

The background of the book cover is a detailed painting of a medieval town square. In the foreground, a large, dense crowd of people in period clothing is gathered. The middle ground shows several multi-story buildings with windows and balconies. In the background, a large, ornate cathedral with multiple towers and spires rises above the town. The overall style is that of a classical or Renaissance painting, with a focus on architectural detail and human activity.

A. West, 2025-02-28 A study of the Christian philosophy of Jacques Maritain 1882-1973 an influential creative and prolific writer He was widely recognized as one of the most prominent Catholic intellectuals during his own lifetime and was widely seen as a spokesman for the Thomistic revival This study aims to present Maritain's thought as a dynamic and coherent philosophy in its own right This is the only book in English to present Maritain's philosophy on the full range of topics upon which he wrote It focusses on Maritain as a twentieth century philosopher rather than an interpreter of Aquinas Accordingly this book presents Maritain's philosophy in its own context Finally this work is also attentive to the religious context of Maritain's philosophy and highlights his overlooked contributions to theology and other areas of philosophy that are informed by his theological commitments e.g. mysticism ecclesiology education and philosophy of history Accordingly The Christian Philosophy of Jacques Maritain aims at providing the reader with a comprehensive presentation of Maritain's thought and a clear vision of his philosophy as a whole      *Yves Congar's Theology of the Holy Spirit* Elizabeth Teresa Groppe, 2004-01-15 The French Dominican theologian Yves Congar is recognized by many as the most important Roman Catholic ecclesiolgist of the 20th century He was the thinker behind some of the major decrees of the Second Vatican council He was also a leader in the ecumenical movement in Europe throughout most of the century Despite his importance there are few books about Congar in English Congar's pneumatology argues Groppe can enrich various ongoing theological discussions including reflection as to whether the church should be hierarchical or a democracy the development of persons in communion as a framework for contemporary theological anthropology and ecclesiology and deliberations about the personhood of the Holy Spirit      Christianity, Democracy, and the American Ideal Jacques Maritain, 2005 Some Americans claim we should exclude Christian values from the public square On the contrary argues philosopher Jacques Maritain good Christians make good citizens They live by gospel values honesty integrity and compassion They obey the law They resist the selfishness that unbelief and materialism breed And they subordinate their own interests to the common good No wonder says Maritain that American democracy which arose from a Christian people has served so well and lasted so long Here Maritain shows that in a society unleavened by religious ideals an enduring democracy can never take root And once a religious people abandons its faith even the greatest democracy must wither and die Untethered from transcendent values democracy becomes little more than a struggle to be won by the most powerful and the ruthless The hour is late Too long have we stood by while politicians promise never to let their religious beliefs infl      *Hebrew Scholasticism in the Fifteenth Century* Mauro Zonta, 2006-02-22 Thus in fifteenth century Italy and Spain there came into being what we may call a Hebrew Scholasticism Jewish authors composed philosophical treatises in which they discussed the same questions and used the

same methods as contemporary Christian Schoolmen These thinkers were not simply influenced by Scholasticism they were real Schoolmen who tried to participate in a different language in the philosophical debate of contemporary Europe A history of Hebrew Scholasticism in the fifteenth century is yet to be written Most of the sources themselves remain unpublished and their contents and relationship to Latin sources have not yet been studied in detail What is needed is to present edit translate and comment on some of the most significant texts of Hebrew Scholasticism so that scholars can attain a more precise idea of its extent and character This book aims to respond to this need      **God and the Atlantic** Thomas Albert

Howard,2011-01-20 Since the eighteenth century Enlightenment the United States and Western Europe s paths to modernity have diverged sharply with respect to religion In short Americans have maintained much friendlier ties with traditional forms of religion than their European counterparts What explains this transatlantic religious divide Accessing the topic though nineteenth and early twentieth century European commentary on the United States Thomas Albert Howard argues that an Atlantic gap in religious matters has deep and complex historical roots and enduringly informs some strands of European disapprobation of the United States While exploring in the first chapters Old World disquiet toward the young republic s religious dynamics the book turns in the final chapters and focuses on more constructive European assessments of the United States Acknowledging the importance of Alexis de Tocqueville for the topic Howard argues that a widespread overreliance on Tocqueville as interpreter of America has had a tendency to overshadow other noteworthy European voices Two underappreciated figures here receive due attention the Protestant Swiss German church historian Philip Schaff and the French Catholic philosopher Jacques Maritain While the transatlantic religious divide has received commentary from journalists and sociologists in recent decades this is the first major work of cultural and intellectual history devoted to the subject      *The Vocation of the Child* Patrick McKinley Brennan,2008-10-07 Rather than discussing their possible vocation

discussions of children tend to center on their rights or duties Does God have intentions for their young lives before they grow up and become real people Distinguished jurist Patrick McKinley Brennan has gathered sixteen authors to approach this idea in various ways from historical to psychological to theological The authors explore throughout whether it is possible for adults to either squander their children s vocations or instead to help discover and embrace them Contributors Marcia Bunge Patrick McKinley Brennan John E Coons Charles Leslie Glenn Heather M Good Vigen Guroian William Harmless Anthony J Kelly Bonnie Miller McLemore Charles J Reid Jr Philip L Reynolds Elmer John Thiessen George Van Grieken Robert K Vischer William J Werpehowski John Witte Jr      **Liberation Theology after the End of History** Daniel Bell,2006-09-07

Daniel Bell assesses the impact of Christian resistance to capitalism in Latin America and the implications of theological debates that have emerged from this He uses postmodern critical theory to investigate capitalism its effect upon human desire and the Church s response to it in a thorough account of the rise failure and future prospects of Latin American liberation theology      **Reassessing the Liberal State** Timothy Fuller,John Hittinger,2001 This collection of essays revisits

Jacques Maritain's book *Man and the State* the University of Chicago Walgreen lectures of 1949 and critically engages its greatest themes and arguments the character of the modern state and its relation to the body politic the state's functions and claims the basis of authority the foundation of human rights and natural law structural pluralism Church and State relations national sovereignty and the prospects for world government The contributors address whether Maritain has successfully accomplished his project of engaging modernity from the perspective of a 20th century disciple of Thomas Aquinas whether his reformulations and revisions of the modern state are philosophically sound and prudent and whether his developments of Aristotle and Aquinas are faithful to the sources Maritain drawing upon the philosophy of Aquinas represents a significant achievement he provides a viable reassessment of the liberal state uniting Thomistic and Aristotelian traditions with the human rights thrust of modern political philosophy In short Maritain reassesses the liberal state in light of ancient and medieval political traditions seeking to find what is true enduring and practical in the modern liberal state while criticizing its excesses and reconceptualizing its philosophical foundations The contributors to this collection find Maritain has achieved much in the accomplishment of this project Some continue this project by applying Maritain's philosophy to contemporary issues Other contributors find it helpful however to compare Maritain to other contemporary political philosophers and to question his use of the philosophy of Aquinas Maritain's political philosophy and *Man and the State* in particular is worth continued study Although his influence was greatest in the 1950s and 1960s and his philosophy has been displaced by new trends his work shows a remarkable resilience and relevance to the issues of the day offering a deeper philosophical foundation and more flexible set of tools for analysis than currently provided Timothy Fuller professor of political science and acting president of Colorado College is the editor of *Leading and Leadership* and *The Voice of Liberal Learning* Michael Oakeshott on Education John P. **Art and Political Thought in Medieval England, C. 1150-1350** Laura Slater (Lecturer in history of art), 2018 An exploration of how power and political society were imagined represented and reflected on in medieval English art Images and imagery played a major role in medieval political thought and culture but their influence has rarely been explored This book provides a full assessment of the subject Starting with an examination of the writings of late twelfth century courtier clerics and their new vision of English political life as a heightened religious drama it argues that visual images were key to the development and expression of medieval English political ideas and arguments It discusses the vivid pictorial metaphors used in contemporary political treatises and highlights their interaction with public decorative schemas in English great churches private

devotional imagery seal iconography illustrations of English history and a range of other visual sources Meanwhile through an exploration of events such as the Thomas Becket conflict the making of Magna Carta the Barons War and the deposition of Edward II it provides new perspectives on the political role of art especially in reshaping basic assumptions and expectations about government and political society in medieval England LAURA SLATER is a Fulford Junior ResearchFellow at Somerville College University of Oxford

*Truth Matters* John G. Trapani, 2004 Drawing upon the richness and breadth of Jacques Maritain's thought the contributors to this volume engage readers with philosophical essays about the search for truth in human life and civic engagement The essays examine a broad range of topics from those that are more properly theoretical such as God science natural law practical reason education and democracy to those that are more practical such as capital punishment eugenics friendship love and art In each essay the author implicitly challenges the claims of relativism and postmodernism specifically the idea that there is no real truth and that what matters is merely the perspective of one's own frame of reference The essays argue instead that theoretical truth claims have practical consequences that truth matters to those who are affected by it In addition to the editor the contributors are Gavin T Colvert John A D Cuddeback Raymond Dennehy Bernard E Doering Desmond J FitzGerald Sarah J Fodor William J Fossati W Matthews Grant James G Hanink Katie Hollenberg Gregory Kerr James P Mesa Peter Pagan Matthew S Pugh James V Schall S J Michael D Torre John R Traffas Cornelia A Tsakiridou Timothy S Valentine S J A Leo White Anne M Wiles and Henk E S Woldring John G Trapani Jr is Professor of Philosophy and Chair of the Humanities Division at Walsh University in North Canton Ohio
