Mattie Lou Okelley Folk Artist:

Mattie Lou O'Kelley Mattie Lou O'Kelley, 1990-12-01 **Mattie Lou O'Kelley**, "Moving" with Mattie Lou O'Kelley
Barbara R. Luck, 1995 Georgia artist Mattie Lou O'Kelley compellingly captured the comfort security companionship and nurturing love provided by close family relationships in her 24 Moving pictures which she created in 1987-1989 to illustrate her children's book *Moving to Town*. The strong recurring autobiographical aspects of these paintings suggest that the facts of the artist's life are integral to her works. O'Kelley's words and pictures tell the tale of a family who abandon their farm for life in the city then return to their country home less than a year later. *Mattie Lou O'Kelley Folk Art Calendar for 1987*
Mattie Lou O'Kelley, 1986 *American Folk Art* Kristin G. Congdon, Kara Kelley Hallmark, 2012-03-19 Folk art is as varied as it is indicative of person and place informed by innovation and grounded in cultural context. The variety and versatility of 300 American folk artists is captured in this collection of informative and thoroughly engaging essays. *American Folk Art: A Regional Reference* offers a collection of fascinating essays on the life and work of 300 individual artists. Some of the men and women profiled in these two volumes are well known while others are important practitioners who have yet to receive the notice they merit. Because many of the artists in both categories have a clear identity with their land and culture, the work is organized by geographical region and includes an essay on each region to help make connections visible. There is also an introductory essay on U.S. folk art as a whole. Those writing about folk art to date tend to view each artist as either traditional or innovative. One of the major contributions of this work is that it demonstrates that folk artists more often exhibit both traits: they are grounded in their cultural context and creative in the way they make work their own. Such insights expand the study of folk art even as they readjust readers' understanding of who folk artists are. **Let it Shine** High Museum of Art, 2001
During 1996 and 1997 T. Marshall Hahn donated a substantial portion of his collection of contemporary folk art to the High Museum of Art in Atlanta. His gift was the first major collection of self-taught art primarily from the South to be given to a general interest American museum. The Hahn Collection comprises more than 140 paintings, works on paper, and sculptures created by more than forty artists and is particularly strong in work by African American self-taught artists. The three essays in this book provide a context for this extraordinary gift. An interview with Hahn by Lynne E. Spriggs, the High's Curator of Folk Art, traces his personal collecting history. An essay by Joanne Cubbs, the High's first curator of folk art, explores conceptual and aesthetic themes common to Southern folk art, and an essay by Lynda Roscoe Hartigan, Chief Curator at the Smithsonian American Art Museum, presents an overview of the developing awareness of and market for Southern folk art. The catalogue section features color reproductions and short essays on eighty-five of the most significant objects in the Collection. **Encyclopedia of American Folk Art** Gerard C. Wertkin, 2004-08-02 For a full list of entries, contributors, and more, visit the Encyclopedia of American Folk Art web site. This is the first comprehensive scholarly study of a most fascinating aspect of American history and culture. Generously illustrated with both black and white and full color photos, this

Much has changed in the world of self taught art since the millennium Many of the recognized masters have died and new artists have emerged Many galleries have closed but few new ones have opened as artists and dealers increasingly sell through websites and social media The growth and popularity of auction houses have altered the relationship between artists and collectors In its third edition this book provides updated information on artists galleries museums auctions organizations and publications for both experienced and aspiring collectors of self taught outsider and folk art Gallery and museum entries are organized geographically and alphabetically by state and city

Everyday Genius Gary Alan Fine, 2006-08-01 From Henry Darger s elaborate paintings of young girls caught in a vicious war to the sacred art of the Reverend Howard Finster the work of outsider artists has achieved unique status in the art world Celebrated for their lack of traditional training and their position on the fringes of society outsider artists nonetheless participate in a traditional network of value status and money After spending years immersed in the world of self taught artists Gary Alan Fine presents *Everyday Genius* one of the most insightful and comprehensive examinations of this network and how it confers artistic value Fine considers the differences among folk art outsider art and self taught art explaining the economics of this distinctive art market and exploring the dimensions of its artistic production and distribution Interviewing dealers collectors curators and critics and venturing into the backwoods and inner city homes of numerous self taught artists Fine describes how authenticity is central to the system in which artists often poor elderly members of a minority group or mentally ill are seen as having an unfettered form of expression highly valued in the art world Respected dealers he shows have a hand in burnishing biographies of the artists and both dealers and collectors trade in identities as much as objects Revealing the inner workings of an elaborate and prestigious world in which money personalities and values affect one another Fine speaks eloquently to both experts and general readers and provides rare access to a world of creative invention both by self taught artists and by those who profit from their work Indispensable for an understanding of this world and its workings Fine s book is not an attack on the Outsider Art phenomenon But it is masterful in its anatomization of some of its contradictions conflicts pressures and absurdities Eric Gibson Washington Times [Folk Songs for Two](#) Jay Althouse, 1998 Includes fresh new settings of All Through the Night Amazing Grace Camptown Races Cindy He s Gone Away Poor Wayfaring
