11:03 AM

The first amendment

- Is this amendment about guaranteeing freedoms, or prohibiting government action against citizens?
 - o Telling the government what they can and can't do
- Is the freedom of speech a protection from professional or personal consequence?
 - o Freedom of speech is not freedom of consequence

What the first amendment guarantees

- You must know what you're doing
- You must select the act for its own sake - in order to "flourish"
- The act has to spring from a firm and unchanging character

Limits on Free Speech: chilling effects on matters of national security

- Sedition (1798)
 - o Deeply contentious
 - o Passed and repealed in times of war
 - o pits our sense of liberty to criticize government against personal and national security
- Clear and present danger (1919)
 - o Hate speech
 - o Fighting words
 - o Incredibly high standard to meet for burden of proof
- Prior restraint (1931, 1971, 1979, and 2015)
 - o Government censorship
 - o Only under certain matters of national security
 - o Over-censorship has even become a subject of debate
 - o Matter of preferred-position balancing (pember)

Limits on free speech: defamation

- A statement that injures someone's reputation
- Standard of proof
 - o Statement must be false and hurt someone's reputation
 - Needs evidence of harm
 - o Must be published or spoken to at least one other person besides the person who subject of the statement
 - What makes slander so impossible to prove

Mass Communication Law In Idaho State Law Ser:

Mass Communication Law in Idaho Rebecca J. Talent, 2017-06-02 Media law in Idaho is sometimes sticky but is often clear cut if one takes the time to look up the law Unfortunately too many people do not have the time nor the understanding of where to turn for the information That is why this book was re written The first book was written in 1986 but the first under this title was published in 1992 by New Forums Press and re issued under another title in 2003 In all cases the intent of the authors was and is to help people understand media law in the state a central location to find out about open meetings shield law advertising law defamation and other media law issues in Idaho **Bowker's Law Books and Serials in Print**, 1995 *Mass Communication Law in Idaho* Roy A. Atwood, 1992 **Departments of Commerce and Justice, Science, and Related Agencies Appropriations Bill, 2007** United States. Congress. Senate. Committee on Appropriations, 2006 *A Directory of Information Resources in the United States*, 1973 Library of Congress Subject Headings Library of Congress, 2011 **Consolidated Appropriations Act, 2008: Divisions A-F** United States. Congress. House. Committee on Appropriations, 2008 **Clearinghouse Review**, 1981 **The Distributed Functions of Emergency Management and Homeland Security** David A. McEntire, 2023-07-19 The Distributed Functions of Emergency Management and Homeland Security outlines the roles and responsibilities of various individuals and agencies involved in homeland security and all aspects of emergency management Each chapter focuses on the practical and applied aspects of a range of public servants in various departments and the organizations that they represent Rather than presenting a theoretical exploration alone the book examines the practical knowledge and hands on skills related to various functions and how their decisions and actions play into the larger framework of safety and security in the public private and nonprofit sectors Every professional has a unique and integral part to play in fulfilling their roles and obligations whether it be in relation to prevention mitigation preparedness response or recovery operations Personnel that frequently come to mind in such scenarios include emergency managers geographers and land use planners EMTs and paramedics fire fighters police officers public health officials nurses public administrators and public information officers And while these individuals are integral to homeland security and emergency management there are other professionals that also perform essential duties that while they aren't first to mind are vital to efforts relating to terrorism and disasters this includes pilots in the aviation sector the military attorneys psychologists and forensic professionals serving in pathology DNA and dentistry roles Chapters provide a holistic rendering of the homeland security and emergency management landscape to present all these various professional capabilities and contributions This includes how current functions are coordinated as well as how future efforts might change relative to a more proactive all hazards and holistic approach As such the book will be a useful resource for students and practitioners to understand the dynamic professions and various disciplines and fields that impact disaster and terrorism preparedness and response capabilities **List of Bureau of Mines Publications and Articles ... with Subject and Author Index** United
