When Does the Letter A Say Its Name? Phonics for Beginning Readers Mamie Marian Sarja,2007-01-01

Ultimate Skill Builder Get Ready For Preschool Twin Sisters® Digital MediaTM,2025-04-14 Children can significantly build their math and reading skills with the comprehensive and teacher approved content clear and concise directions and easy to read answer key in this ultimate workbook The Selected Levis Larry Levis,2013-09-18 Edited and with an Afterword by David St John When Larry Levis died suddenly in 1996 Philip Levine wrote that he had years earlier recognized Levis as the most gifted and determined young poet I have ever had the good fortune to have in one of my classes His early death is a staggering loss for our poetry but what he left is a major achievement that will enrich our lives Each of his books was published to wide critical acclaim and David St John has collected together the best of his work from his first five books Wrecking Crew 1972 Afterlife 1976 The Dollmaker s Ghost 1981 Winter Stars 1985 and The Widening Spell of the Leaves 1991 It is not an exaggeration to say that the death of Larry Levis in 1996 of a heart attack at 49 sent a shock wave through the ranks of American poetry Not only was Levis a good friend to many poets not simply of his own generation but of many poets older and younger as well his poetry had become a kind of touchstone for many of us a source of special inspiration and awe With Larry Levis death came the sense that an American original had been lost It is not at all paradoxical that he saw both the most intimate expressions of poetry and the grandest gestures of art of language as constituting individual acts of courage One can only hope that like such courage Larry Levis s remarkable poems will continue to live far into our literature from the Afterword by David St John **Translanguaging in EFL Contexts** Michael

Rabbidge,2019-03-26 The purpose of this book is to promote the value of translanguaging in EFL teaching contexts To date translanguaging has been discussed mostly in regards to US and European contexts This book will examine the teaching beliefs and practices of teachers within a South Korean elementary school context to evaluate the practices of current teachers who use translanguaging strategies when teaching This examination utilizes sociological theories of pedagogic discourse to discuss the consequences of language exclusion policies on the peninsula Using these theories it presents an argument for why EFL contexts like South Korea need to reevaluate their current policies and understandings of language learning and teaching By embracing translanguaging as an approach the author argues they will transform their traditional notions of language learning and teaching in order to view teachers as bilinguals and learners as emerging bilinguals rather than use terms of deficiency that have traditionally been in place for such contexts This book s unique use of sociological theories of pedagogic discourse supports a need to promote the translanguaging ideology of language teaching and learning
