Real Christians Dont Dance:

Real Christians Don't Dance! John Fischer,1994-06 Free from sarcasm and ridicule Real Christians Don t Dance challenges the evangelical Church to identify true Christianity from the sub culture that has developed around it to discover what is real obedience and love Readers may discover in their lives more tradition than truth more Christianity than Christ more fundamentalism than faith more law than love Back cover

Border Dance Jimi Calhoun,2023-10-11 Every culture on earth has at one time or another danced From tribal times forward people have danced to socialize express themselves creatively and promote societal unity The borders that separate us came much later in human development It is time to return to our roots and dance dance dance That is because dance has the unique ability to unite a person s mind body and soul In his capacity as a touring bassist Jimi Calhoun witnessed thousands upon thousands of people lose themselves in dance Suddenly ethnic racial and religious differences disappear Borders on the other hand divide religious communities races and nations Human conflict is perpetuated by these boundaries What is written within these pages will show you ways to dance across divisions by means of a choreography of altruism This is a book that invites you to dance to the rhythms of grace that result in true harmony and unity

Old Ideas, New Practices: When Religion Is for Relationships Bernard Lawrence Potvin,2021-03-15 This book is an upstream solution to the problems issues and questions young people struggle with downstream alienation boredom and mistrust of religion It includes over a hundred teaching strategies tactics logistics and relationship builders that teachers in homes schools and churches can use This book is a treasure chest of old ideas cast into new and proven teaching practices each to be mined for the gem in it Potvin s interest in writing this book however is not to focus on what is broken and ineffective in Christian religious education and a lot of education is broken and ineffective but on what he has learned to be proven to be effective He has drawn from his PhD studies parenting with its perturbations and insights and over forty years of teaching in universities public and faith based schools Jesus gave us our program of studies with much to think about and practice what could work to bring us to our true self friendship with the Creator love for others and justice for all And given the unprecedented trend towards home education and online teaching designed for and led by parents new practices based on old ideas may be just what the doctor ordered

Popular Religion in America Erling T. Jorstad, 1993-04-22 The enormous growth of evangelicalism is one of the major developments in recent American life Like other scholars Jorstad acknowledges that evangelicalism has grown because it is theologically attractive But Jorstad also attributes the growth of the evangelical movement to its relationship with American popular culture According to the author the evangelical movement was able to integrate populist democratic traditions with a cultural inclusiveness a mastery of high technology and a willingness to use mass media to spread its views The book contains three sections The first traces the development of evangelical subculture between 1960 and 1990 The second part discusses the evangelical movement and social and individual values The third part explores popular religion and the media The book considers the involvement of evangelicals in popular religion the appeal of popular religion to many but not to all evangelicals the similarities between popular religion and more traditional religious organizations and the means by which evangelicalism effectively utilizes the many genres and styles of popular culture

communities and can testify to the life changing power of the gospel in even the most unpromising circumstances This is his autobiography Unwanted at birth and born out of wedlock no one would have considered that Greg Livingstone would become a pioneer in missions to unreached Muslim peoples You've Got Libya charts his journey and his adventures This first hand narrative is full of compelling humor and self depreciating honesty as Livingstone travels all over the world proclaiming the Gospel The result is a page turning tour de force that urges the reader to pursue God unreservedly and to join with Him in the adventure of pursuing the lost Greg's burden for the millions of Muslims who had no gospel witness amongst them led to the launching of Frontiers a mission agency focusing exclusively on church planting amongst Muslim communities Today Frontiers is a movement of more than 1 000 field workers in nearly 50 countries
