Real Deadly:

Real Theatre Paul Rae, 2019 Draws on musicals plays and experimental performances to show what theatre is made of and how we experience it **All My Mob** Ruby Langford Ginibi, 2007 A compelling collection of reminiscences on family life Indigenous social issues and being Aboriginal in today's Australia **Virch** Laura Resau, 2024-06-04 In the year 2154 virtual reality is an enticing escape but just for the privileged For others like sixteen year old Liv reality means living by a contaminated bay that's sickened her little sister to the brink of death Determined to find a cure Liv ventures to a mysterious tropical island to infiltrate a tech empire owned by the world's most powerful man When she encounters his son Wolf she's shocked He isn't the shallow celebrity portrayed in the virtual world he's an idealist with heart committed to righting his father's wrongs And when Wolf promises to help save her sister he might just capture Liv's heart too But as Liv and Wolf confront a danger beyond anything they could have imagined they must unravel the deadly scheme at the core of the tech empire And their world starts to crumble just as they're falling in love A mind bending fast paced YA sci fi with heart Rooted in futuristic science and ancient wisdom Virch explores truth and illusion human and environmental rights and the forces of love behind it all **Making Rights Real** Charles R. Epp, 2010-02-15 It's a common complaint the United States is overrun by rules and procedures that shackle professional judgment have no valid purpose and serve only to appease courts and lawyers Charles R Epp argues however that few Americans would want to return to an era without these legalistic policies which in the 1970s helped bring recalcitrant bureaucracies into line with a growing national commitment to civil rights and individual dignity Focusing on three disparate policy areas workplace sexual harassment playground safety and police brutality in both the United States and the United Kingdom Epp explains how activists and professionals used legal liability lawsuit generated publicity and innovative managerial ideas to pursue the implementation of new rights Together these strategies resulted in frameworks designed to make institutions accountable through intricate rules employee training and managerial oversight Explaining how these practices became ubiquitous across bureaucratic organizations Epp casts today's legalistic state in an entirely new light Dhuuluu-Yala Anita Heiss, 2003 This overview about publishing Indigenous literature in Australia from the mid 1990s to 2000 includes broader issues that writers need to consider such as engaging with readers and reviewers Although changes have been made since 2000 the issues identified in this book remain current and to a large extent unresolved **Early Modern Theatre and the Figure of Disability** Genevieve Love, 2018-10-18 What work did physically disabled characters do for the early modern theatre Through a consideration of a range of plays including Doctor Faustus and Richard III Genevieve Love argues that the figure of the physically disabled prosthetic body in early modern English theatre mediates a set of related likeness problems that structure the theatrical textual and critical lives of the plays of Shakespeare and his contemporaries The figure of disability stands for the relationship between actor and character prosthetic disabled characters with names such as Cripple and Stump capture the simultaneous presence of

the fictional and the material embodied world of the theatre When the figure of the disabled body exits the stage it also mediates a second problem of likeness between plays in their performed and textual forms While supposedly imperfect textual versions of plays have been characterized as lame the dynamic movement of prosthetic disabled characters in the theatre expands the figural role which disability performs in the relationship between plays on the stage and on the page Early Modern Theatre and the Figure of Disability reveals how attention to physical disability enriches our understanding of early modern ideas about how theatre works while illuminating in turn how theatre offers a reframing of disability as metaphor

 Heidelberg Stefanie Weigold Berlin and Lena Woydack Berlin The Dracula Journals: Ravaged Souls Thom Reese, Dracula
 kept a journal A firsthand account of his life death and resurrection as a creature of the night But this journal is more than
 just words It carries the very essence of the vampire himself And through the mysterious power of the journal Dracula still
 lives 1977 A small Midwestern town There are disappearances strange deaths bloodless corpses One man Conner Mulligan
 the survivor of a vampire encounter a decade earlier recognizes the signs and enlists the aid of Jonathan Van Helsing a man
 whose family has been at war with vampires and with Dracula in particular since the late eighteen hundreds It s been fifteen
 years since Van Helsing last encountered Dracula but he recognizes this series of strange and brutal murders as the work of
 the legendary vampire And so he and his adult children join Mulligan in this small isolated town with the goal of slaying
 Dracula once and for all But there is more to these increasingly savage deaths than they d anticipated a sinister plan
 conceived by the vampire demon And as the body count grows the hunters realize that they are now the hunted and that they
 must fight for their very survival or join Dracula in his eternal midnight **Theatrical Theology** Wesley Vander
 Lugt,Trevor Hart,2014-07-31 Theology is inherently theatrical rooted in God s performance on the world stage and oriented
 toward faith seeking performative understanding in the theatre of everyday life Following Hans Urs von Balthasar s
 magisterial five volume Theo Drama a growing number of theologians and pastors have been engaging more widely with
 theatre and drama producing what has been recognized as a theatrical turn in theology This volume includes thirteen essays
 from theologians and pastors who have contributed in distinct ways to this theatrical turn and who desire to deepen
 interdisciplinary dialogue between theology and theatre The result is an unprecedented collection of essays that embodies
 and advances theatrical theology for the purpose of enriching theological reflection and edifying the church Caught
 Between Cultures ,2021-07-26 The essays in this collection on Canada the USA Australia and the UK question and discuss the
 issues of cross cultural identities and the crossing of boundaries both geographical and conceptual All of the authors have
 experienced cross culturalism directly and are conscious that positions of double vision which allow the to participate
 positively in two or more cultures are privileges that only a few can celebrate Most women find themselves caught between
 cultures They become involved in a day to day struggle in an attempt to negotiate identities which can affirm the self and at
 the same time strengthen the ties which unites the self with others Theoretical issues on cross culturalism therefore can
 either liberate or constrict the The essays here illustrate how women s writing negotiates this dualism through a colourful
 and complex weaving of words thoughts and experiences both pleasurable and painful into texts quilts rainbows The

metaphors abound The connecting thread through their writing and indeed in these essays is the concept of belonging a theoretical emotional composite of being and longing Home too assumes a variety of meanings it is no longer a static geographical place but many places It is also a place elsewhere in the imagination a mythic place of desire linked to origin Policies of multiculturalism can throw up more problems than they solve In Canada the difficulties surrounding the cross cultural debate have given rise to a state of messy imbroglia Notions of authenticity move dangerously close to essentialist identities Double vision is characteristic of peoples who have been uprooted and displaced such as Australian Aboriginal writers of mixed race abducted during childhood Passing for black or white is full of complications as in the case of Pauline Johnson who passed as an authentic Indian People with hyphenated citizenship such as Japanese Canadian can be either free of national ties or trapped in subordination to the dominant culture in these visible minorities it is the status of being female or coloured female that is so often ultimately rendered invisible Examination of Canadian anthologies on cross cultural writing by women reveals a crossing of boundaries of gender and genre race and ethnicity and in some cases national boundaries in an attempt to connect with a diasporic consciousness Cross cultural women writers in the USA may stress experience and unique collective history while others prefer to focus on aesthetic links and literary connections which ultimately silence difference Journeying from the personal space of the into the collective space of the we is exemplified in a reading of texts by June Jordan and Minnie Bruce Pratt For these writers identity is in process It is a painful negotiation but one which can transform knowledge into action
