Start of a Delightful New Series from Historical Romance Author Jen Turano Miss Permilia Griswold may have been given the opportunity of a debut into New York high society but no one warned her she wasn't guaranteed to take. After spending the last six years banished to the wallflower section of the ballroom she's finally putting her status on the fringes of society to good use by penning anonymous society gossip columns under the pseudonym Miss Quill. Mr Asher Rutherford has managed to maintain his status as a reputable gentleman of society despite opening his own department store. While pretending it's simply a lark to fill his time he has quite legitimate reasons for needing to make his store the most successful in the country. When Permilia overhears a threat against the estimable Mr Rutherford she's determined to find and warn the man. Disgruntled at a first meeting that goes quite poorly and results in Asher not believing her she decides to take matters into her own hands never realizing she'll end up at risk as well. As Asher and Permilia are forced to work together and spend time away from the spotlight of society perhaps there's more going on behind the scenes than they ever could have anticipated.

*The Christian's Spiritual Song Book ... Third Edition, Enlarged* John S. STAMP,1845      **A Companion to Literary Biography** Richard Bradford,2018-09-12  
An authoritative review of literary biography covering the seventeenth century to the twentieth century. A Companion to Literary Biography offers a comprehensive account of literary biography spanning the history of the genre across three centuries. The editor, an esteemed literary biographer and noted expert in the field, has encouraged contributors to explore the theoretical and methodological questions raised by the writing of biographies of writers. The text examines how biographers have dealt with the lives of classic authors from Chaucer to contemporary figures such as Kingsley Amis. The Companion brings a new perspective on how literary biography enables the reader to deal with the relationship between the writer and their work. Literary biography is the most popular form of writing about writing yet it has been largely neglected in the academic community. This volume bridges the gap between literary biography as a popular genre and its relevance for the academic study of literature. This important work allows the author of a biography to be treated as part of the process of interpretation and investigates biographical reading as an important aspect of criticism. Examines the birth of literary biography at the close of the seventeenth century and considers its expansion through the eighteenth, nineteenth, and twentieth centuries. Addresses the status and writing of literary biography from numerous perspectives and with regard to various sources, methodologies, and theories. Reviews the ways in which literary biography has played a role in our perception of writers in the mainstream of the English canon from Chaucer to the present day. Written for students at the undergraduate level through postgraduate and doctoral levels as well as academics. A Companion to Literary Biography illustrates and accounts for the importance of the literary biography as a vital element of criticism and as an index to our perception of literary history.      **A primer [-alternate third book] of vocal music** Eleanor Smith,1903
