Goodman,2021-01-22 The Groundwork to the Ritual Body Postures and the Trance Experience Ritual Body Postures combined with sound and rhythm are door openers to manifold worlds of consciousness The anthropologist Dr Felicitas D Goodman 1914 2005 came to this insight through more than 20 years of research work Nana Nauwald carries on this research for 25 years By combining a quick rhythm with special body postures found in different cultures and ages reaching back up to 40 000 years body and mind are stimulated to a conscious and creative interplay that leads into a heightened alert state of consciousness The experience in the intentional induced state of trance can be a path to gain healthful insights They can also open the doors to the potential of one's own creativity one's own inner wisdom and strength and stimulate self healing processes This workbook and reference book contains 65 Ritual Body Postures with extensive descriptions to take up a posture It also includes pictures of ancient statues from which these postures originate and their historical and cultural background Detailed drawings and photographs of the postures complete the practical instructions   **Ecstatic Trance** Felicitas D. Goodman,Nana Nauwald,2003-10 Ecstatic Trance contains in depth information on 60 ritual body postures and describes them in precise accurate detail with clear illustrations The first complete manual on this subject presented here are age old postures one dates back 32 000 years and was inspired by a cave painting along with newly researched postures published here for the first time Learn these postures and access energize and integrate your creative potential Practicing these postures also leads to new insights into healing inner development and rebirth And combined with appropriate rhythmic stimulation music and dance for example the postures can engender a profound change in consciousness leading the participant to experience altered states of reality including visions and ecstatic trance states The postures themselves do not promote any one belief system or dogma but are elements in an overall shamanic worldview
