Schilderijen Vincent Van Gogh:

Vincent Van Gogh Vincent van Gogh, Colta Feller Ives, 2005 Presents a collection of the drawings of Vincent Van Gogh providing images of his works in charcoal chalk ink graphite and watercolor and including essays the place each drawing in its historical context explaining its significance

Van Gogh and the Art of Living Anton Wessels, 2013-08-09 Vincent van Gogh believed that one had to learn to read just as one had to learn to see and learn to live Van Gogh conveyed a message in his work about the path that he himself followed that was more true to life the path that human beings walk in their turbulent existence the pilgrimage along the various stages of the road of life He does not speak about the meaning of life but about the true art of living It is fascinating to see and read the moving way in which he wrestled with the deep human questions of the whence why and whither of life He did not see himself doing this on his own but acknowledged kindred spirits and allies in preachers preacher poets painters writers and other artists who also attempted to find their own way through life in a similar fashion Van Gogh was aware like no other of his duty and task in life his vocation as human being and artist That means that he was well acquainted with loneliness fear and despair including suicidal tendencies Nevertheless he understood himself as cut out for faith rather than resignation Human beings follow their life's path through storms and dangers on land and on sea where the star of the sea the Virgin Mary helps them and provides light Van Gogh rejected the unhealthy sickly forms of religion electing instead to embrace authentic forms of piety

Drawings and Prints by Vincent Van Gogh in the Collection of the Kröller-Müller Museum Teio Meedendorp, 2007 The prints and drawings of Vincent van Gogh 1853-90 include some of the world's best known most popular and most valuable pieces This volume is a catalog of van Gogh drawings and prints that are currently under the care of the Kröller-Müller Museum located near the village of Otterlo in the Netherlands Catalogued for the first time in 1917 these works have undergone four different editions of the cataloguing process by four different members of the museum staff since World War II alone and always in the company of van Gogh's

more famous paintings Now for the first time the drawings have been studied independently and the information gathered here presents a remarkably clear overview of the present scholarship and art historical research on the authenticity dating provenance and exhibitions of the work Differing in many ways from the last collection catalog of van Gogh s drawings and paintings which was published nearly thirty years ago this volume not only produces new information on the provenance of certain works but frequently comes up with a sharper analysis of the techniques and materials used by the artist as well as new dates for individual drawings Doubts that have arisen about the authenticity of certain juvenilia by van Gogh are here provided with a well reasoned foundation and with the publication of this edition which complements a 2003 catalog of van Gogh s paintings a period of intensive research on van Gogh s works in the collection has been brought to a close culminating in this impeccably researched catalog and its accompanying wealth of full color images **Van Gogh Agenda 2008 -**
