Scandal Of The West Domestic Violence On The Frontier:

Scandal of the West Ruth E. Mather, 1998 A collection of accounts culled from newspapers diaries court records and other sources which document the prevalence of wife and child abuse on the Western Frontier *Homesteads Ungovernable* Mark M. Carroll, 2001-01-01 This is a delightful book It makes an important contribution to historical scholarship on Texas and the Southwest race relations and several discrete subjects within family law in particular marriage and the rights and duties of partners outside of marriage Elvia R Arriola Visiting Professor of Law De Paul University When he settled in Mexican Texas in 1832 and began courting Anna Raguet Sam Houston had been separated from his Tennessee wife Eliza Allen for three years while having already married and divorced his Cherokee wife Tiana and at least two other Indian wives during the interval Houston s political enemies derided these marital irregularities but in fact Houston s legal and extralegal marriages hardly set him apart from many other Texas men at a time when illicit and unstable unions were common in the yet to be formed Lone Star State In this book Mark Carroll draws on legal and social history to trace the evolution of sexual family and racial caste relations in the most turbulent polity on the southern frontier during the antebellum period 1823 1860 He finds that the marriages of settlers in Texas were typically born of economic necessity and that with few white women available Anglo men frequently partnered with Native American Tejano and black women While identifying a multicultural array of gender roles that combined with law and frontier disorder to destabilize the marriages of homesteaders he also reveals how harsh living conditions land policies and property rules prompted settling spouses to cooperate for survival and mutual economic gain Of equal importance he reveals how evolving Texas law reinforced the substantial autonomy of Anglowomen and provided them material rewards even as it ensured that cross racial sexual relationships and their reproductive consequences comported with slavery and a regime that dispossessed and subordinated free blacks Native Americans and Tejanos **The Goddess of War** Dennis McCown, 2013-02-15 John Wesley Hardin is the most famous gunfighter of the American Wild West The subject of conversations from the Mexican border to the rowdy saloons of Kansas he was the greatest celebrity of the age He wrote an autobiography but he only told what he wanted known and few have researched beyond that Today Hardin is an enigma Part of the mystery is his disastrous relationship with Helen Beulah Mrose yet she has not been researched at all Until now Helen Beulah s story is the final piece of the vast jigsaw of Hardin s life and legend Author Dennis McCown has delved into the mystery of Helen Beulah Researching from Florida to California and north to faraway Alaska McCown has uncovered one of the great tragedies of the Wild West He developed this into the story of those around John Wesley Hardin In the end this is a woman s story not a gunfighter s and it s also four biographies Hardin s story is told but so is Helen Mrose s Martin Mrose and Laura Jennings are little known today but their lives are integral to the mystery Written for a general audience the story includes footnotes for those interested in knowing more footnotes historian Leon Metz called the best I ve ever seen DENNIS McCOWN was born and raised in Wyoming and is

proud of his cowboy heritage Though he has traveled widely he always comes back to his roots After hearing references to Helen Beulah Mrose McCown spent sixteen years researching her story A member of the Wild West History Association WWHHA McCown is a former member of the National Outlaw Lawman Association NOLA and the Western Outlaw Lawman Association WOLA which merged to form the WWHHA McCown is also a member of SASS the Single Action Shooting Society Today McCown is a college instructor in Texas

Beaten Down David Peterson del Mar,2011-10-01 Selected by Choice as an Outstanding Academic Title for 2003 The word violence conjures up images of terrorism bombings and lynchings Beaten Down is concerned with more prosaic acts of physical force a husband slapping his wife a parent taking a birch branch to a child a pair of drunken friends squaring off to establish who was the better man David Peterson del Mar accounts for the social relations of power that lie behind this intimate form of violence this white noise that has always been with us humming quietly between more explosive acts of violence Broad in its chronological and cultural sweep Beaten Down examines interpersonal violence in Washington Oregon and British Columbia beginning with Native American cultures before colonization and continuing into the mid twentieth century It contrasts the disparate ways of practicing and punishing interpersonal violence on each side of the U S Canadian border Del Mar concludes that we cannot comprehend the causes and moral consequences of a violent act without considering larger social relations of power whether between colonizers and original inhabitants between spouses between parents and children or between and among different ethnic groups The author has drawn on a vast array of vivid sources including newspaper accounts autobiographies novels oral histories historical and ethnographic publications and hundreds of detailed court cases to account for not only the relative frequency of different forms of violence but also the shifting definitions and perceptions of what constitutes violence This is a thoughtful and probing account of how and why people have hit each other and the manner in which opinion makers and ordinary citizens have censured defended or celebrated such acts Del Mar s conclusions have important implications for an understanding of violence and perceptions of violence in contemporary society

A biographical dictionary of notable living women in the United States of America *Scandal of Colonial Rule* James
Epstein, 2012-03-22 In 1806 General Thomas Picton Britain's first governor of Trinidad was brought to trial for the torture of
a free mulatto named Louisa Calderon and for overseeing a regime of terror over the island's slave population James Epstein
offers a fascinating account of the unfolding of this colonial drama He shows the ways in which the trial and its investigation
brought empire home and exposed the disjuncture between a national self image of humane governance and the brutal
realities of colonial rule He uses the trial to open up a range of issues including colonial violence and norms of justice the
status of the British subject imperial careering visions of development after slavery slave conspiracy and the colonial archive
He reveals how Britain's imperial regime became more authoritarian hierarchical and militarised but also how unease about
abuses of power and of the rights of colonial subjects began to grow
