**Painless, Foolproof, Really Works Way to Teach Your Kids About Sex** Carole Marsh,1997

PsychoBabbleJabble Kurt D LaRose,2021-02-09 This book will likely irritate every reader at some point One chapter is so bold it intones the good of a mother who kills her children The chapter does not say the murderous mother was a good woman or that she did a good thing it doesn't say that her actions should be without penalty or consequence The chapter suggests basically in a metaphoric and anecdotal ending that the mother loves the ones she killed

PsychoBabbleJabble is full of these kinds of challenges this book is written and designed to tackle human judgment My work as a therapist a clinician and as a helper in different settings and in different states even I am licensed in Florida the District of Columbia and Missouri plus with my hypnosis training all of these play a role in this writing The reader will see and experience the maneuvering of words each used to explain and help promote understanding in how people's judgments are formed Many judgments are those that I like to call terminal thoughts For some reason or another certain thoughts are seemingly non negotiable to the holder of them With terminal thoughts in mind we all have them I'm able to using my writing go with the reader using their various lines of thinking as if their beliefs are absolutely true Then near each chapter ending I include an alternative and new perspective where a question about the once absolute belief is now wedged toward and in between a different belief Wedged meaning a small detail of alternative thought is strategically placed juxtaposition to a terminal thought that the reader once used or uses still maybe to hold up a rationale supporting truth By each chapter's end the belief is jolted loose a tiny bit hopefully It is in that jolting where a belief becomes finally questioned and questionable This text contains my best writing and some of my best clinical recall All of my training is included in some way in every part of this text the hypnosis training kicks my writing up a notch Here using people's RIGHTNESS as an ally in shaping a new belief I contradict the old truth while valuing it in key and passionate areas of what might be called life and the people that

make it so That s what I d say this book hopes to do to jolt loose just a little bit those absolute judgments we as humans may unknowingly without ill intent and possibly mistakenly hold as settled      *The Rules of "Normal" Eating* Karen R.
