Pierre, 2013-01-14 I started writing just for fun one after another but never realized that it would develop in me to be rather part of me A few years later I decided to be more serious about expressing my voice through my words My first few poems were written about the view of women in our lives As I was always a strong advocate for women I started to express my affection toward them in every aspect I could think off especially love at intimacy their hard work my mother and so on I wrote my first serious poem back in 2006 and 2007 then on I continued and become attached about two years later

Sexual Bargaining in the Digital Era John H. Scanzoni, 2021-10-05 Sexual Bargaining in the Digital Era follows the evolution of genders sexualities and so on away from their Old Normal ON pattern which prevailed during the Agricultural Age and the Industrial Age and into the New Normal NN pattern which is currently surfacing in concert with an emerging Digital Era ON was based on the ancient traditional script governing how women men children ought to behave within the spheres of genders marriages families relationships sexualities Over the centuries ON eventually modified into the familiar 1950s style nuclear patriarchal cisgender husband wife with children and family And now that style itself is fading away into NN NN is based not on script but on improvisation it is essentially a continual work in progress To make it function the partners engage in ongoing negotiation governed by the principle that everything is negotiable except the principle that everything is negotiable NN has thus far been pursued most frequently by persons New Lights who are educated and relatively advantaged ON has been pursued mostly by persons Old Lights who are less educated and relatively less advantaged ON is also strongly embraced by persons of a traditional religious bent persons who tend to be rigid and unbending in their religious views Currently they tend to be extremely right wing evangelicals and extremely right wing Catholics Importantly their political clout far exceeds their relatively modest numbers within the larger population In brief the shift from ON to NN is a move away from the sanctity of a particular structure to the primacy of persons engaged in ongoing processes of inventing and reinventing certain arrangements of genders marriages families relationships sexualities enabling them to fulfil their needs for primary intrinsic emotional satisfactions such as liking loving empathy companionship sexual and so forth Among other things this shift replaces the preeminence of the historic binary or cisgender approach heterosexual legal children and so on in favor of the diversity variety multiplicity approach which incorporates under one conceptual umbrella all persons of whatever genders sexualities and so on All persons are thus engaged in a common struggle to achieve personal satisfactions as well as contribute to the Greater Good **Contemporary Poetic Literature**

Russian War Films Denise J. Youngblood, 2006-11-14 War movies have long been the most influential genre in Russian cinema so much so that in the Soviet Union s militaristic society cinema front was used to describe the film industry itself Denise J Youngblood an internationally recognized authority on Russian and Soviet cinema provides the first comprehensive guide to this long neglected genre In this illuminating study Youngblood explores more than 160 fiction films on Russian conflicts from World War I to Chechnya These movies represent a wide range of cinematic styles and critical receptions with particular emphasis on films little known in the West but popular in the USSR While not ignoring classic war films like Chapaev and The Cranes Are Flying Youngblood introduces readers to the films that shaped and reflected Soviet views of war like the rousing World War II favorite Two Warriors the Thaw classic The Living and the Dead and the Brezhnevian extravaganza Liberation This remarkably humanistic body of work was often at odds with official policies and depicted the futility of war Youngblood is especially insightful regarding the relationship between Stalinism Socialist Realism and filmmakers in creating the war film genre during an era marked by increasing militarization conformism and state terror and the importance of cinema in the World War II propaganda effort Stalin s obsession with movies led to the revisioning of his role in the Civil War and the Great Patriotic War Yet Youngblood argues Soviet filmmakers were not mere puppets of repressive regimes Indeed some filmmakers subtly subverted official politics and history in the guise of art or Hollywood style entertainment She brings the story to the present by showing how post Soviet Russian filmmakers have not only turned a critical eye on the recent wars in Afghanistan and Chechnya but are also revisiting the complex realities of World War II Through her accessible narrative Youngblood tells a fascinating story that will appeal equally to film aficionados and history buffs By tracing the evolution of cinema through the twists and turns of both Soviet and post Soviet society she helps us the role movies played in 20th century Russia not only in the making and unmaking of political myths but also in the writing of history
