revealed Ferraro s ties to organized crime and the extent to which she would have been subject to pressure or blackmail by the Mafia if elected Written by an insider responsible for running the investigation this never before told story goes behind the scenes as an incumbent president s campaign works to expose a political opponent s mob connections Part detective story part political thriller the narrative features all the major players in the Reagan White House and 1984 reelection committee with revealing anecdotes about Ronald and Nancy Reagan

A Court Divided: The Rehnquist Court and the Future of Constitutional Law

Mark Tushnet, 2005-11-17 An incisive consideration of the Supremes offering erudite yet accessible clues to legal thinking on the most important level Kirkus Reviews In this authoritative reckoning with the eighteen year record of the Rehnquist Court Georgetown law professor Mark Tushnet reveals how the decisions of nine deeply divided justices have left the future of the Court and the nation hanging in the balance Many have assumed that the chasm on the Court has been between its liberals and its conservatives In reality the division was between those in tune with the modern post Reagan Republican Party and those who though considered to be in the Court s center represent an older Republican tradition As a result the Court has modestly promoted the agenda of today s economic conservatives but has regularly defeated the agenda of social issues conservatives while paving the way for more radically conservative path in the future

Remaking the Presidency Peri E.

Arnold, 2009 The first comprehensive study of the three Progressive Era presidents who stretched the limits of the early twentieth century presidency in order to meet the emerging public expectations Explains the leadership differences between the three presidents and looks at the impact the Progressive movement had on the office of the presidency

The Uses and Misuses of Politics William G. Mayer, 2021-03-29 The Uses and Misuses of Politics is a detailed examination of the politics of George W Bush s presidency focusing on the work and the mistakes of presidential political advisor Karl Rove In his role as political advisor Karl Rove stands apart from his numerous counterparts in modern American politics in three major ways The first measure of Rove s distinctiveness is the totality of his direction over Bush s political career Simply put George W Bush never won an election of any kind in which Rove was not the dominant even sole campaign strategist A second important difference between Karl Rove and other major presidential campaign strategists was the role that Rove played in helping formulate policy after Bush became president In fact Rove became the first presidential aide to both provide political advice to a sitting president while at the same time controlling the policy levers inside the White House especially as an advocate for his own agenda in the areas of domestic policy Finally Karl Rove is noteworthy for the scope of his ambitions his goal for the Bush presidency was to create a durable Republican majority that would dominate American politics for the next several decades Even though theories of party systems and realignments have received serious challenges Karl Rove was a believer providing a key insight into how he approached his work with the Bush presidency Where previous realignments were the result of historical accidents and recognized only after the fact Karl Rove believed he could engineer the next one In The

Uses and Misuses of Politics William G Mayer analyzes Karl Rove's performance as presidential advisor the roles he played the advice he gave and how the Republican Party fared with Rove as its principal strategist By offering the reader a comprehensive assessment Mayer provides valuable insight into the larger enduring and critical questions What is the proper role of politics in the contemporary presidency When does politics enhance a nation's long term welfare and what does it detract from it And what positive contributions can political advisors make to a modern day president

The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2021-11-16 Get the most up to date coverage and analysis of the presidency Never losing sight of the foundations of the office The Politics of the Presidency maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In this Revised Tenth Edition bestselling authors Joseph A Pika John Anthony Maltese and Andrew Rudalevige present a thorough analysis of the change and continuity following the November 2020 presidential election and Biden administration

A History of Affirmative Action, 1619-2000 Philip F. Rubio, 2009-09-18 A readable history that puts the current debates in historical context

Because It Is Wrong: Torture, Privacy and Presidential Power in the Age of Terror Charles Fried, Gregory Fried, 2010-09-06 Elevating the torture and privacy debate this book brilliantly challenges the knee jerk responses of those in media and government Can torture ever be justified When is eavesdropping acceptable Should a kidnapper be waterboarded to reveal where his victim has been hidden Ever since 9 11 there has been an intense debate about the government's application of torture and the pervasive use of eavesdropping and data mining in order to thwart acts of terrorism To create this seminal statement on torture and surveillance Charles Fried and Gregory Fried have measured current controversies against the philosophies of Aristotle Locke Kant and Machiavelli and against the historic decisions large and small of Jefferson Lincoln and Pope Sixtus V among many others Because It Is Wrong not only discusses the behavior and justifications of Bush government officials but also examines more broadly what should be done when high officials have broken moral and legal norms in an attempt to protect us This is a moral and philosophical meditation on some of the most urgent issues of our time
