Reagans First Year:

The Reagan Years Joseph Hogan, 1990 A collection of political commentaries published originally in the Wall Street Journal by a Reagan critic No index No bibliography Contributors from both Britain and the US but mostly Britain cover Reagan s management of institutions Congress the Supreme Court the Cabinet councils and the White House staff the mass media the political parties and assess his leadership in the arenas of economic policy and foreign affairs Generally oriented to the level of advanced undergraduate students and generally well done though an index is sorely lacking Distributed in the US and Canada by St Martins Press Annotation copyrighted by Book News Inc Portland OR *The Age of Reagan: The Conservative Counterrevolution* Steven F. Hayward, 2009-08-25 Those who say that we re in a time when there are no heroes they just don t know where to look President Ronald Reagan January 20 1981 Hero It was a word most Americans weren t using much in 1980 As they waited on gas and unemployment lines as their enemies abroad grew ever more aggressive and as one after another their leaders failed them Americans began to believe the country s greatness was fading Yet within two years the recession and gas shortage were over Before the decade was out the Cold War was won the Berlin Wall came crashing down and America was once more at the height of prosperity And the nation had a new hero Ronald Wilson Reagan Reagan s greatness is today widely acknowledged but his legacy is still misunderstood Democrats accept the effectiveness of his foreign policy but ignore the success of his domestic programs Republicans cheer his victories over liberalism while ignoring his bitter battles with his own party s establishment historians speak of his eloquence and charisma but gloss over his brilliance in policy and clarity of vision From Steven F Hayward the critically acclaimed author of *The Age of Reagan The Fall of the Old Liberal Order* comes the first complete true story of this misunderstood controversial and deeply consequential presidency Hayward pierces the myths and media narratives masterfully documenting exactly what transpired behind the scenes during Reagan s landmark presidency and revealing his real legacy What emerges is a compelling portrait of a man who arrived in office after thirty years of practical schooling in the ways of politics and power possessing a clear vision of where he wanted to take the nation and a willingness to take firm charge of his own administration His relentless drive to shrink government and lift the burdens of high taxation was born of a deep appreciation for the grander blessings of liberty And it was this same outlook extended to the world s politically and economically enslaved nations that shaped his foreign policy and lent his statecraft its great unifying power Over a decade in the making and filled with fresh revelations surprising insights and an unerring eye for the telling detail this provocative and authoritative book recalls a time when true leadership inspired a fallen nation to pick itself up hold its head high and take up the cause of freedom once again

Ronald Reagan Our 40th President Winston Groom, 2012-03-05 He was one of America s true greats As president he changed the world developing a successful strategy for defeating Communism toppling the Soviet Union and liberating Eastern Europe while hardly firing a shot And just as important he restored an America that had found itself mired in a

malaise of falling living standards moral decay and what seemed like inevitable decline Though he was our oldest president Reagan acted as a tonic rejuvenating America s economy restoring her confidence and attracting a majority of young voters won over by his vision of making America once again a shining city on a hill In this superlative biography for young adults bestselling author Winston Groom author of Forrest Gump gives us the full Reagan from his Midwestern American boyhood to his early career as a radio sports announcer to his days as a Hollywood star and his extraordinary political career as a union leader governor of California and president of the United States Covering the gamut of Reagan s dramatic life Ronald Reagan Our 40th President is essential reading as inspiring as its subject **The President's Agenda** Paul Light,1999

Although there are important differences between the two Presidents not the least of which is Bush s high proportion of small scale old ideas the two share a pronounced tendency to look backward for inspiration rather than forward from the Preface

Conservatism, Consumer Choice, and the Food and Drug Administration during the Reagan Era Lucas

Richert,2014-05-16 In the last quarter of the 20th century politicians in Washington as well as interest groups regulatory policy makers and drug industry leaders were forced to confront the hot button issue of pharmaceutical regulation The struggle always centered on product innovation consumer protection and choice in the free market As the American economy stuttered in the late 1970s the stakes were extremely high for the powerful drug industry and the American public At the center of this drama was the Food and Drug Administration which was censured from both the left and right of the political spectrum for being too strict and too lenient in the application of its regulatory powers Lucas Richert explores the FDA drugs and politics in the context of the watershed Reagan era a period when the rhetoric of limited government reduced regulation and enhanced cooperation between businesses and U S regulatory agencies was on the ascent As he investigates the controversies surrounding Laetrile Reye s Syndrome Oraflex patient package inserts diet pills and HIV AIDS drugs Richert argues that the practical application of conservative economic principles to the American drug industry was A Prescription for Scandal Reagan Iwan Morgan,2016-09-16 Ronald Reagan is arguably the most successful post war American

president A transformational leader he is broadly credited with renewing American prosperity after the stagflation hit 1970s laying the foundations for Cold War victory and bringing about the shift to the right in late twentieth century politics In this new biography Iwan Morgan shrewdly assesses Reagan s considerable achievements whilst also highlighting the shortcomings that were an indisputable part of his record Based on extensive research this book plots a chronological path through Reagan s life covering his upbringing his rise and fall as a Hollywood star his time as California governor and his pursuit of the presidency Morgan offers a detailed evaluation of the pragmatic conservatism that was the hallmark of Reagan s presidential leadership in domestic affairs In the international sphere he explains Reagan s metamorphosis from Cold War hawk to negotiator for nuclear arms reduction while also examining his role in the Iran Contra scandal This book ultimately shows that what made Reagan an American icon above all else was his optimism regarding his country and his ability to

articulate its best values even if he himself did not always live up to these Today as the Republican Party grapples with its new direction and identity understanding the legacy of Ronald Reagan and Reaganism is more relevant than ever

Congressional Record United States. Congress,1990 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Ronald Reagan David Mervin,2014-09-11 First published in 1990 American as well as British students will find much that is interesting and illuminating in this British view of the Reagan presidency David Mervin writes as an experienced American politics specialist whose study includes first hand observation in the United States Putting aside policy substance and concentrating on effectiveness in using the political process Mervin portrays Reagan s presidential record more favorably than may be common in the British community **The Essential Ronald Reagan** Lee Edwards,2005 The Essential Ronald Reagan covers the former president s birth and childhood in Illinois through his years in Hollywood It delves into his growing involvement in politics culminating in his election as governor of California his two terms as president **The Presidency in a Separated System** Charles O. Jones,2000-09-30 Popular interpretations of American government tend to center on the presidency Successes and failures of government are often attributed to presidents themselves But though the White House stands as a powerful symbol of government the United States has a separated system intentionally designed to distribute power not to concentrate it Charles O Jones explains that focusing exclusively on the presidency can lead to a seriously distorted picture of how the national government works The role of the president varies widely depending on his resources advantages and strategic position Public expectations often far exceed the president s personal political institutional or constitutional capacities for achievement Jones explores how presidents find their place in the permanent government and how they are fitted in by others most notably those on Capitol Hill This book shows how a separated system of government works under the circumstances created by the Constitution and encouraged by a two party system Jones examines the organizational challenges facing presidents their public standing and what it means presidential agendas and mandates and lawmaking how it works where the president fits in and how it varies from issue to issue He compares the post World War II presidents and identifies the strengths and weaknesses of each in working within the separated system Jones proposes a view of government as a legitimate even productive form of decisionmaking and emphasizes the varying strategies available to presidents for governing He concludes with a number of important lessons for presidents and advice on how to make the separated system work better **Encyclopedia of Politics** Rodney P. Carlisle,2005-03-17 Although the distinction between the politics of the left and the right is commonly assumed in the media and in treatments of political science and history the terms are used so loosely that the student and the general reader are often confused What exactly are the terms left and

right supposed to imply This two volume Encyclopedia of Politics The Left and the Right contains over 450 articles on individuals movements political parties and ideological principles with those usually thought of as left in the left hand volume Volume 1 and those considered on the right in the right hand volume Volume 2 Key Themes Countries Regions Isms Laws Political Issues Political Movements Political Parties People

push for a return to democracy It provides fresh insights into the bureaucratic conflicts that were a key part of the Reagan decision making process and reveals not only the successes but also the limits of US influence on Pinochet s regime Finally it contributes to the ongoing debate about the US approach toward democracy promotion in the Third World over the past half century

Reconsidering Reagan Daniel S. Lucks,2020-08-04 2021 Prose Award Finalist A long overdue and sober examination of President Ronald Reagan s racist politics that continue to harm communities today and helped shape the modern conservative movement Ronald Reagan is hailed as a transformative president and an American icon but within his twentieth century politics lies a racial legacy that is rarely discussed Both political parties point to Reagan as the right kind of conservative but fail to acknowledge his political attacks on people of color prior to and during his presidency *Reconsidering Reagan* corrects that narrative and reveals how his views policies and actions were devastating for Black Americans and racial minorities and that the effects continue to resonate today Using research from previously untapped resources including the Black press which critically covered Reagan s entire political career Daniel S Lucks traces Reagan s gradual embrace of conservatism his opposition to landmark civil rights legislation his coziness with segregationists and his skill in tapping into white anxiety about race riding a wave of white backlash all the way to the Presidency He argues that Reagan has the worst civil rights record of any President since the 1920s including supporting South African apartheid packing courts with conservatives targeting laws prohibiting discrimination in education and housing and launching the War on Drugs which had cataclysmic consequences on the lives of Black and Brown people Linking the past to the present Lucks expertly examines how Reagan set the blueprint for President Trump and proves that he is not an anomaly but in fact the logical successor to bring back the racially tumultuous America that Reagan conceptualized
