adolescents around the globe Understanding Children's Spirituality Kevin E. Lawson, 2012-03-22 How important is childhood in the spiritual formation of a person How do children experience God in the context of their lives as they grow What does God do in the lives of children to draw them to himself and help them grow into a vital relationship with him How can adults who care about children better support their spiritual growth and direct it toward relationship with God through Jesus Christ These are critical questions that church leaders face as they consider how best to nurture the faith of the children God brings into our lives In this book over two dozen Christian scholars and ministry leaders explore important issues about the spiritual life of children and ways parents church leaders and others who care about children can promote their spiritual formation **Engraved Upon the Heart** Hwarang Moon, 2015-07-17 How does liturgy impact the formation of faith The Protestant Church has traditionally emphasized human reason and doctrinal knowledge But there is another method with great formative power participation in liturgy Human beings gain important knowledge not only through traditional cognitively focused learning but also through practice and participation And because knowledge is wholistic an inability to express an idea in language does not necessarily signify an absence of knowledge This book shows how liturgy transmits knowledge that transcends human reason We repeat the liturgy in weekly public worship and its contents are inscribed on our minds and bodies Contrary to common belief this is also true for children and cognitively challenged individuals They may be unable to verbally express the contents of their faith in a way that satisfies normal adult expectations but these two groups of people are capable of rich religious experiences This book explores how welcoming them into experience and practice of worship and sacrament can benefit children cognitively challenged church members their families and the church community as a whole and makes us all a more inclusive community in Christ *Let the Children Come* Bonnie J. Miller-McLemore, 2019-03-01 Explore what faithful parenting might look like today In *Let the Children Come* Bonnie J Miller McLemore explores the question What does faithful parenting look like today As she addresses this query she updates outmoded and distorted assumptions about and conceptions of children in popular US culture She also shows important insights and contributions religious traditions and communities Christianity in particular make as we examine how to regard and treat children well Miller McLemore draws on historical and contemporary understandings of Christianity psychology and feminism to push back against negative trends such as the narcissistic use of children for adult benefit the market use of children to sell products and the failure to give children meaningful roles in the domestic work of the family and the life of wider society Miller McLemore views children as full participants in families and religious communities and as human beings deserving of greater respect and understanding than people typically grant them In particular the book rethinks five ways adults have viewed and misperceived children as victims sinful gifts work the labor of love and agents Reimagining children she proposes will lead to a renewed conception of the care of children as a religious practice The Best Love of the Child Timothy P. Jackson, 2011-04-29 Much has been written about the rights owed to

children the right to live the right to be nurtured and cared for the right to an ample measure of health and happiness and especially the right to be loved Here twenty scholars from across sociological psychological historical philosophical theological and legal disciplines argue that the right of children to be loved can best be fulfilled by teaching them how to love others The Best Love of the Child explores and celebrates many aspects of family culture religion and society and fosters a more nuanced understanding of that love which is truly at the heart of a child s best interest love that flows freely not only to children but also from children
