Scenes From Bourgeois Life:

Scenes from Bourgeois Life Nicholas Ridout, 2020-06-22 *Scenes from Bourgeois Life* proposes that theatre spectatorship has made a significant contribution to the historical development of a distinctive bourgeois sensibility characterized by the cultivation of distance In Nicholas Ridout's formulation this distance is produced and maintained at two different scales First is the distance of the colonial relation not just in miles between Jamaica and London but also the social economic and psychological distances involved in that relation The second is the distance of spectatorship not only of the modern theatregoer as consumer but the larger and pervasive disposition to observe comment and sit in judgment which becomes characteristic of the bourgeois relation to the rest of the world This engagingly written study of history class and spectatorship offers compelling proof of why theater matters and demonstrates the importance of examining the question historically

Scenes from a Bourgeois Life Alaric Jacob, 1949 *The Church Quarterly Review* Arthur Cayley Headlam, 1890 **Staging the Artist** Claire Moran, 2017-07-05 Restoring the role of theatrical performance as both subject and trope in the aesthetics of self representation *Staging the Artist* questions how nineteenth century French and Belgian artists self consciously fashioned their identities through their art and writings This emphasis on performance allows for a new understanding of the processes of self fashioning which underlie self representation in word and image Claire Moran offers new interpretations of works by major nineteenth century figures such as Paul Gauguin and Edgar Degas and addresses the neglected topic of the function of theatre in the development of modern visual art Incarnating Baudelaire's metaphor of the artist as an actor ever conscious of his role the artists discussed Courbet Ensor and Van Gogh among others employed theatre as both a thematic source and formal inspiration in their painting writings and social behaviour Moran argues that what renders this visual literary and social performance modern is its self consciousness which in turn serves as a model with which to challenge pictorial convention This book suggests that tracing modern performance and artistic identity to the nineteenth century provides a greater understanding not only of the significance of theatre in the development of modern art but also highlights the self conscious staging inherent to modern artistic identity **Bulletin of the Detroit**

Milestones on the Road to Dystopia Firas Adnan Jabbar Al-Jubouri,2014-03-17 Author of the masterpieces *Animal Farm* and *Nineteen Eighty Four* George Orwell the nom de plume of Eric Arthur Blair experienced explored and explained some of the defining political economic and social traumas of his time predicaments that have and will always be part of Man s infatuation with power and power politics Orwell s experiences of colonial exploitation in Burma extreme poverty in Paris London and the industrial North and the horrors of ideological deceit and betrayal during the Spanish Civil War fashioned his literary persona his political canon and influenced his vision of a future dystopia This book explores Orwell s journey to dystopia using his major texts as milestones and also examines the author as a divided self and as a chronicler of his age on a fateful journey to dystopia Furthermore it investigates his responses to the use of what he calls force and or fraud in the politics of his time seeking a new understanding of the tensions and contradictions that characterise his writing The analyses explain how authoritarian systems and totalitarian regimes manipulate power and employ pretence in order to divide the self and force individuals and society into obedience The book argues that new insight into Orwell s political views is gained by investigating Niccol Machiavelli s *The Prince* where Machiavelli uses the phrase force or fraud to encourage totalitarian tactics in running a State *Milestones on the Road to Dystopia* Interpreting George Orwell s Self Division in an Era of Force and Fraud presents new insights that interpret the close relationship between self division paradox and the use of a pseudonym demonstrating how they help in understanding Orwell s character works and the nature of totalitarian politics Analysing self division both as an Orwellian trait and as a totalitarian strategy and finding a connection with Machiavelli against the milieu of Orwell s development as a writer is an intricate and interrelated topic that has not previously received critical attention either in its individual parts or as an integrated study This book establishes an essential template with which to analyse Orwell s self division apropos his growing fears of totalitarian power politics and offers distinct analytical acumens that allow for an updated understanding of Orwell and of his relevance to political thought and the question of common decency in twenty first century literature and politics *Masters in Art* ,1905 Each number is devoted to one artist

 absolutely refreshing to find a book on Dutch painting that asks readers to begin by simply looking Hollander is faithful to the
 possibility so common in painting so unusual in scholarship that the paintings are elusive evasive unsystematically ambiguous
 Doors ajar windows onto the street paintings within paintings half drawn curtains blank mirrors a man's coat hung on a nail
 those are the engines of interpretation and Hollander tells their history lucidly and entirely persuasively James Elkins author
 of *The Object Stares Back* Hollander offers fresh and compelling readings of key works by Karel van Mander Gerard Dou
