Saint Raymond of Penafort 1175 - 1275

Feast day: January 7
Patron Saint of Lawyers and Canonists

Look then on Jesus, the author and preserver of faith: in complete sinlessness he suffered, and at the hands of those who were his own, and was numbered among the wicked.

As you drink the cup of the Lord Jesus (how glorious it is!), give thanks to the Lord, the giver of all blessings. May the God of love and peace set your hearts at rest and speed you on your journey; may he meanwhile shelter you

from disturbance by others in the hidden recesses of his love, until he brings you at last into that place of complete plenitude where you will repose for ever in the vision of peace, in the security of trust, and in the restful enjoyment of his riches.

- Saint Raymond of Penafort from a letter

The influence of Western redemptive historical scholars on the Korean debate are also analyzed Here is a major and contemporary contribution to reformed historical hermeneutics and homiletics that is relevant for Korean Reformed churches but also for all Reformed churches worldwide

A Goodly Heritage Cornelis Pronk,2019-08-20 In A Goodly Heritage Cornelis Pronk surveys the history of the Secession of 1834 beginning with the events leading up to this important spiritual movement and subsequently following its long journey through the Netherlands and North America until 1892 He then focuses on a small minority that decided to continue as the original Christian Reformed Church considering its growth and how it formulated theological positions in relation to several other Reformed denominations Throughout special attention is given to the doctrines of covenant baptism and the Holy Spirit s ministry in applying salvation This work not only explains the concerns of De Cock and other fathers of the Secession It presses beyond the early years of the reform movement to present a larger picture of the developments of Secession theology and the contributions made by its main representatives

The School of Montaigne in Early Modern Europe Warren

Boutcher, 2017-03-09 This major two volume study offers an interdisciplinary analysis of Montaigne's Essais and their fortunes in early modern Europe and the modern western university Volume one focuses on contexts from within Montaigne s own milieu and on the ways in which his book made him a patron author or instant classic in the eyes of his editor Marie de Gournay and his promoter Justus Lipsius Volume two focuses on the reader writers across Europe who used the Essais to make their own works from corrected editions and translations in print to life writing and personal records in manuscript The two volumes work together to offer a new picture of the book s significance in literary and intellectual history Montaigne s is now usually understood to be the school of late humanism or of Pyrrhonian scepticism This study argues that the school of Montaigne potentially included everyone in early modern Europe with occasion and means to read and write for themselves and for their friends and family unconstrained by an official function or scholastic institution For the Essais were shaped by a battle that had intensified since the Reformation and that would continue through to the pre Enlightenment period It was a battle to regulate the educated individual s judgement in reading and acting upon the two books begueathed by God to man The book of scriptures and the book of nature were becoming more accessible through print and manuscript cultures But at the same time that access was being mediated more intensively by teachers such as clerics and humanists by censors and institutions by learned authors of past and present and by commentaries and glosses upon those authors Montaigne enfranchised the unofficial reader writer with liberties of judgement offered and taken in the specific historical conditions of his era The study draws on new ways of approaching literary history through the history of the book and of reading The Essais are treated as a mobile transnational work that travelled from Bordeaux to Paris and beyond to markets in other countries from England and Switzerland to Italy and the Low Countries Close analysis of editions paratexts translations and annotated copies is informed by a distinct concept of the social context of a text The concept is derived from anthropologist Alfred Gell's notion of the art nexus the specific types of actions and agency relations mediated by works of art understood as indexes that give rise to inferences of particular kinds Throughout the two volumes the focus is on the particular nexus in which a copy an edition an extract is embedded and on the way that nexus might be described by early modern people

Christ Crucified Klaas Schilder, Klass Schilder, 2001-11 These superb works are without equal in modern literature Schilder brings the reader into touch with the spiritual and temporal forces which converged during the Passion Week He is careful to keep Christ central and he blends in a masterful way this culmination of our Lord's earthly life with historical facts and psychological realities Cyril Barber The Minister's Library Schilder was a noted Dutch scholar of the early twentieth century. The three volumes of this work were translated by Henry Zylstra They first appeared in 1937. The three volumes cover three aspects of the suffering and death of the Lord Jesus Christ They are entitled Christ Crucified Christ in His Suffering and Christ On Trial In The Minister's Library Cyril Barber states. Theologically accurate abounds in suggestive insights and provides exegetical illumination for a score of Easter sermons. It is a classic treatment on the passion of Christ It.

deserves a place in every pastor s library The three volumes cover the night of His betrayal to His condemnation it is a learned accurate treatment That says a lot about this unique very important work It is simply indispensable to the understanding and feeling of the power of the passion of Christ To put it into the words of the Apostle Paul all should feel as he did Oh that I might be found in Him to know Him and the power of His resurrection and the fellowship of His sufferings having been conformed to His death if somehow I may attain to a resurrection out of the dead Philippians 3 9 11 Through the guidance and inspiration of God the Holy Spirit Schilder has captured the drama and the pathos of Christ's ordeal and yet also passes on to the reader the triumph and the exultation of Christ as He completes His voluntary submission to the Father s will Sacrifice and offering You did not desire but You prepared a body for Me You did not delight in burnt offering and sacrifices concerning sins Then I said Lo I come in the heading of the Book it was written concerning Me to do Your will O God Psalm 39 6 9 Heb 10 5 7 No child of God is completely mature until he or she has gone to Gethsemane and followed the trail of Christ as He approached the hour when He must endure unspeakable humiliation pain and the suffering of momentary loss of the Father's presence with Him It is no wonder that He sweat blood at the prospect for He was not ignorant of what He must go through in order to provide salvation for His sheep The Good Shepherd lays down His life for the sheep John 10 11 No one will better draw you down to the depths of this drama a scene which only one Person could have endured than Schilder You will not be the same after you have followed Christ through these stirring looks that Schilder gives you you will be a better Christian by far This is a Best Set in Print Schilder was a man of many gifts without any doubt Anyone who has read his writings even some of them will readily acknowledge that he possessed the ability to look at various theological questions in different ways and to express his ideas in sometimes eloquent ways which were often fresh and new 560 pages blue hard cover Christianity, Empire and the Spirit Néstor Medina, 2018-05-29 In Christianity Empire and The Spirit N stor Medina uncovers the cultural processes that play a crucial role in influencing how people understand reality express the Christian faith and think about God He uses decolonial thinking Latina o theology and Pentecostal theology to show how the cultural dimension is a central feature in the biblical text was the force that coopted Christianity from the imperial era of Constantine onwards and undergirded Western European colonialism and the missionary project He engages with Protestant and Catholic articulations on culture and demonstrates how most theologians perpetuate Eurocentric frames for considering the relation between Christianity and the cultural dimension Alternatively he offers a theological proposal that recognizes the Spirit at work in the phenomena of cultures Cassell's Illustrated History of England ,1857

Love and Other Emotions Jason W. Brown,2018-03-08 This book is an account of the psychology of romantic love in the context of a theory of emotions The account develops out of studies in brain psychology and the extension to topics in process philosophy such as the nature of value and belief and the central role of feeling in mental process The approach is subjectivist that is from the internal standpoint and in this respect it differs greatly from the externalist and objectivist trends

in modern cognitive science and empiricist philosophy Love is the ultimate in value so that a theory of love is also a theory of the nature of value and its relation to feeling belief and to drive and desire The role of intention reason and appraisal is critiqued. The relation to other feelings such as jealousy envy anger loss and grief is discussed in terms of a general theory of emotion and the basis in a process account of the mind brain state John Cassell's illustrated history of England.
