H. Rustad,2017-08-01 Michael is starting at a new school But he s worried about making friends Soon he meets other kids in his class He discovers that some of them like the same books sports and foods that he does Meet the kids in Michael s class and learn how to be a great friend Friends' Quarterly Examiner ,1878 **American College and Private School Directory** ,1916 *Friends' Weekly Intelligencer* ,1927 *Minutes of Indiana Yearly Meeting of Friends* ,1888 **The School Friends: Nothing New** William Henry Giles Kingston,2020-09-28 Lance Loughton and Emery Dulman were brought up together at Elmerston Grammar School They were both in the upper or sixth form but Lance was nearly at the head while Emery was at the bottom of the form They were general favourites though for different causes Lance was decidedly best liked by the masters He was steady persevering and studious besides being generous kind hearted and brave ever ready to defend the weak against the strong while he would never allow a little boy to be bullied by a big one if he could help it Emery had talents but they were more showy than solid He was good natured and full of life and spirits and having plenty of money spent it freely He was however easily led and had

in consequence done many foolish things which got him into trouble though he managed on the whole to maintain a tolerably good character Lance and Emery were on friendly terms and Lance who thought he saw good qualities in his companion would gladly have won his confidence but Emery did not like what he called Lance's lectures and there was very little or no interchange of thought between them Without it real friendship can scarcely be said to exist They were however looked upon as school friends and certainly Lance would at all times have been ready to do a friendly act for Emery Emery was somewhat of a fine gentleman in his way His father was a tradesman in the place and wished his son to assist him in his business but Emery often spoke of entering the army or one of the liberal professions He therefore considered himself equal to those whose fathers held a higher social grade than his own His father's style of life encouraged him in this Mr Dulman had a handsome house and gave dinners and parties and at elections took a leading part and entertained the proposed member and his friends and indeed sometimes talked of entering Parliament himself and altogether did a good deal to excite the envy of his less successful fellow townsmen *American college and public school directory. 1893*, 1893 **Friends'**
