**Silence and Subject in Modern Literature** U. Olsson, 2013-10-10 Why does interrogation silence its object and not make it speak Silence vs speech is a central issue in classical and modern literary works This book studies literary representations of the power relations in which we are forced to speak using a range of texts ranging from the modern crime novel via classics to avant garde plays

**Adapting Nathaniel Hawthorne to the Screen** Laurence Raw, 2008 Raw explains how some filmmakers have tackled the difficulty of Hawthorne's material by treating it as being firmly situated in American life of the mid nineteenth century while others have used Hawthorne's work to comment on various aspects of twentieth century American life This latter device is particularly evident in the many versions of The Scarlet Letter including a 1950 television broadcast that aired two months after senator Joseph McCarthy's speech about card carrying members of the Communist Party and 1960s and early 70s versions supporting countercultural values

**American Madonna** John Gatta, 1997-11-27 This book explores a notable if unlikely undercurrent of interest in Mary as mythical Madonna that has persisted in American life and letters from fairly early in the nineteenth century into the later twentieth This imaginative involvement with the Divine Woman verging at times on devotional homage is especially intriguing as manifested in the Protestant writers who are the focus of this study Nathaniel Hawthorne Margaret Fuller Harriet Beecher Stowe Harold Frederic Henry Adams and T S Eliot John Gatta argues that flirtation with the Marian cultus offered Protestant writers symbolic compensation for what might be culturally diagnosed as a deficiency of psychic femininity or anima in America He argues that the literary configurations of the mythical Madonna express a subsurface cultural resistance to the prevailing rationalism and pragmatism of the American mind in an age of entrepreneurial conquest

*Ciphers in the Sand* Larry Joseph Kreitzer, Deborah Rooke, 2000-08-01 This is a volume of cross disciplinary essays focused on the enigmatic story of the woman taken in adultery John 7 53 8 11 Explorations of the background history and interpretation of the passage are offered including investigations of the adulterous woman motif in Old Testament New Testament rabbinic patristic and mediaeval writings There are also treatments of the motif as it appears in other cultural expressions such as Nathaniel Hawthorne s *Scarlet Letter* and assessments of the theme s significance for contemporary theologies in particular for feminist and pastoral approaches The contributors represent a wide range of professional and ecclesiological backgrounds

*Cultural Secrets as Narrative Form* Margaret K. Reid, 2004 Cultural Secrets as Narrative Form Storytelling in Nineteenth Century America examines the interplay between the familiar and the forgotten in tales of America s first century as a nation By studying both the common concerns and the rising tensions between the known and the unknown the told and the untold this book offers readers new insight into the making of a nation through stories Here identity is built not so much through the winnowing competition of perspectives as through the cumulative layering of stories derived from sources as diverse as rumors circulating in early patriot newspapers and the highest achievements of aesthetic culture And yet this is not a source study the interaction of texts is reciprocal and the texts studied are not simply complementary but often jarring in their interrelations The result is a new model of just how some of America s central episodes of self definition the Puritan legacy the Revolutionary War and the Western frontier have achieved near mythic force in the national imagination The most powerful myths of national identity this author argues are not those that erase historical facts but those able to transform such facts into their own deep resources Book jacket

*Heart of Darkness* Joseph Conrad, 2011-03 This volume presents the text of the 1921 Heinemann edition of Conrad s classic short novel along with documents that place the work in historical context and critical essays that read *Heart of Darkness* from several contemporary critical perspectives The text and essays are complemented by biographical and critical introductions bibliographies and a glossary of critical and theoretical terms In this third edition the section of cultural documents and illustrations is entirely new as are two recent exemplary critical essays by Gabrielle McIntire and Tony C Brown that synthesize a variety of current critical approaches

*Philip Roth and World Literature: Transatlantic Perspectives and Uneasy Passages* Velichka D. Ivanova, 2014-03-18 A book like this is long overdue because not many are aware of the numerous intersections between Philip Roth s fiction and world literature In highlighting these intersections and uneasy passages this comparative approach offers an important contribution to Philip Roth studies as well as to comparative literary study in general The fourteen chapters on this book summon Roth s intertextual links to authors ranging from the anonymous writer of the medieval play *Everyman* through Thoreau Hawthorne Crane Ellison Coover and the New York intellectuals in the United States to Swift Chekhov Svevo Kafka

Schulz Gombrowicz Camus and Kluge in Europe and on to Coetzee in South Africa The book does not deal with all the works in Roth's canon but it offers a selection of works representing the different stages of Roth's development as a writer By offering new readings of both well studied and lesser studied works sometimes in unexpected company the book discloses the critical difference that comparative scholarship can affect The uneasy passages the book opens will not exhaust the numerous intersections between Roth and the work of other writers The book's contribution is to place Roth's fiction firmly in a larger transnational context Far from insular Roth's work appears as deeply rooted in the American canon while at the same time showing a remarkable openness a persistent need for contact with his European forebears and true engagement with contemporary world literature The transnational perspective of the book makes it important for the rapidly growing field of transatlantic and transnational American studies The book will be value to collections in American literature and Jewish studies comparative literature and criticism and transatlantic and transnational American studies

**The Disobedient Writer** Nancy A. Walker, 1995 For centuries women who aspired to write had to enter a largely male literary tradition that offered few if any literary forms in which to express their perspectives on lived experience Since the nineteenth century however women writers and readers have been producing disobedient counter narratives that while clearly making reference to the original texts overturn their basic assumptions This book looks at both canonical and non canonical works over a variety of fiction and nonfiction genres that offer counter readings of familiar Western narratives Nancy Walker begins by probing women's revisions of two narrative traditions pervasive in Western culture the biblical story of Adam and Eve and the traditional fairy tales that have served as paradigms of women's behavior and expectations She goes on to examine the works of a wide range of writers from contemporaries Marilynne Robinson Ursula Le Guin Anne Sexton Fay Weldon Angela Carter and Margaret Atwood to precursors Caroline Kirkland Fanny Fern Mary De Morgan Mary Louisa Molesworth Edith Nesbit and Evelyn Sharp
