My Life / Inside Out Angelo R. Avila, Jr., 2013-02-26 My unstructured upbringing and cares to the wind attitude led to my frequent incarceration from childhood to adulthood it s a disturbing story which is primarily aimed at the adult reading audience who enjoy reading about reality situations and crime I have always been a reader and to a large extent that helped me become a self taught person Born on the banks of the Colorado River in Arizona and raised up in the Marcos De Niza barrio projects in South Phoenix I experienced the injustices of the cotton fields Maricopa County Juvenile Detention Home and Arizona State Industrial School at Fort Grant Arizona I wandered the desperate streets of Los Angeles and the forlorn railroad tracks alone like a lost person without a purpose in life I was locked up in the jails of Phoenix and Los Angeles before winding up in the California State penitentiary system Upon my release I struggled to stay out of the pen and took the jobs that society at large would never want to take Through numerous personal tragedies incarcerations and unfortunate circumstances I lost control of my life No one was ever able to change my destructive behavior The changes when they occurred came from within me when I could no longer cope with the situations I had cast my self into Looking back I can now see what I couldn t see during those hopeless time periods I was very fortunate to finally be able to leave that life behind me through relationships that believed in me and successfully worked and built myself a civil service work career from which I retired I now spend my days enjoying life s simple pleasures after all my previous tragic missteps My objective in life now is to become an accomplished writer

Spiritualities of Life Paul Heelas, 2009-01-21 This insightful and provocative journey through spiritual landscapes explores the ways in which spiritualities of life have been experienced and understood in Western society and argues that today s myriad forms of holistic spirituality are helping us to find balance in face of the stifling demands of twenty first century living An enlightening book which explores the ways in which spirituality has been experienced and valued in Western society Traces the development of modern spirituality from the origins of Romanticism in the eighteenth century through to the counter cultural sixties and on to the wellbeing culture of today Explores the belief that modern spirituality is merely an extension of capitalism in which people consume spirituality without giving anything back Contends that much of the wide range of popular mind body spirit practices are really an ethically charged force for the good life helping us to find balance in the demands of twenty first century living Written by an

acknowledged world leader working in the field Completes a trilogy of books including *The Spiritual Revolution* 2005 with Linda Woodhead and *The New Age Movement* 1996 charting the rise and influence of spirituality today **The Tourist** Dean MacCannell,2013-08-31 In this classic analysis of travel and sightseeing author Dean MacCannell brings social scientific understandings to bear on tourism in the postindustrial age during which the middle class has acquired leisure time for international travel In *The Tourist* now with a new introduction framing it as part of a broader contemporary social and cultural analysis the author examines notions of authenticity high and low culture and the construction of social reality around tourism **The Church of God** George M. Newlands,2008-07-17 The Church of God is a compact yet comprehensive account of the nature and activity of the Christian Church George Newlands provides a most reliable guide to the main features of doctrinal development considering the development of the Church ministry and sacraments up to the present day and beyond this to consider requirements for effective ministry of the Church in the future *Sentencing Youth to Life in Prison* Kathi Milliken-Boyd,James Windell,2022-04-07 This book analyzes the impact of the U S Supreme Court rulings deeming juvenile life without parole LWOP sentences to be cruel and unusual punishment These Court decisions brought about controversy and resistance in the criminal justice field while at the same time providing hope for those 2 300 people who never thought they had a chance to experience life as an adult outside prison By looking in depth at the lives of some of the individuals serving life terms and understanding both the prosecutors who oppose review and resentencing of juvenile lifers and those who are sincerely following the Supreme Court s guidelines this book provides a comprehensive understanding of the issues as well as the people involved in the sentencing and potential resentencing of juveniles to life without the possibility of parole The authors provide unique perceptive and straightforward profiles on some of the prisoners who were ultimately sentenced to LWOP after being involved in criminal offenses committed before their 18th birthdays The book poignantly features the experiences of young people who did not commit a murder yet were still sentenced to life terms but also delves into the perspectives of the families of victims of juvenile offenders prosecutors on both sides of the issue psychologists who have interviewed many of the juvenile lifers and advocates for change in the way juveniles are treated by the criminal justice system The decisions in *Miller v Alabama* and *Montgomery v Louisiana* clearly demonstrated that the Court s view of juveniles evolved over decades to reflect advances in our understanding of the unique characteristics of youth and their involvement in juvenile crimes This book takes the position that the sentence of life without the possibility of parole for youth is wasteful of both human lives and scarce public resources The authors write about the human concerns on both sides of the question and ultimately allow readers to make their own decisions about how society should best handle juvenile offenders This engaging ethnographic treatment will appeal to students and scholars of criminology corrections juvenile justice and delinquency practitioners working in social policy and all those interested in a criminal justice system capable of positive outcomes for involved youth
