The Musical Milkman Murder - In the idyllic country village used to film Midsomer Murders, it was the real-life murder story that shocked 1920 Britain Quentin Falk, 2012-09-28 On October 8 1920 the body of a young woman named Kate Lilian Bailey aged 22 was discovered It transpired that her husband George Arthur Bailey had poisoned his seven months pregnant wife with prussic acid and with a whiff of the same chloroform he used to ease her final anguish sedated his three year old daughter whom he placed in bed next to the corpse Fourteen hours later he fled the cottage taking his child to relatives in Swindon before being arrested three days after the murder at Reading Station with four kinds of poison in his pockets Police also found a note suggesting that Bailey had intended to kill his little girl as well as himself and his wife So was this simply the botched suicide pact of a devoted couple that had gone tragically out of control All would be revealed at a sensational 1921 trial at Aylesbury Assizes a shabby record of forgery fraud theft false information and army desertion Bailey also known to the police as George Cox and Ronald Gilbert Treherne or Tremayne was also it s said a budding sex criminal and a fantasist of the first order Although curiously he didn t plead insanity at his trial the accused had a history of mental disorder including nervous breakdowns and several suicide attempts At his trial where women would sit on an English murder jury for the first time Bailey denied all the charges The prosecution argued that Bailey murdered his wife in order to be free to seduce innocent local girls and a conviction was swiftly secured after the four day trial Despite an appeal Bailey was hanged three clear Sundays after the jury returned with its verdict George was a milkman and was known as the musical milkman because he could be heard whistling while on his daily rounds

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that

are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
