Pregnancy in Literature and Film Parley Ann Boswell, 2014-03-13 This exploration of the ways in which pregnancy affects narrative begins with two canonical American texts: Nathaniel Hawthorne's *The Scarlet Letter* 1848 and Harriet Jacobs's *Incidents in the Life of a Slave Girl* 1861. Relying on such diverse works as *Frankenstein*, *Peyton Place*, *Beloved*, and *I Love Lucy*, the book chronicles how pregnancy evolves from a conventional plot device into a mature narrative form. Especially in the 20th and 21st centuries, the pregnancy narrative in fiction and film acts as a lightning rod with the power to electrify all genres of fiction and film, from early melodrama (*Way Down East*) to noir (*Leave Her to Heaven*), from horror (*Rosemary's Baby*) to science fiction and dystopia (*Alien*, *The Handmaid's Tale*), and from iconic (*Lolita*) to independent (*Juno*, *Precious*). Ultimately, the pregnancy narrative in popular film and fiction provides a remarkably clear lens by which we can gauge how popular American film and fiction express our most profound and most private fears, values, and hopes.

MTV and Teen Pregnancy Letizia Guglielmo, 2013-05-30 In 2009, *16 and Pregnant* premiered on MTV, closely followed by the spinoffs *Teen Mom* and *Teen Mom 2*. Because of their controversial portrayals of teenage mothers, the shows have received ongoing media attention. While some argue that the programs could play a factor in reducing the number of teen pregnancies, others claim the shows exploit young women and glamorize their situations. Among these debates, there have been surprisingly few in-depth discourses that discuss the roles such shows have on teenage audiences. In *MTV and Teen Pregnancy: Critical Essays on 16 and Pregnant and Teen Mom*, contributors from a variety of backgrounds and expertise offer potent essays about these programs. Divided into four parts, the book tackles the controversial representations of teen pregnancy from various disciplines. Part I explores gendered social norms and the shows' roles as either educational resources or idealized depictions of teenage motherhood. Part II prompts readers to consider the intersections of race, class, gender, and the social and cultural power structures often glossed over in these programs. Part III focuses on teenage fathers, the portrayal of masculinity, and good vs. bad parents. Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience. This section includes a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads. As the debates about *16 and Pregnant* and *Teen Mom* continue, this collection provides a valuable critical discourse to be used both inside and outside the classroom. Those engaged in courses on gender and women's studies, as well as media studies, social work, and family and childhood development, will find *MTV and Teen Pregnancy* especially insightful, as will those involved in community outreach programs, not to mention teens and young mothers themselves.
