Sayings and Doings and An Eastward Look Wendell Berry, 2025-08-01 Published in 1990 by Gnomon Press This volume combines two small books of poetry by Wendell Berry both with expanded texts In Sayings and Doings the inner lives of the country people Berry knows so well surface in sayings stories reminiscences and a number of jocular dialogues Many are expressions we hear and often mean to remember but when we start to retell them find that we have forgotten the exact wording without which they lose their effectiveness Here the poet remembers well One can hear as one reads and the rural speech has been whittled so that not a syllable is wasted The condensed nature of Sayings and Doings is mirrored in the Asian influence of An Eastward Look which includes haiku the journal like sequence A Long Journey and a Small Notebook and the masterful Chinese Painting Poems For those familiar with many other collections of Berry's poems this volume will acquaint them with other facets of his work until now too little known **Sayings & Doings ; And, An Eastward Look**

Wendell Berry, 1990 **Conversations with Wendell Berry** Wendell Berry, 2007 Whether we know it or not whether we want to be or not we are members of one another Since 1960 Wendell Berry b 1934 has produced one of the most substantial and consistently thematic bodies of work of any modern American writer In more than fifty books in various genres novels short stories poems and essays he has celebrated a life lived in close communion with neighbors and the earth and has addressed many of our most urgent cultural maladies His collections of essays urge us to think and act responsibly as members of a community both human and natural Volumes of his poems seek to wed us to nature and realign our vision with its mysteries His growing Port William cycle of novels offers us a fictional model for understanding for compassion and for living in constant regard for others Conversations with Wendell Berry gathers for the first time interviews with the writer ranging from 1973 to 2006 including one never before published For readers acquainted with Berry's work this volume offers insights available nowhere else It reveals succinctly the main currents of his life's work What emerges is a citizen writer profoundly affected by cultural crises at home and in the world Morris Allen Grubbs directs the Preparing Future Faculty Program in the graduate school at University of Kentucky where he was a student of Berry's He is editor of Home and Beyond An Anthology of Kentucky Short Stories Photograph Wendell Berry by Pam Spaulding courtesy CJF

**International Who's Who in Poetry 2005** Europa Publications, 2004 Provides up to date profiles on the careers of leading and emerging poets **Wendell Berry** Jason Peters, 2010-06-11 A portrait of one of America's most profound and honest thinkers this book combines biographical sketches personal accounts literary criticism and social commentary to illuminate Berry as he is a complex man of place and community with a depth of domestic intellectual filial and fraternal attributes **The Mother of All Arts** Gene Logsdon, 2007-07-20 When Gene Logsdon realized that he experienced the same creative joy from farming as he did from writing he suspected that agriculture itself was a form of art Thus began his search for the origins of the artistic impulse in the agrarian lifestyle The Mother of All Arts is the culmination of Logsdon's journey

his account of friendships with farmers and artists driven by the urge to create He chronicles his long relationship with Wendell Berry and discovers the playful humor of several new agrarian writers He reveals insights gleaned from conversations with Andrew Wyeth and his family of artists Through his association with musicians such as Willie Nelson and his involvement with Farm Aid Logsdon learns how music blues jazz country and even rock n roll is also rooted in agriculture Logsdon sheds new light on the work of rural painters writers and musicians and suggests that their art could be created only by those who work intimately with the land Unlike the gritty realism or abstract expressionism often favored by contemporary critics agrarian art evokes familiar feelings of community and comfort Most important Logsdon convincingly demonstrates that diminishing the connection between art and nature lessens the social and aesthetic value of both The Mother of All Arts explores these cultural connections and traces the development of a new agrarian culture that Logsdon believes will eventually replace the model brought about by the industrial revolution Humorous and introspective the book is neither conventional cultural criticism nor traditional art criticism It is a unique lively meditation on the nature and purpose of art and on the life well lived by one of the truly original voices of rural America The Unforeseen Self in the Works of Wendell Berry Janet Goodrich, 2001 In this fresh approach to Wendell Berry's entire literary canon Janet Goodrich argues that Berry writes primarily as an autobiographer and as such belongs to the tradition of autobiography Goodrich maintains that whether Berry is writing poetry fiction or prose he is imagining and re-imagining his own life from multiple perspectives temporal as well as imaginative **Conversations with Kentucky Writers** Linda Elisabeth LaPinta, 2021-11-21 Kentucky and Kentuckians are full of stories which may be why so many present day writers have Kentucky roots Whether they left and returned like Wendell Berry and Bobbie Ann Mason or adopted Kentucky as home like James Still and Jim Wayne Miller or grew up and left for good like Michael Dorris and Barbara Kingsolver they have one connection Kentucky has influenced their writing and their lives L Elisabeth Beattie explores this influence in twenty intimate interviews Conversations with Kentucky Writers was more than three years in the making as Beattie traveled across the state and beyond to capture oral histories on tape Her exhaustive knowledge of these authors helped her draw out personal revelations about their work their lives and the nature of writing When Still concludes his interview with I believe I've told you more than anybody he could be speaking for any of Beattie's subjects Aspiring writers will learn that Mason submitted twenty stories to the New Yorker before one was accepted and that Still wrote articles for Sunday school magazines There's plenty of advice Dorris tells budding authors to get real jobs keep journals and read everything even cereal boxes and Marsha Norman reminds playwrights that it is not the business of the theater to provide writers with a living Kingsolver advises Read good stuff and write bad stuff until eventually what you're writing begins to approximate what you're reading Beattie's collection includes striking self-portraits of such writers as Sue Grafton Leon Driskell James Baker Hall Fenton Johnson George Ella Lyon Taylor McCafferty Ed McClanahan Sena Naslund Chris Offutt Lee Pennington and Betty Layman Receveur What most distinguishes

these moving conversations from other author interviews is their focus on creativity on the teaching of writing and on the authors strong sense of place As Wade Hall writes in his foreword all twenty writers recognize that their works have been significantly influenced by their Kentucky experience This collection offers insights into Kentucky s rich and flowering literary heritage     Wendell Berry Russell G. Freedman,1998     **Preaching in Place** Mark R. Rigg,2022-06-29 Why is preaching so often bad Why is worship so often dull Why do Sunday mornings so often fail to help the folks in the pews live a faithful life from week to week And what can be done about it Many will tell us that there are easy and purchasable fixes More technology Less tradition Virtual worship Thinking big The land and the farm model for us a different path As Mark Rigg shows in this concise introduction to Wendell Berry the themes that have illuminated the Kentucky farmer s essays fiction and poetry for fifty years have a great deal to say to the church They offer an agrarian model of church where the focus is on the local the tangible and the communal Out of such a model emerges a new approach to preaching Both congregation members and preachers themselves will find themselves called to turn away from sermons that echo the promises of an individualistic consumer culture and to proclaim instead Jesus Christ in the midst of the local community
