P. Snow and the Struggle of Modernity* John de la Mothe, 2013-09-06 The condition of modernity springs from that tension between science and the humanities that had its roots in the Enlightenment but reached its full flowering with the rise of twentieth century technology It manifests itself most notably in the crisis of individuality that is generated by the nexus of science literature and politics one that challenges each of us to find a way of balancing our personal identities between our public and private selves in an otherwise estranging world This challenge which can only be expressed as the struggle of modernity perhaps finds no better

expression than in C P Snow In his career as novelist scientist and civil servant C P Snow 1905 1980 attempted to bridge the disparate worlds of modern science and the humanities While Snow is often regarded as a late Victorian liberal who has little to say about the modernist period in which he lived and wrote de la Mothe challenges this judgment reassessing Snow s place in twentieth century thought He argues that Snow s life and writings most notably his Strangers and Brothers sequence of novels and his provocative thesis in The Two Cultures and the Scientific Revolution reflect a persistent struggle with the nature of modernity They manifest Snow s belief that science and technology were at the center of modern life

Green, Ever wondered how Ryan Gosling rose to stardom One of Hollywood s newest heartthrobs Ryan Gosling has become somewhat of a mythological figure in the film industry charming women and making men jealous with his rugged good looks and disarming and apathetic personality Although the film star has recently struck box office gold with a string of comedy and action hits the actor has also honed his acting chops through more reserved and awards worthy performances All but Gosling s most hardcore fans forget that the suave actor was once a wide eyed and goofy child star that struggled to find his way in Hollywood before finally bursting onto the mainstream scene in 2004 s dreamy romance film The Notebook For more interesting facts you must read his biography Grab your biography book now      **Billboard** ,1942-12-19 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      **Acting Scenes from the Classics** Brainerd Duffield,1974

The Material Culture of Sex, Procreation, and Marriage in Premodern Europe A. McClanan,K. Encarnación,2016-09-23

This interdisciplinary anthology takes as its starting point the belief that as the material grounds of lived experience material culture provides an avenue of historical access to women s lives extending beyond the reaches of textual evidence Studies here range from utilitarian tools used in Late Roman abortion to sacred magical or ritual objects associated with sex procreation and marriage in the Renaissance Together the essays demonstrate the complex relationship between language

and object and explore the ways in which objects become forms of communication in their own right transmitting both rather specific messages and more generalized social and cultural values      **Library of the World's Best Literature, Ancient and Modern: A-Z** Charles Dudley Warner,1902      **Romantic Autobiography in England** Eugene Stelzig,2016-04-08

Taking into account the popularity and variety of the genre this collaborative volume considers a wide range of English Romantic autobiographical writers and modes including working class autobiography the familiar essay and the staged presence In the wake of Rousseau s Confessions autobiography became an increasingly popular as well as a literary mode of writing By the early nineteenth century this hybrid and metamorphic genre is found everywhere in English letters in prose and poetry by men and women of all classes As such it resists attempts to provide a coherent historical account or establish a neat theoretical paradigm The contributors to Romantic Autobiography in England embrace the challenge focusing not only on major writers such as William Wordsworth De Quincey and Mary Shelley but on more recent additions to the canon such as Mary Robinson Dorothy Wordsworth and Mary Hays There are also essays on the scandalous Memoirs of Mrs Billington and on Joseph Severn s autobiographical scripting of himself as the friend of Keats The result is an exploratory and provisional mapping of the field provocative rather than exhaustive intended to inspire future scholarship and teaching
