## **School Crime And Juvenile Justice:**

**School Crime and Juvenile Justice** Richard Lawrence, Richard A. Lawrence, 2007 Publisher description **Juvenile Justice** Richard Lawrence, Craig Hemmens, 2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings. The readings will have a policy orientation giving them a real world applied character. The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency. This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field. **Juvenile Justice** Richard Lawrence, Mario Hesse, 2009-09-30 This textbook presents an overview of the major subject areas in juvenile justice with some of the latest research available from books, journal articles, and government documents. It includes special features that engage the reader in thinking critically about the subjects with practical examples of justice in action, laws, policies, and programs in juvenile justice. **Juvenile Crime, Juvenile Justice** Institute of Medicine, National Research Council, Commission on Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Law and Justice, Panel on Juvenile Crime: Prevention, Treatment, and Control, 2001-07-05 Even though youth crime rates have fallen since the mid 1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals, between rehabilitation and get tough pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescents, trends revealed by arrest data, victim reports, and other sources; youth crime within general crime and race and sex disparities. The book explores desistance, the probability that delinquency or criminal activities decrease with age, and evaluates different approaches to predicting future crime rates. Why do young people turn to delinquency? Juvenile Crime Juvenile Justice presents what we know and what we urgently need to find out about contributing factors ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care, school, and community based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book

includes background on the American juvenile court system useful comparisons with the juvenile justice systems of other nations and other important information for assessing this problem      **Juvenile Justice** ,2001      **School Crime and Policing** William L. Turk,2004 This one of a kind book opens by exploring the problem of school crime in America today stating in explicit and understandable terms the exact nature of juvenile and school crime as described in national and state statistics and examines various methods and techniques for solving the problem In short anyone who reads this book will understand the reality of school crime and what to do about it KEY TOPICS Chapter topics provide an overview of school crime in the U S school crime in California and Texas how to prepare for safe schools recommended practices for safe schools the police response to school crime the classroom teacher s and school administrator s perspectives on school violence the appropriate and effective use of security technologies in schools and school based prevention programs that work For public school teachers administrators and staff      **Juvenile Justice and Delinquency** David Springer,Albert Roberts,2011-04-18 Traces the progress toward resolving critical juvenile justice and delinquency issues and to provide cutting edge intervention strategies to effectively rehabilitate juvenile offenders and prevent delinquency The 21 chapters in this book are divided into four sections Part I provides an overview of juvenile delinquency and the juvenile justice system In this section we examine historical political legal and arrest delinquency trends and consider comprehensive community planning as one strategy for improving the juvenile justice system Part II explores early crime prevention strategies effective programs to reduce antisocial behavior and school bullying and the powerful relationship between school performance and juvenile delinquency Part III examines and critiques a range of developmental familial and sociological theories that are commonly used to explain and understand juvenile delinquency Finally in Part IV we examine a range of juvenile justice treatment and policy alternatives including mental health screening and assessment suicide prevention evidence based intervention models police responses and strategies to delinquency drug and mental health courts therapeutic jurisprudence restorative justice female delinquency and community based after care      *A Return to Justice* Ashley Nellis,2015-12-14 Juveniles who commit crimes often find themselves in court systems that do not account for their young age but it wasn t always this way The original aim of a separate juvenile justice system was to treat young offenders as the children they were considering their unique child status and amenability for reform Now after years punishing young offenders as if they were adults slowly the justice system is making changes that would allow the original vision for juvenile justice to finally materialize In its original design the founders focused on treating youth offenders separately from adults and with a different approach The hallmarks of this approach appreciated the fact that youth cannot fully understand the consequences of their actions and are therefore worthy of reduced culpability The original design for youth justice prioritized brief and confidential contact with the juvenile justice system so as to avoid the stigma that would otherwise mar a youth s chances for success upon release Rehabilitation was seen as the priority and efforts to redirect wayward youth were to be implemented when

possible and appropriate The original tenets of the juvenile justice system were slowly dismantled and replaced with a system more like the adult criminal justice system one which takes no account of age In recent years the tide has turned again The number of incarcerated youth has been cut in half nationally In addition juvenile justice practices are increasingly guided by scholarship in adolescent development that confirms important differences between youth and adults And states and localities are choosing to invest in evidence based approaches to juvenile crime prevention and intervention rather than in facilities to lock up errant youth This book assesses the strategies and policies that have produced these important shifts in direction Important contributing factors include the declining incidence of youth committed crime advances in adolescent brain science nationwide budgetary concerns focused advocacy with policymakers and practitioners and successful public education campaigns that address extreme sanctions for youth such as solitary confinement and life sentences without the possibility of parole Yet more needs to be done The U S Supreme Court has recently voiced its unfaltering conclusion that children are different from adults in a series of landmark cases The question now is how to take advantage of the opportunity for juvenile justice reform of the kind that would reorient the juvenile justice system to its original intent both in policy and practice and would return to a system that treats children as children Using case examples throughout Nellis offers a compelling history and shows how we might continue on the road to reform      *Encyclopedia of School Crime and Violence* Laura L. Finley, 2011-09-13 This book provides a thorough compilation of the types specific incidents relevant agencies theories responses and prevention programs relevant to crime and violence in schools and on campuses Encyclopedia of School Crime and Violence is the most comprehensive reference on this deeply unsettling topic ever undertaken No other volume integrates as much information about the many types of crime and violence occurring in schools as well as the variety of responses and prevention efforts aimed at curbing it In a series of alphabetically organized entries Encyclopedia of School Crime and Violence looks at significant cases both at high schools and on college campuses with coverage that includes professional and community responses and theories as to why these events happened Unlike other volumes that focus only on the most sensational events the encyclopedia spans the full spectrum of school crime not just the high profile cases like Columbine and Virginia Tech but the insidious problems of theft bullying cybercrime violence sexual assault and more Coverage includes information on some cases outside the United States as well as entries on the government agencies and other organizations dedicated to analyzing and eradicating school crime and violence      *Juvenile Justice* Richard Lawrence, Mario Hesse, 2009-09-30 A brief yet thorough introduction with an emphasis on real world issues Briefer and less expensive than traditional core textbooks Juvenile Justice The Essentials provides a current thought provoking introduction to juvenile justice juvenile delinquency the challenges of reducing juvenile crime and of providing equal and fair justice for all juvenile offenders Offering a comprehensive yet concise overview of the field s most important concepts and issues authors Richard Lawrence and Mario Hesse include cutting edge research practical examples of juvenile justice in action and up to

date coverage of laws policies and programs in juvenile justice Engaging pedagogical features illustrate true to life cases policies and practices that capture student interest by vividly responding to the So what question of how delinquency theories apply in the real world

**Juvenile Justice: A Social, Historical, and Legal Perspective** Preston Elrod,R. Scott Ryder,2020-02-20 Juvenile Justice A Social Historical and Legal Perspective Fifth Edition guides students in developing a sound and balanced understanding of juvenile justice and the social legal and historical context that shapes juvenile justice practice Throughout the text there are FYIs Myths v Reality Comparative Focus and Interviews that highlight important facts dispel common myths compare practices in the United States with those of other countries and allow readers to hear from present and former juvenile justice practitioners Each chapter also contains critical thinking questions intended to help students examine key issues raised in the chapter and a discussion of important legal issues related to chapter content Every new print copy includes an access code to the Navigate Companion Website that features interactive and informative learning resources to gauge understanding and help students study more effectively [Increasing School Safety Through Juvenile Accountability Programs](#) Scott H. Decker,2000 **Juvenile Justice** ,1999 **Juvenile Crime and Justice** William J. Chambliss,2011-05-03 The authors of the 20 chapters in Juvenile Crime and Justice address various hotly debated topics along three loosely connected themes prevention prosecution and corrections Each author presents arguments both in favor of and opposed to various treatments programs and punishments examining issues such as youth curfews juveniles in adult courts legal representation for juveniles juvenile boot camps group homes out of home placement and more The chapters included cover the leading arguments pertaining to key topics in this field and point out where more research needs to be done which at present includes many of the most controversial issues in juvenile justice policy The Series The five brief issues based books in SAGE Reference s Key Issues in Crime Punishment Series offer examinations of controversial programs practices problems or issues from varied perspectives Volumes correspond to the five central subfields in the Criminal Justice curriculum Crime Criminal Behavior Policing The Courts Corrections and Juvenile Justice Each volume consists of approximately 20 chapters offering succinct pro con examinations and Recommended Readings conclude each chapter highlighting different approaches to or perspectives on the issue at hand As a set these volumes provide perfect reference support for students writing position papers in undergraduate courses spanning the Criminal Justice curriculum Each title is approximately 350 pages in length *The Juvenile Justice System* Dean J. Champion,2003 The Juvenile Justice System Fourth Edition offers an up to date presentation of the juvenile justice system in the United States This book also features Up to date and interesting box materials supplementing text featuring key topics and contemporary themes of different aspects of juvenile justice including school violence drugs and psychologically disturbed youths Interesting personality highlights of practitioners in the field who comment on their experiences with the juvenile justice system Complete discussion of the juvenile justice system from arrest through intake prosecution adjudication and dispositions Complete discussion of the legal

rights of juveniles including all landmark cases Elaborate description of how juvenile offenders are classified and processed including the status offender delinquent distinction and the deinstitutionalization movement Comprehensive discussion of juvenile corrections including community correctional strategies and programs Extensive discussion of police juvenile relations and law enforcement options relating to juvenile offenders Coverage of classification systems for juvenile offenders and the decision making process relating to their placement in community or secure care Discussion of the jail removal initiative and events related to housing juveniles in adult jails and prisons Elaborate discussion of the death penalty as applied to juveniles who commit capital murder Most extensive accurate and up to date description of types of waivers transfers and certification proceedings against juveniles and how these procedures interface with the criminal justice system Extensive explanation and description of contemporary blended sentencing statutes and recent changes concerning how violent juvenile offenders are processed

**Juvenile Justice in the Making** David S. Tanenhaus, 2004-03-04 In his engaging narrative history of the rise and workings of America's first juvenile court David S Tanenhaus explores the fundamental and enduring question of how the law should treat the young Sifting through almost 3 000 previously unexamined Chicago case files from the early twentieth century Tanenhaus reveals how children's advocates slowly built up a separate system for juveniles all the while fighting political and legal battles to legitimate this controversial institution Harkening back to a more hopeful and nuanced age *Juvenile Justice in the Making* provides a valuable historical framework for thinking about youth policy

**Encyclopedia of Juvenile Justice** Marilyn D. McShane, Frank P Williams III, 2002-12-18 The contributors consistently present complex material with a readable style relatively free of technical jargon Accordingly this outstanding reference work is highly recommended for school and public library collections as well as academic libraries and criminal justice collections

**REFERENCE USER SERVICES QUARTERLY** There is no comparable work Useful for anyone doing research in the field of juvenile justice Highly recommended **CHOICE** What makes this work truly usable is its wonderful indexing and exceptional bibliographies If juvenile interaction with the judicial system is a research topic at your school this volume is one of the best sources

**LIBRARY MEDIA CONNECTION** From boot camps to truancy the *Encyclopedia of Juvenile Justice* provides more than 200 up to date concise and readable entries in a single authoritative volume The editors noted authors of several criminal justice books and editors of the award winning *Encyclopedia of Prisons* cover historical and contemporary theories concepts and real world practices of juvenile justice in the United States The entries address a broad range of issues and topics such as alcohol and drug abuse arson the death penalty for juveniles computer and Internet crime gun violence gangs missing children school violence teen pregnancy and delinquency theories In addition topics cover society's response to the problems of juvenile justice punishments meted out to America's juvenile offenders juvenile rehabilitation programs and well known researchers and professionals in the field

**Key Features** More than 200 articles written by a stellar collection of academic theorists and real world practitioners Complete review of the complicated

juvenile legal and court system juvenile punishment rehabilitation efforts and legislation Extensive entries on child and adolescent crimes pathologies and problems Coverage of psychological biological and sociological theories of delinquency as well as historic body type theories Addresses such historical topics as the deinstitutionalization movement the Chicago Area Project and the Provo Experiment Profiles historic theorists and policymakers in juvenile justice Includes a special appendix on print and electronic resources on juvenile justice Comprehensive index including a reader's guide that facilitates browsing and offers easy access to information Recommended Libraries Public academic school law legal special and private corporate

**Delinquency and Juvenile Justice in American Society** Randall G. Shelden, Emily I. Troshynski, 2019-07-16 What is delinquency What are the pathways to offending What prevention strategies exist To understand delinquency we need to overcome stereotypical thinking and implicit biases This engaging affordable text explores the impact of gendered racial and class attitudes on decisions to arrest detain adjudicate and place youths in the juvenile justice system Shelden and Troshynski highlight the social legal and political influences on how the public perceives juveniles They look at the influences of family and schools on delinquency as well as the impact of gender trauma and mental health issues Discussions of topics such as the school to prison pipeline disproportionate minority contact and inequality provide a nuanced perspective on delinquency a critical examination of social policies intended to control delinquency and the populations most likely to enter the juvenile justice system The authors also examine the dramatically declining juvenile crime rate and advances in neuroscience that have fostered substantive reforms These alternatives to confinement are replacing the institutions that have repeatedly produced failure with rehabilitative programs that offer hope for a more promising future Special Education and the Juvenile Justice System Sue Burrell, 2000 **International Handbook of Juvenile Justice** Josine Junger-Tas, Scott H. Decker, 2010-06-28 This comprehensive reference work presents inside information on the Juvenile Justice systems in 19 different countries both in old and new EU member states and in the United States and Canada The book is the result of research conducted by a group of outstanding researchers who are concerned about trends in Juvenile Justice in the last two decades which blur the border between criminal and juvenile justice
